

Globalists on the left and right attacking Trump's victory

The problems we face now – poverty and violence at home, war and destruction abroad – will last only as long as we continue relying on the same politicians who created them in the first place. –Donald Trump

Unity, Unity, Unity, the Lie from the Left

Here they come, the Democrats demanding unity, and some of the ignorant rightwing neo-con Trotskyites joining in with them. "Bi-partisanship," they scream, "we need to come together in unity." Like hell we do! Trump won, and we kept the Senate and House! The Democrat socialist left lost it...they no longer have a say! They are out; they were sent packing. The people ousted them. They truly have been repudiated! Hillary's loss proves it.

Hillary didn't win squat. She even lost the states she visited. The only place Hillary won are the cities run by liberals. Trump won all the rest as this map shows. Democrats had llegal aliens voting with Hillary's and Obama's okay, and the 60,000 felons allowed to vote in Virginia, and that's the number she won that state by! Oh, and let's not forget the dead in Chicago's Cook County who

still vote! Six million fewer Democrats showed up to vote for Hillary than voted for Obama in 2012! To even gain the nomination to begin with, she had Debbie Wasserman Schultz steal it from Bernie Sanders. Hillary even had questions handed to her for the debates from CNN's talk show host Donna Brazile.

The days of unifying with these losers because they're angry...and because we don't want the media saying mean things about us, is over.

We do not want "unity" with the leftists in any way shape or form. We want what Donald Trump told us he was planning to do. The left with their "unity" garbage just wants to water down President Trump's policies and plans for Making America Great Again.

I tuned in to Rush Limbaugh today about half way through his program, and he too was saying stay away from bi-partisanship. We don't need to make nice, they lost, it's our game now. Nationwide, the Dems lost big in 2010, 2012, and 2014. The people have voiced their opinion. We simply cannot squander this opportunity to destroy the left. It is up to the Republicans to stand firm for a change, and President Trump will have to demand they do just that.

Trump Must Maintain Results of Victory

Our new President must maintain the results of Tuesday's victory. It will take fortitude, spine, and guts, which we know Donald J. Trump has in spades. But I say this because Trump is, above all things, a kind, generous gentleman, but in the arena of President, he must remain hardcore on what he has promised the American people, and what he wants to do. He's done that in the business world, and he now will have to do the same thing as the world's greatest leader.

Do not be fooled President Trump; the people who went against you in the primary, the people who went against you in the campaign, will still go against you as President, and will try to destroy your legacy, and that means both the left and the neo-con right. The establishment will try to undermine everything you do. Don't fall into their trap! And don't put them in your administration! Choose outsiders like yourself.

Senate Majority Leader, [RINO McConnell will fight you](#). He shot down or expressed little enthusiasm in some of Trump's plans. He even declined to discuss the Senate's immigration agenda further. McConnell also threw cold water on Trump's infrastructure plans, calling it not a top priority. Bridges, roads and airports are in total disrepair and McConnell says it's not a top priority! I truly have little use for the likes of these leftists who call themselves conservative Republicans. They are more foul than even the Democrat left because they masquerade as conservatives, when in fact they have the same agenda as the left. A false friend is more dangerous than an open enemy.

Gingrich Explains the Left's Tactics

Sean Hannity interviewed establishment CFR member Newt Gingrich the day after the election, and Sean said he had to resist stating the names of all the people who not only sabotaged the Trump campaign, but who refused to help him.

Newt answered him saying, "The little whiny negative sniveling cowards, who were NeverTrumpers, are beneath our paying attention to them. Let them drift off into the ashbin of history while we go ahead and work with Donald Trump and with

the house and senate Republicans to create a dramatically new future.”

Hannity then asked Newt if the old order establishment Republicans will, as quickly as they can, turn on Trump to stop the progress he’s laid out, even with the mandate Trump received from the American people.

I am certainly not a fan of Newt Gingrich, but what he said next is exactly how the neo-con’s work...they are weasels, and they’ll try anything to damage President Trump’s efforts to restore America.

Gingrich explained, “Their technique won’t be to turn on him. Their technique will be to say, ‘Oh be reasonable. Don’t push too hard. Don’t force the issue. Find a compromise with Democrats. Maybe you shouldn’t name one of the justices who is conservative on your list. Maybe you should find a nice moderate acceptable to the democrats.’”

“Down that road is a disaster. So, we have to be aware that the danger is not that they will actively fight. The danger is that they’re going to offer honeyed words of subversion that undermines the entire movement to Make America Great Again.”

