

Finally! The Truth About Sheriff Joe Arpaio

Sheriff Joe Arpaio believes in law and order, knowing that a lawful country is an orderly country, which should, by all logic—even limited logic—be desired by all. Difficult to understand why this brings out the savage nature of democrats (which is not implanted too deep) who have made him *appear to be* the most vilified individual on earth.

Notice the description; “*appear to be.*” That is the illusion George Soros is determined to project. Stay tuned for more on Soros, the Democrat Communist Party, the problems they orchestrate in America and why.

The beef? Sheriff Joe did his job according to his state’s constitution. He was tough on law breakers and hoodlums in general. He did not pussy foot around. He would not handle them with kid gloves. Indeed he

dressed the most vicious prisoners in pink. One thing for sure, those inmates don’t ever want to be put there again and they try to live more lawful lives once released. In other words, they are taught a lesson they will never forget—that crime does NOT pay, plus there are severe consequences for committing crime.

Sheriff Joe upheld the Constitution of the United States by arresting illegal immigrants and deporting them back to their country of origin. He wants them to come in properly, meaning legally. Then they can be welcomed.

Yes, we are a nation of immigrants, but the immigrants back then came in legally after *first* learning to speak English and

studying American history. They had to be thoroughly vetted and to show they had enough money to keep themselves going until finding work, or, had a family member living here who could support them until they got settled. THEN after completion of paper work, they came to America via Ellis Island. They were all PROUD to become American citizens and gave their best to this country.

The *illegal* immigrants of today simply crash our borders, cannot speak English and demand all rights granted to American citizens apply to them, plus they demand *and receive* welfare, food stamps, housing, medical care and schooling. What is worse, Muslims, who are instructed by their 'religion' Islam, slip into this country to attack us from within, which has happened with increasing regularity. Yet, the Dem-wits keep letting them in.

What is worse, it is our tax money that pays the millions of dollars a year for their upkeep.

Obama who was groomed and sponsored by Soros and *The Communist Party USA (CPUSA)* was placed, not voted in but PLACED, in The Oval Office for the purpose of surrendering the United States to the One World Government Communist Order. The fraudulent president had his 'Justice Department' file misdemeanor charges against Sheriff Joe just before his re-election campaign. He had served 24 years as the elected Sheriff of Maricopa County, Arizona, and did so with honor.

Arizona is a rather strange place with some questionable leaders, including John McCain, an absolute traitor who was not the hero he claims to be. Fellow prisoners of war with him in Viet Nam reported that he was a snitch among other things. He was not liked by them nor was he the patriot he paints himself to be or was.

McCain is fighting everything essential to the stability of The United States, the only country standing in the way of

being brought into the One World Communist Order. Why? Because of the millions of Christians here and active churches throughout the country. A mind that belongs to Jesus cannot be enslaved. This is why the Reds have tried in every way to destroy the church.

It was the millions of Christians coming out of the shadows that put President Donald Trump into the Oval Office, *not Russia* or fraudulent voting as the Democrats are trying to sell. The people, yes the American PEOPLE, spoke and put him into office.

Meanwhile it is reported that McCain is being financed by George Soros to do everything possible to sabotage the American system. This is the same George Soros who poured out \$4 million to buy attack ads against Sheriff Joe that were nasty, vicious, deceptive and ultimately cost him the election.

At Soros' orders, the Obama Justice Department filed criminal contempt of court charges (?) against him *the day before critical early voting began in Arizona*. These costly efforts influenced voters who defeated Sheriff Joe at the ballot box.

The same dirty tactics were and are being used to vilify President Trump. He is NOT disliked by the American people. It was the American people who VOTED him in. The so-called 'protests' and riots were and are all planned by George Soros. They are paid misfits to, again, make it APPEAR that Trump is a disaster and not liked. Soros even paid for and furnished the protest signs used.

George Soros owned Hillary and was so certain that she would win the election (he paid off everyone to make sure), that *he bet one billion dollars that she would win*. Soros owns a home in New York State, South Hampton, Long Island and has an apartment and an office in Manhattan.

Hillary spent the weekend with him in his South Hampton home

during the week of August 9th, before the election. To Soros, Hillary becoming his puppet president was a done deal...but she lost and he had to pay out a billion bucks. He had no idea that there would be millions of Christians who came out without fanfare and overwhelmingly voted Donald Trump in as President. That cannot be denied.

George Soros, whose actions show him to be Satan incarnated, hates Sheriff Joe for the same reason he hates President Donald Trump. They are both patriots. They love our country. Sheriff Joe was the epitome of law enforcement. He too loves our country and wants to see it peaceful and orderly.

While he was known as *America's toughest sheriff* he has a very tender side that is not that well known. He loves animals and rescues countless dogs from "Kill Shelters," meaning shelters that keep an abandoned or lost animal for only a couple of days. If nobody comes to claim or adopt it, the animal is euthanized, or, in clearer terms, executed.

Sheriff Joe rescued such dogs and took them to prisoners to adopt and take care of at certain times in their cells. The prisoners also worked at the animal shelter Sheriff Arpaio created out of an abandoned jail. The love that those dogs have shown to them may have been the first real love any of them had ever experienced, and we understand that it had such a powerful impact on inmates that they determined to change their lives for the better. One prisoner was heard praying this prayer: *"Lord, help me to be the man my dog thinks I am."*

Sheriff Joe Arpaio is a good man who can be tough when needed while at the same time fair. He has a tender heart. And this is the man that the billionaire Hungarian Jew Communist George Soros has worked so hard to destroy. Like his mentor, Satan, Soros hates anything that is good.

George Soros must be prosecuted for Treason, Seditious Conspiracy and overthrowing governments which he has done in the past and is

determined to include the U.S. on his list of conquests. He can and must be charged and put in prison. Every Reader can play an important role in this necessary action.

Remember, an avalanche begins with a single snow flake...a flood with one drop of rain. We must begin by insisting that our president press charges against this power hungry maniac. It is up to us individually. We can each begin that avalanche and flood to see that action is taken against the most evil man in the universe.

Meanwhile, Sheriff Joe needs help. He is down but definitely not out. Let's see his actual words. *"I was defeated at the ballot box—all because of my unwavering support for enforcing illegal immigration laws—and being so outspoken about the federal government's failure to do their job.*

"But, as I have said to you time and time again, I never back down from a fight and I never surrender. And I'm not about to now. While I may no longer be the sheriff, I still believe in order for our Republic to stand, we must enforce the Rule of Law.

"So I'm going to continue to fight for the shared conservative values we hold so dear. After serving 55 years in law enforcement as a top director of the federal Drug Enforcement Administration, including 24 years as an elected sheriff, I'll be fighting for our values as a private citizen.

"Recently, I formed the "Sheriff Joe Arpaio Action Fund" which I will use to counter the likes of George Soros who use their billions to influence public policy and elections. I learned a lot of lessons during my last campaign, but chief among them is that we can never idly sit by and get comfortable. Our cause must be vigilant, ever-ready to counter the progressive left's lies and deceit."

Avalanches and floods, come forward, one snowflake and one drop of rain at a time—that is each of you. Sheriff Joe must be reinstated as a leader. Also, please help him with his project. To contact him use this email address: <mailto:minfo@sheriffjoearpaioactionfund.com>
