

First Ukraine, Now Israel, and Then America

The invasion of Israel demonstrates the folly of those self-styled “conservatives” who oppose aid to Ukraine. Whether they realize it or not, they are making sure Ukraine gets taken over by many of the same elements invading Israel, all of them backed by Russia. Yet, some of them support Israel while calling for aid to Ukraine to be terminated. This position makes no sense. They have to backtrack quickly.

If anyone was “caught off guard,” it was those “conservatives” in the House arguing against aid to Ukraine and are now scrambling to support Israel.

What is desperately needed is a review of the pro-Russian elements that have been infiltrating the modern conservative movement.

These are the people who have been adamant against aid to Ukraine, a position that only benefits Russia and Iran, headed by a regime providing drones used in the Russian attacks on the Christian people of Ukraine.

If you connect the dots in the invasion of Israel, the roads lead to Moscow.

Colonel Richard Kemp, a former UK Armed Forces commander, [notes](#), “ Hamas leaders, including terrorist boss Ismail Haniyah, have made a number of visits to Moscow since the

Ukraine war began, meeting with senior government officials including Foreign Minister Sergey Lavrov. A delegation from their Gaza terrorist bedfellows, Islamic Jihad, led by its chief, Ziyad al-Nakhalah, also visited Moscow in March. Likewise, leaders of another Iranian proxy, Lebanese Hezbollah, have been welcome guests in Moscow. Hezbollah terrorists fought side by side with Russian troops in Syria and have since been involved in helping Moscow evade sanctions and, according to the US Treasury Department, may have received weapons in return.”

In other words, having seen Biden’s no-win strategy in Ukraine, Vladimir Putin has decided to unleash the Islamic terrorists on Israel.

The invasion of Ukraine was made in Moscow, and the invasion of Israel was also planned there. Anybody who disputes this fact doesn’t understand the reality of Soviet/Russian communism and the work of the KGB.

To understand what has been planned, I suggest the report, [*Communists and Muslims: The Hidden Hand of the KGB*](#), by Konstantin Preobrazhensky, a former KGB officer.

To set the record straight on Soviet/Russian tactics and strategies, America’s Survival, Inc. (ASI) is publishing a detailed analysis of the origins of the Russian-backed propaganda that the government of Ukraine and its military forces are dominated by Nazis. The analysis traces the propaganda to a lie manufactured by Russia’s Tsarist Secret Police and currently used by the former KGB officer and current Russian President Vladimir Putin. However, new versions of the Big Lie have appeared over time, in order to mask the anti-Semitic nature of the *Protocols of Learned Elders of Zion*.

Our report is titled, [“The Big Lie Driving Russian Influence in the Conservative Movement and the Destruction of Ukraine.”](#)

Anti-Semitism is what unites the opponents of Ukraine and Israel. Conservatives should avoid being tainted by this hateful ideology.

Israeli Prime Minister Benjamin Netanyahu was someone who was supposed to understand all of this. Yet, just last month, in New York, Ukraine President Volodymyr Zelensky, the Jewish president of Ukraine, was forced to plead in person for Netanyahu to provide “more assistance and a more coordinated front against Iranian weapons transfers to Russian forces in Ukraine,” as Time magazine noted. The magazine [added](#), “No Israeli Prime Minister has visited Ukraine’s capital since Russia stepped up its aggression. And while Israel has provided humanitarian aid and defensive warning systems to Ukraine, it has balked at sending lethal, offensive military equipment or its most effective anti-missile technology.”

Israel has just seen what appeasement of Russia has wrought. Netanyahu thought Israel would be spared. He was wrong.

People ask how it is that the invasion of Israel caught the intelligence agencies of America and Israel by surprise. They have been blinded or infiltrated by the same pro-Russian elements working on all fronts of the information war.

As we documented in a recent [report](#), the National Security Agency (NSA) is so derelict in its duty that its museum in Maryland now has an exhibit which hails Soviet spy and Manhattan Project scientist J. Robert Oppenheimer as an American patriot.

Equally significant, the Durham report on the FBI’s Crossfire Hurricane investigation of Trump cites evidence that it was all based on Russian disinformation. Let that fact sink in: the Durham report provides evidence that the Russians originated the idea that Trump was a Russian agent and provided the “disinformation” in the Steele dossier which drove the FBI investigation of former President Trump and his

associates.

If the NSA and FBI can be misled in such ways, it is no wonder that Israel's intelligence agencies have been caught off guard. Israeli leaders must now recognize that Ukraine's fight is their fight. It is our fight, too.
