

# Fake “American” Voters & Election Fraud

*“To argue with a person who has renounced the use of reason is like administering medicine to the dead.”* Thomas Paine

The ~~selections~~ elections last week was simply a replay of past elections in so many ways. Ignorant brainwashed Americans allegedly voted to move the destruction of this republic further down the field. With permission, let me quote a NWV’s guest writer, Alice M. Byrd:

“This is how the Marxists work. They find a soft spot (or spots) in the social fabric and exploit it for their “revolution”. Marxism is nothing more than the “softening up” step in the social destruction of traditional values before Communism is fully embraced and imposed, which is the entire purpose of socialism to begin with.

“The advent of “Mamdani” should not be a surprise to *anyone*. After the history of socialists/communists in our midst since AT LEAST the late 19th and beginning of the 20th centuries, (the SLP was founded in 1876 [De Leon], Debs, Alger Hiss, Marcuse, Gramsci, Wilson and Mandell-House, et al) and the passionate warnings from Whittaker Chambers of their goals, it’s no wonder how this has happened. I mean, if bartenders can turn into extremely popular socialist congressional representatives, I guess anything is possible.

“Communists play the **LONG** game. **I’m not telling you anything you don’t already know.** The problem is what do we do about it? Since the most recent 2 generations that just “voted” for the many enemies within our midst have been indoctrinated with the vilest species of ideologies, how do we “re-educate” them to TRUTH...

“The TRUTH is ugly sometimes. Staggeringly ugly.

“IF it could be understood that the factions of socialists and communists in our midst could be removed constitutionally, by the Smith Act (June 1940) or possibly the Sedition Act (1918), mainly because they advocate the complete overthrow of our Constitutional republican system of governance (which even most of the pols in Congress have no understanding of), we MIGHT have a chance to save our beloved country.

“But then there is the problem of the first amendment and Islam. Lying (taqiyya) is part of their militant construction and is actually obligatory in many circumstances. Federal construction and the constitution cannot violate a person’s right to freedom of religion...or speech, so I’m told.

“Unfortunately, the “religion” of Islam is not a religion at all. It is a formalized and enshrined structure of primitive, militaristic, archaic behaviors and obligations based on a series of hallucinations by “Mohammed” their prophet, and the dictates of his vision of “allah”.

“Their impassioned belief is that Mohammed was visited by the angel Gabriel (Gibreel) and was told “things”. I submit it wasn’t the archangel at all, but a spirit so destructively deceptive, that the pedophilic goat herder’s unevolved mind was fertile ground for the Enemy’s twisted goals of reducing our civilization to rubble.

“In other words, our nation is in the grips of one of the greatest deceptions ever imagined or influenced by the Enemy of God. I remember back to what the devil said to

Christ while He was in the wilderness (Luke 4:5-8 KJV):

"And the devil, taking him up into an high mountain, shewed unto him ***all the kingdoms of the world*** in a moment of time.

"And the devil said unto him, ***All this power will I give thee***, and the glory of them: for that is delivered unto me; ***and to whomsoever I will I give it.***

***"If thou therefore wilt worship me, all shall be thine.***

"And Jesus answered and said unto him, Get thee behind me, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve.

"I didn't hear the name of allah anywhere in that statement. Enuf said."

[Go watch this minute or two on X](#). He sums up the game plan of the Islamic Political Party masquerading as a religion. Few have outlined it better and it's destroying developed countries and cities as they are now going high speed to get the 'crown jewel' – the USA – under their world caliphate and anyone who denies this is either stupid, afraid, uninformed or too damn lazy to pay attention to what's going on outside their world of jabbering on phones and other distractions.

In 2006, Melanie Phillips wrote a masterful, accurate and prophetic book titled *Londonistan*. She warned back then what was going to happen and it came to pass in 2016 when the useful fools over there allegedly elected Sadiq Khan mayor (a Pakistani family). Steve Emerson, executive director of the Investigative Project on Terrorism and Author *American Jihad: The Terrorists Living Among Us*, said this about Melanie's book:

*"Londonistan is one of the most compelling books you will ever read on the ascendancy of Islamic fundamentalism, violence and intimidation in the West."*

Since then, London has become nothing more than a conquered city and their poison has been spreading ever since. [WWII Vet](#)

(There are no Muslims in Hungary. Orban has seen the destruction and violence spread to other countries in Europe and he firmly believes Hungary has the right to protect their borders and people. He doesn't want to see his country turned into another Muslim sh\*t hole by "migrants" who use force and violence everywhere they go.)

