

God Has a Part and We Have a Part

By Reverend Glynn Adams

February 25, 2024

“But the Spirit explicitly says that in later times some will fall away from the faith paying attention to deceitful spirits and doctrines of demons.” (1 Timothy 4:1)

“No one can serve two masters; for either he will hate the one and love the other, or he will hold to one and despise the other. You cannot serve God and mammon.” (Matthew 6:24) “

“Enter by the narrow gate; for the gate is wide, and the way is broad that leads to destruction, and many are those enter by it. For the gate is small and the way is narrow that leads to life and few are those who find it.” (Matthew 7:13)

Since the early 1900s to today, America has been falling away from the faith of Jesus Christ. Today you are going to learn in plain English just how destructive, foolish, and dangerous that is to you, your family, and our nation. In America, we have no idea how serious and deadly it is to form denominations and religious systems that divide the Body of Christ. We will see how unfruitful and deadly it is to play church and religious games with the people of a nation.

Following Jesus Christ is not only a covenant and personal relationship with Him but following Jesus is also a partnership. God has a family in heaven called the Divine Council. When God formed mankind, He had in mind to have a

family on this earth. This born-again family is to share the gospel, make disciples, and teach them to observe whatsoever He commanded.

When we get instruction from God, whether from the Word, the Holy Spirit, or an angel, we are bound by covenant law and our partnership to do our part in obedience and faithfulness. God Law is to love God first, with all our heart, body, and soul and to love your neighbor as you love yourself. The Apostle John is clear in his writings, "If you love Jesus, you will obey Him."

The way this partnership works is God has a part that only God can do and He has given us a part for His Body that only we can do on this earth. He has given us dominion, His Name, His authority, His power in the Holy Spirit, His Word, and His mighty weapons in Ephesians 6. Jesus is the Head and His faithful followers are the Body of Jesus operating on this earth. We are the hands and feet of Jesus on this earth and we are the direct representative of Jesus Christ on this earth. We have a Kingdom mandate to do the will of God on earth as it is done to heaven. We are to bring heaven and the ways of heaven down to earth. **NOW GET THIS:** Jesus will never do our part. He always works through His Body on earth.

For some time now, the Body of Christ in America, in general, has developed a theology that most of our Christian responsibility is going to a church building on Sunday to worship. It's entertainment and less focus on Christ and walking in His image. Today our churches focus on happy church to attract more people rather than focusing on doing our part in obedience to Jesus Christ. The church goers just don't see a need to confront evil in our nation, no spiritual responsibility for what is happening in our culture, for what our children are taught in our public schools and in culture, and no spiritual responsibility to our government other than vote.

Nor have we furnished a moral compass for our nation. We have remained silent while Satan and his powers of darkness (under the lie of Klaus Schwab and the New World Order demonic elites) have systemically moved into our nation to destroy the followers of Jesus Christ in our nation; our God dethroned, our Bible, prayer, and the Law of God removed, our family system destroyed, Judeo-Christian morality attacked and removed, our Constitution and inalienable rights attacked and removed, marriage assaulted and redefined, our culture assaulted and flooded with immorality, and filth, our nation invaded by aliens, and divided by multiculturalism, race, gender, rights, homosexuality, and ideology. Christians have remained silent while we have drifted into religion and most of our nation has forgotten or does not know God.

When one looks at our nation today, based on the Word of God, if Christians had done their part, then God would have done His part, and we would not be in this spiritual mess today. The Body of Christ in America in recent years has developed another theology that somehow at some time or the other, God will come down to earth and fix our spiritual mess in America or He will rapture us out of here when it gets so bad. Jesus is coming back but not to fix our spiritual mess. The point of my message is Jesus is here on this earth, in each of His followers. He gave us dominion and all we need to fix America. If we will do our part, God will do His supernatural part.

That partnership is exhibited throughout the Bible. God told Moses, why are you crying out to Me? Tell the people to go forward, you Moses lift up your staff, and stretch out your hand over the sea and divide it and the sons of Israel shall go through the midst of the sea on dry land. Moses and the people obeyed God and did their part and God did His part.

Joshua was told by God for the people to march around Jericho seven times, shout, and the walls would come down. They obeyed and did their part and God did His part and the wall fell. If someone is sick, call the elders, anoint with oil, lay hands

on the sick, and pray for healing. That is our part in healing, the supernatural part whether that person gets healed is God's part; not ours. The same goes for casting out demons; we speak and command the demons to leave and God does the rest!!!

Listen Body of Christ in America: If Moses, Joshua and the people of God would have ignored what God said, do you think that sea would have parted and those walls would have come down? God honors obedience and but disobedience has dangerous and extremely grave consequences. Look at the defeat of Israel at AI, when they disobeyed God. A sure victory turned into defeat and death because of disobedience.

God has been warning the Body of Christ in America for years now, in the Word of God and by His watchman, to resist the evil in this nation and we have blatantly refused and disobeyed our LORD. If His Body in America would have done our part and would go to our battlefield and resist the evil in this nation, then God would do His part and supernaturally deliver us from evil just like He delivered Moses and Joshua.