Newt said Trump will move America back to being great again, drain the swamp in

Washington, and provide far better experiences for every American. But our new President will have to remain vigilant.

Never Trumpers Are Two-Faced – Mean One Minute, Nice The Next

The globalist neo-cons refused to support Mr. Trump for President, and used a sledgehammer against him at every opportunity. Their anger and disgust became viperous and vitriolic against the man of the people. Even my own neo-conservative governor, Bill Haslam, who campaigned in 2010 as a conservative Christian, refused to vote for Trump, and ten days before the election publicly stated Trump should drop out of the race. In typical Haslam style, he failed to cast his ballot for the Republican candidate.

Now that President elect Trump has won, here they come with sweetness and light, and as Gingrich said, with honeyed words, hoping to be in the new administration. Beware, because these two-faced globalists always carry a knife behind their backs. They use anger, lies and hate to get you to buckle and surrender your will to them. If that doesn't work they show another face, smiles, lets work together, and compromise to hook you to go along with their poisonous agenda. Mr. Trump must stay firm to his agenda and NOT give in to ether face.

Remember the words of Marcus Tullius Cicero!

“A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he

infects the body politic so that it can no longer resist. A murderer is less to fear."

Trump Meets with Obama

In Obama's meeting with President elect Trump, we heard his lies when he said, "We are going to want to do everything we can to help you succeed, because if you succeed the country succeeds." What a pile of kaka!

Even the traditional photograph session was cancelled. The Obamas just couldn't bring themselves to pose with President elect and Mrs. Trump the way the Bush family posed with them in 2008. Again, they've set a negative precedent as this is the first time this sort of snub has ever happened. The Obamas never did learn proper protocol.

There is not one thing Obama wants Trump to succeed in doing. He knows bloody well that Trump will undo everything Obama has done, including that foul stinking Obamacare!

Obama has stated, "My legacy is all about this. My issues are on the ballot. Hillary Clinton represents a continuation of everything and all the progress we made." Progress? His form of progress is toward a more Islamic Marxist state, and the Americans who love their country are sick and tired of their anti-Americanism, and that includes the likes of ignorant Colin Kaepernick who is so angry at our nation. Try living somewhere else Colin and see how much moolah you drag in for

your sports ability. I'd like to say Buh-bye to you and all the Hollywood weirdos who promised they'd leave if Trump was elected, but are still sitting here on their arses because they know this is where the money can be made. Hypocritical jackasses.

NAFTA to be Renegotiated, TPP Dead

Canadian Prime Minister Justin Trudeau said Thursday he is willing to renegotiate the North American Free Trade Agreement (NAFTA), which US President-elect Donald Trump has said he wants to change or scrap. [[Link](#)]

Mexico is willing to "modernize" the North American Free Trade Agreement with U.S. President-elect Donald Trump's incoming administration and Canada, but will not renegotiate the pact, the foreign minister said. But Mexico doesn't want to lose it...so Trump may just have to scrap the entire agreement and start over. [[Link](#)]

Incoming Senate Minority Leader Chuck Schumer on Thursday told trade unions the Trans-Pacific Partnership trade deal is dead in the new Congress, aligning with a key element of President-elect Donald Trump's agenda for the first 100 days. This is wonderful! [[Link](#)]

Conclusion

Trump's policies have already made a difference in America. The European populists are rejoicing, other than a few like Hillary's favorite world leader, Germany's globalist Angela Merkel. Freedom and liberty can spread like wildfire! But there are dangers...and they come in the form of false friends. Those who sabotaged and disavowed Trump are now saying they'll work with him. These globalists will try to worm their way into the administration. Careful, Mr. President, they are sly and they lie!

A lot can happen in the next seven weeks. We all need to be watchmen on the wall, and President Trump will have to be very wary of who he appoints. Several people he has mentioned for posts need to be deleted. Thankfully, our new President is a quick study, and he doesn't have a problem saying, "You're fired."

P.S. A special note. I want to thank Paul Walter for so many ideas for my articles. This article's subject matter is another one of his. Thanks also to the hundreds of emails from readers who were so kind to write to me and thank NewsWithViews for printing such wonderful articles on Trump. It truly was a huge group effort. NWV lost a couple writers because Mr. Walter refused to post their anti-Trump articles.

And one last thing. Please pray daily for President Trump, his wife and family, and his administration. Pray a hedge of protection around them all, and pray for divine wisdom for our 45th President of the United States.

Thank God we have a president who loves freedom!