How shameful voters (natural born or naturalized legally) in last week's "election" process voted for the alleged winners in NJ, VA and of course, NYC. They are NOT Americans for true patriotic Americans do not vote for candidates who support destroying our LEGAL form of government, a constitutional republic (not a democracy, mob rule).

**Rivers of blood ran deep to give us our freedoms and the greatest country ever birthed on this planet and those fake Americans voted last week to destroy what God gave us. The blood of so many of our military to protect US – those fake Americans spit in their faces from the Revolutionary war to today.**

Why? Are they all stupid? Many are but *most are the product of the government's indoctrination centers they call public schools for the past 30 or so years and college graduates.* The so-called "mainstream media" whores worked hand in hand with freedom haters on cable networks like MSNBC and social media to reinforce the propaganda shoved down the throats of

America's innocent children. Gimmee, gimmee, gimmie and let someone else pay for my lifestyle. Embrace socialism! Capitalism doesn't work!

I warned about the Democrat Socialists of America membership who served in CON-gress back in 1998 in one of my booklets. How many of those who voted to elect members of the Democrat Communist Party USA actually knew anything about those candidates?

[WATCH: 'Moderate' Muslim democratic socialist Mamdani reveals 'venom' as his fans openly call for Shariah law in New York](#), Nov. 5, 2025: "However, the analysis pointed out how Mamdani actually was "downright sinister" in victory, "glorying not just in his achievement but in having laid low his vanquished enemies and stuck it to others besides. He took off his smiling campaign mask and revealed his venomous self." Go to the link to see several X inserts and you'll see the truth. **It should scare the hell of out of real Americans.**

Comrade Mamdani is no longer hiding his allegiance and it isn't to these united States of America: [Crowd Chants 'ALLAHU AKBAR' as NYC Mayor-Elect Zohran Mamdani Speaks in Mosque](#), Nov. 8, 2025 // Video: [Watch Zohran Mamdani's Intern Explain That Electing Him Is Part Of A Jihad & Holy War](#) – ("Islam will come into every house." And yet, people in so many states elected Muslims to various offices of power – including judges a couple of years ago.)

[WARNING: 42 Muslim Candidates Have Seized Control of U.S. Elections – CAIR's Political Army Has Arrived](#), Nov. 9, 2025: "In the span of one election, CAIR's decades-long blueprint for political domination has come to life – forty-two Muslim candidates, backed by a Hamas-linked network, have seized key offices across America, proving that the Muslim Brotherhood's plan to infiltrate from mosque to city hall is no longer a warning, but a reality."

Women slobbering all over themselves: Let's start Sharia Law tomorrow! they belch in a short video embedded at the link above. Comrade Mamdani is a *rich* stinking communist. RIP Virginia, home of some of our best most brave, wise men who founded this constitutional republic and fought in the Revolutionary War: [Virginia voters chose Abigail Spanberger for governor. They chose poorly](#), Nov. 4, 2025: "I'd say that condemning violence is a low bar for a person running for governor – but you do you, Virginia.

"Spanberger wants to turn Virginia, a state I loved living in for 10 years, into a sanctuary state. While speaking at the University of Virginia Center for Politics on Sept. 16, she said she would stop cooperating with Immigration and Customs Enforcement, or ICE." Guarantee a real forensic audit of the vote would show the truth.

Once again, dirty elections. BREAKING – [Conservatives are now pointing to inconsistencies in the New Jersey gubernatorial race after nearly 500,000 new voters appeared from 2021 to 2025](#), more than double the state's population growth over four years, with almost all of them going to Democrats." Go look at the chart. Jack Ciattarelli [R] was cheated again, believe me. He should have won in NJ instead of the alleged winner, Comrade Miki Sherrill [Democrat Communist Party USA.] [In 2024, 35,554 NJ Citizens Left for Other States; Since 2020, 192,209 Have Left](#), April 22, 2025