Pastors and the followers of Christ in America have failed to do their part because we have believed the lie of separation of church and state and we are not to get involved in politics. Because our pastors and the followers of Christ are disobedient and refuse to do their part, we have caused a spiritual vacuum in this nation and Satan and his New World Order demonic occult friends have all moved to America and have filled this vacuum. They have captured our nation, Satan rules America and not God, and we have become a habitation of demons and demonic strongholds.

For years, there has been a spiritual war raging in this nation but the pastors and followers of Christ have refused to get involved in this spiritual war. Because we have ignored Satan and his demonic hordes, we are close to losing our freedoms and our nation!!! Does anyone in this nation realize

just how close to destruction we are? Who do we think we are in America, refusing to obey our Sovereign God? Can't we see the benefits of doing our part so God can do His? Can't we see America is one election away from destruction?

Can't we get it in our mindset that God is not coming down to America to deliver us unless we do our part? He will not do for us that which He has commanded us to do. His Body will have to show up at the battlefield to deliver our nation from evil or it will not get delivered. Can't we see America is rebellious and lawless because the Body of Christ in America is rebellious and lawless?

So now our part and only option is to repent, humble ourselves under the mighty hand of God, ask for His forgiveness, covenant with Him to obey Him, and resist the evil overtaking our nation, then and only then will God will do His part and deliver us from evil. What we don't understand about our deception and disobedience is Satan has now moved most of his demonic world into America to finish us off.

Those who have eyes to see and ears to hear can see the evidence that the Chaldean, Baal, and many, many other demonic spirits, along with their demonic strongholds, high places, and principalities, are now openly operating in this nation. Many in America do not realize the seriousness of that statement. Lies and deception are now in abundance and common practice in our nation. Body of Christ in America, be careful and see to it that you are not deceived or tricked into following some demonic spirit.

Now I am going to explain to you exactly why we have all these demonic spirits and strongholds in our nation and who is clearly to blame. Those who do not repent and change their wicked ways will suffer the most extreme judgment. Jesus explains it in a parable and most of us miss the true meaning of this parable!!! But once it is explained to you, if you have eyes to see, you will know exactly what we must do to

drive out the enemies that have gathered to bring down our nation. We owe a great deal of thanks to Jonathan Cahn, a Messianic Jew who lives here in America and his newest book, "The Return of the gods" gives us much insight to what has happened in America and why!!!

Let me give some biblical background before I show you this parable of Jesus. For those who claim to be followers of Jesus Christ who are ignorant and demonically deceived because you believe there is no need to read and study the Old Testament because you deem it not relevant for today since we have the New Testament.

Have you ever wondered why so much warfare was presented in the Old Testament? God was teaching His followers to show them just how deceitful Satan is and the need to rid the nations of the demonic powers. You cannot have a functioning culture and peace when the wicked are always trying to destroy you and your way of life.

This is the parable Jesus gave to His disciples as recorded in the New Testament which is a revelation of profound, massive, and prophetic ramifications for the modern world and our own day. "When an unclean spirit goes out of a man, he goes through waterless places, seeking rest, and finds none. Then he says 'I will return to my house from which I came'; and when it comes, it finds it unoccupied, swept, and put in order. Then it goes and takes along with it seven other spirits more wicked than itself and they go in and live there; and the last state of that man becomes worse than the first. This is the way it will also be with this evil generation." (Matthew 12:43-45)

What does this parable mean and what does it mean for our modern times. At first glance it would seem that the parable is talking about a possessed and delivered man who then becomes repossessed. It certainly could be applied to a possessed individual. But the parable is actually not about

the man at all. It is only an illustration, an example, an analogy used to reveal a spiritual principle and give a prophetic warning. The parable is not about individual possession but collective or mass possession, the possession of a generation, a culture or a civilization.

Here is the application to our western civilization. Should a culture, a society, a nation, or a civilization be cleansed – that is delivered or exorcised of the gods and spirits and it is delivered from the gods and spirits, then how could the spirits and gods return to that Western civilization? Only one way – if that civilization should ever turn away from God, His Word, from the gospel and from Jesus. If it should do so, then that which drove out the spirits will no longer be present to protect it against its return. And the civilization that had been delivered of the spirits will become repossessed by them. The gods will return and the state of that civilization will end up far worse and darker than at the beginning.

Now the application to America. The gods could only return to a nation or civilization if there had been a falling away from the living God. In America, there have been milestones, turning points and moments of critical mass. In the mid to late twentieth century, America's departure from God became discernable and continued through the end of the twentieth century and into the twenty-first, unabated, deepening, widening increasing in magnitude and momentum. Our falling away would go hand in hand with the capture of our nation, Satan would rule America and not God, and the return of the ancient gods and spirits.

Now you can see why our Founding Fathers warned us that if we ever lost our morality and virtue, we could not maintain our self-government and our liberty and freedoms. Now you see why it is so hard to regain freedom and liberty once lost. America is there. We have only a short window of opportunity to return to God and His protections.

If we will do our part to rid our nation of these demonic entities, God will do His supernatural part. God is a God of restoration and for us to get involved in the restoration of our nation is a war worth fighting. So much is at stake here and make no mistake about this battle as it will be dangerous. As God told Joshua, "Only be strong and courageous" – for this is the sure will of God and He will give us the victory. God bless, I remain His warrior and watchman, Glynn Adams
