

Give Me Your Poor, Illiterate, Criminals, Drug Cartels, Anti-Western Masses Yearning to Change America

By Frosty Wooldridge

February 19, 2024

“Demographic change is the key to the Democratic party’s political ambitions. In order to win and maintain power, Democrats plan to change the population of America. Mass immigration increases the power of the Democratic Party. Period. That’s the reason Democrats support it. It’s the only reason.” Tucker Carlson, journalist

According to Monica Showalter, American Thinker, “Immigration experts are raising the alarm about how the increasing flow of migrants illegally crossing into the U.S. may significantly impact states’ representation in the House of Representatives and Electoral College.” (Source: www.cairco.org)

When Biden reached the White House, he signed an executive order to require the U.S. Census Bureau to factor in all residents including non-citizens as part of the U.S. population. That’s why he has invited 10.6 million illegal aliens over our borders to capture significant Electoral College votes.

“Illegal immigration has all kinds of effects and among them is that it distorts the mechanics of democratic government,” said Mark Krikorian, the executive director of the Center for Immigration Studies, www.CIS.org, “Illegal alien invaders aren’t supposed to be here, so their inclusion in the census count for purposes is outrageous.”

If the minimum count of illegal aliens stands around 20 million to as high as 48 million from some sources, it means

that a House seat represents 761,168 residents. That could equate to 22 House seats being dominated by Democrats.

Back in 1965, our country stood at 196 million Americans. We allowed 200,000 legal immigrants annually. After President Lyndon Baines Johnson signed the "1965 Immigration Reform Act", that number turned into 1,000,000 annually. That's why we hit 300 million in October 2006. We're at 340 million in 2024, not counting in excess of 20 million to as high as 48 million illegals.

In other words, we see 50 million foreign born people now beginning to dominate our elections. Even the Muslims, who hate a free Constitutional Republic, are voting for Sharia Law in places like Detroit, Michigan. With Biden's latest 10.6 million, plus another 1.8 million illegal alien "got-aways", **you're seeing our country becoming everybody else's country.**

What does it mean for the future of America? If you do the math, it means any and all immigration "gallops us at high speed" toward a social, cultural and demographic cliff.

Tucker Carlson stated, "And then came Joe Biden. Joe Biden accelerated that sad trend beyond what anyone thought was possible. The foreign-born population is now growing by 132,000 people every month (to as high as 302,000 per month, in December 2023). That's more than triple the average high under previous administrations. It's double Barack Obama's highest totals. According to AEI scholar Mark Perry, we can expect over 9 million new illegal aliens by the end of Joe Biden's first term.

"Nothing like this has ever happened in this or any other country ever and it's happening for one reason. It's the product of a policy choice."

Basically, it's a policy to destroy our cohesion, our language, our culture, and our way of life.

It is NOT sustainable as to water, energy, resources, quality of life and certainly ensures that our population will outstrip the ability of our farmers to grow enough food to feed this American human mob that will exceed 400 to 440 million by mid-century.

Carlson reiterates what I've been saying for 30 years, "No society can metabolize this many new people and stay stable, especially not now in this specific moment, because two unprecedented waves of human migration, you have to add, let's

see, a collapsing economy, inflation, food shortages, skyrocketing housing prices, falling wages, the trauma of two and a half years of COVID, the manufactured racial strife you saw Joe Biden encouraging. You put all that together and you have the most volatile possible mix of social factors.

“So, into that you throw millions of brand-new people who have no connection to America whatsoever, people who broke our laws to get here, who don’t speak our language, who have no idea what the U.S. Constitution says and don’t care and what do you have when you put all of that together? **You have a recipe for social collapse.**”

Here is Carlson’s 17 minute video. Read it and scream as to what your kids face: **Nothing Like This Has Never Happened Before**– <https://www.youtube.com/watch?v=4R6TDCFr9UY&t=4s>

We, the American people, who made this civilization successful, face becoming a non-factor in the continuing destruction of this society. The caveat stares into our faces: **we’re being replaced**. What happens when you import millions of third world poor, illiterate and dispossessed into any first world country?

Answer: ultimately, America will be driven down into the depths of illiteracy, welfare for millions, drug addiction beyond insanity, homelessness that cannot be solved, shoplifting that will cripple our economy, destroyed schools, racial conflict, breakdown of cities, and finally, so many problems that our multicultural society will be tearing itself to pieces.

What does that mean? As to welfare for millions, what happens when their numbers that do not contribute exceed the rest of us who do contribute? As to illiteracy, do you understand that people with very low IQ’s lack any “educational thrust or interest” toward personal intellectual betterment? They become our endemic poor. As to drug addiction, do you understand that millions who find themselves unable to function in this high speed society, simply turn to drugs...now at 100,000 drug overdoses annually?

As to \$100 billion in shoplifting annually, what happens when their thefts exceed \$500 billion or \$1 trillion in annual shoplifting?

As to educational breakdown, what happens when millions grow up functionally illiterate? Answer: they cannot contribute,

so they destroy the foundation of our society.

If this invasion continues, we average Americans don't stand a chance to save our civilization. Joe Dementia Biden will be written into the history books as the **"Father of the Destruction of America."**

His legacy is coming as surely as the dawn...and your children will be his victims.