[On the issues](#) for Comrade Sherrill: Claims to be Catholic but supports killing an unborn human being and YOU pay for abortions; protect sexual **preference** (as AOC would say, the queer community), supports queer marriage, supports the massive hoax called climate change to keep fleecing your wallet, supports gun control and the list goes on. Ciattarelli should have immediately filed to stop certification and then conduct a REAL forensic audit of the vote. (You can look up any of the candidates in depth at [Ontheissues.org](#))

Sadly, Vivek! Ramaswamy somehow became the [GOP's choice for governor of Ohio](#). Ever wonder how Vivek! became a billionaire? He didn't bother to vote for presidential candidates in 2008, 2012 and 2016. He ran for president but dropped out in January and then sucked up to the Trump clan. No one wanted him in any primaries or caucuses; 4.7% isn't going to get you elected. **Vivek! is ineligible to run for president.** He is a "citizen" using the "birthright citizenship" aka anchor baby myth. He wants the anchor baby scam ended. Gee, what timing on his part. I thought Dr. Oz was a huge mistake to run in PA, but Vivek! – I wouldn't trust him with my beloved dogs.

[Vivek Ramaswamy Is a Fraud—and Always Has Been](#): "While Ramaswamy vocally opposes ESG principles, Roivant's major institutional investors—including Morgan Stanley, Viking Global, and BlackRock, the very firms he criticizes by name—are among its largest stakeholders, owning over [500](#) million shares. Ramaswamy himself holds more than 80 million shares, making him an essential partner of these major ESG funds.

"In a deeply ironic twist, Ramaswamy's anti-“woke” campaign is being bankrolled by the profits reaped from the very policies he denounces.”

[DOGE's First Firing: Vivek Ramaswamy](#), Jan. 21, 2025: "Vivek

And for my opponent, Abigail Spanberger, to not tell her attorney general nominee Jay Jones, to get out of the race because he said two bullets to the head of his political opponents and also kill the man’s 2-year-old and 5-year-old children, this cannot be what we are about [in Virginia](#).”

[NYC Cop: New York Has Fallen](#) – New York City Cop, [King Millennial](#) says people were paid to vote and [bragged](#) about it on social media. (Short clips. “Voter” brags he gets to vote 6 times for Conrade Mamdani.)

I’ve been on election/vote fraud since **1993**. What we saw last Tuesday in several states stinks like a skunk.

[Vote Fraud Convention](#): “Author and former GOP Congressional candidate Devvy Kidd “blew” the audience away by showing sheet after sheet of astounding documentation that the final results of many elections, and the precinct results within many elections, from area to area and year to year – are the same percentage spreads, i.e., so many elections supposedly ended 84% to 16%; or 61% to 39%, or 73% to 27%, primary after primary and election after election. It looks like the

computer programmers were too lazy to make even minor adjustments in pre-fabricated computer programs – kind of a high-tech version of “one size fits all.”

(I spoke at that convention in Cincinnati: [Vote Fraud Conference/Audit the Vote](#), August 30, 2000 (Additional information; some of the links might be dead by now.) Of course, I have written too many columns on vote fraud to count but this one from 2004 might be of interest: [Vote Fraud: What They Aren't Telling You](#): “The real menace of our Republic is this invisible government which like a giant octopus sprawls its slimy length over city, state and nation. Like the octopus of real life, it operates under cover of a self-created screen.

“At the head of this octopus are the Rockefeller Standard Oil interests and a small group of powerful banking houses generally referred to as international bankers. The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control both political parties.” NY Mayor John F. Hylan, 1922

The solution to stopping election fraud is being blocked by the Democrat Communist Party USA in the U.S. Senate using Obamacare and [funding illegals to get Medicaid](#) as their excuse while you can barely pay your own medical premiums or care. Keep the shut- down going.

You could go on and on. **This is two pages of things we’d do if you did that. Without it, I don’t know that you passed anything because you can’t deal**

**with them. They're really irrational. They really are."**  
[Senator Ron Johnson Backs President Trump to Get Rid of Filibuster While Exposing Democrats' Hypocrisy \(VIDEO\)](#)

(Don't count on it, Mr. President. RINO's galore like Thune, Murkowski, Susan Collins (If she decides to stay) and those who hate you – and you know who they are in the Senate – might very likely crush those bills.)

By the time this is posted, perhaps we'll see a vote to crush the Democrat Communist Party USA in the Senate and reopen the big brothel in DC.
