

First 24 GOP “Debate” 8/23/23

By Lex Greene

August 21, 2023

Still pretending as though we have lawful legitimate elections in the USA, hosted by [Fox News \(aka The DeSantis Channel\)](#), the Fox team is ramping up for the first so-called debate of the 2024 Presidential race this Wednesday evening.

Everyone at FOX and everyone who will appear on the stage, knows that the [2020 elections were blatantly stolen by O'Biden's DNC, backed by "deep state" Military, Justice, and Intel community traitors](#). They all know it, but only Ramaswamy has the intestinal fortitude to say it. The rest work with DC traitors to keep Trump out of the White House.

As we head into the event, only eight GOP candidates have qualified for the debate stage and as of this writing, current [aggregate poll numbers look like this...](#)

TRUMP – 55.5%

DeSANTIS – 14.5%

RAMASWAMY – 7.2%

PENCE – 5.2%

HALEY – 3.3%

SCOTT – 2.7%

CHRISTIE – 2.6%

BURGUM – 0.5%

The rest who tossed their hat in the ring couldn't meet the polling and fund-raising thresholds to qualify for the debate stage. They simply have no real support. Of course, neither do at least five of the eight who made the debate. [Like Chris Christie says](#), *"this is the first time they can speak to a real audience,"* because nobody shows up for their campaign stops.

At best, this is a three-way race, Trump, DeSantis and Ramaswamy. [But in reality...](#) **Trump holds a 41-point lead over DeSantis, a 48.3-point lead over Ramaswamy and more than a 50-point lead over all others who made the debate stage.** Democrats have done a fantastic job of making Trump the obvious GOP nominee by turning voters towards Trump in their endless efforts to destroy Trump with false accusations and political persecutions.

Democrats continue to make Trump the most popular political figure on earth. Trump might not even need to campaign, like Biden in 2020. He'll win in a landslide strictly because "the people" of all political stripes are figuring out that what they see democrats (and some republicans) doing to Trump, can and will be done to them if democrats were to succeed in destroying Trump.

People are supporting Trump to defend themselves from Obama's global criminal cabal, who hate the average American as much as they hate Trump. Everyone on the debate stage who falls into this trap set for them will lose what little support they currently have. Voters from the political spectrum are fed up with the criminal O'Biden regime using taxpayer funds to attack their political opponents with the weaponized Justice Department.

Normally, I would want every serious candidate to face their opponents on every debate stage. But in this case, Trump holds

such a commanding lead that it might be a better strategic play for him to sit this one out, letting his opponents dig their own graves.

These seven candidates have a high hurdle to clear this Wednesday night. None are likely to close the gap with Trump because all of them will be pushed by moderators to talk about Trump, rather than themselves, granting Trump even more free publicity without any need to even show up.

The debate is highly likely to turn into a scripted Trump-bashing event. Only two candidates in the race are “political outsiders” critical of the DC establishment, Trump and Ramaswamy. The rest are all longtime political operatives who have had years to do things they will talk about on Wednesday evening, without ever keeping any of their past campaign promises.

Except for Ramaswamy, everyone else on the debate stage this week is a RNC “deep state” actor in the race simply to derail Trump. Pretty much every GOP voter knows it.

Republican and even Democrat and Independent voters are shifting hard in Trump’s favor due to the blatant weaponization of O’Brien’s DC cabal. So, GOP candidates who join O’Brien’s attack on Trump Wednesday night, will drive voters away from themselves as well.

Until we hold criminals fully accountable for the [massive election fraud in 2020](#), we won’t ever have lawful elections again.

But I’ll be watching this debate, for entertainment value. Never get in the way of your enemies while they are busy digging their own grave... Nothing is more entertaining than watching traitors dig their own hole!
