

GOP Must Take the House & Senate

September 4, 2024

"I am concerned for the security of our great nation, not so much because of any threat from without, but because of the insidious forces working from within." –General Douglas MacArthur.

Those threats MacArthur spoke about from within are directly dictated by the global masters who orchestrate wars and who are draining the lifeblood of America. The threat to the Union is both foreign and domestic. Right now, the threat is another stolen election.

[This is proof that Obama's intentions are to steal elections from the American people! Get ready everyone!](#), Sept. 1, 2024 – Short video watch.

The efforts to steal yet a second election from Donald Trump have been underway since he left office assuming he might right again. Bogus lawsuits and indictments. The Democrat Communist Party USA is going full throttle because too many Americans are getting the truth.

At this time, their rancid choice for president (who is ineligible under the U.S. Constitution) is a professional liar. The casting couch has always been Ho Harris' qualifications for public office. As someone wrote in a

comment section: She has a 5-year-old's brain in an adult body.

Ho Harris' handlers have chosen a sitting governor for her VP running mate *who's never met the truth in his life*. Tampon Tim Walz is a coward (Stolen Valor) and true Marxist. SHAME ON ANYONE WHO VOTES FOR Tampon Tim. Go buy a one-way ticket to North Korea.

While the Internet and in-your-face lies are pumped out of the mouths of ignorant, partisan hacks calling themselves reporters or propaganda box (TV) anchors as well as the empty heads on trash TV called The View in an effort to destroy Trump right along with biased, corrupt judges, we need to remember: the entire U.S. House of Representatives and 1/3rd of the unlawfully seated U.S. Senate[1] are up for ~~selection~~ reelection.

After the provable steal in 2020, several states did pass some new election integrity laws, but it won't be enough to stop the globalist deal makers. **Excellent candidates for the House and Senate were cheated (think AZ) as was Donald Trump.** We know part of the cheating was done by dishonest precinct workers counting the votes. Skank Katie Hobbs is not the governor of AZ. **She's a liar and a cheat.**

I've written a million words about vote fraud since 1993, but we are at the end of the rope with this election. Make no mistake about that: [Democrat Voters Want a Communist America](#), August 12, 2024 (Mine)

Want some provable examples of fraud? Look at my column from August 22, 2016 – especially the links at the bottom. It will sicken you. [Will we let them steal the election again?](#)

[Electronic Voting Machine Gave Bush 4,258 Votes in a Precinct Where Only 638 Voters Actually Voted](#), Nov. 6, 2004: "According to this article at CNN.com, a voting machine in Franklin

County, Ohio, gave 4,258 votes to Bush and 260 votes to John Kerry. The only problem is this: only 638 people actually voted there.”

I’ll bring this up again because it’s critically important: [A Citizens’ Audit of an American Election](#), July 10, 2008 (Mine) “Richard Hayes Phillips, a former college professor, has written a new book titled, *Witness to a Crime: A Citizens’ Audit of an American Election*. This monstrous undertaking covers the 2004 election results in the State of Ohio.

“What makes Phillips investigation so compelling is the book is filled with concrete proof that the voters of Ohio were robbed of their right to fair and impartial elections. The amount of work that went into this investigation is staggering: 30,0000 images of forensic evidence, then personally examining 126,000 ballots, 127 poll books and 141 voter signature books from 18 counties in Ohio. This is the definitive and documented evidence of crimes that cannot, must not be ignored.

One thing that showed up in his findings was the same thing I wrote about back in 1996: discrepancies in the numbers during the voting process – *where are those votes?* If you [click here and go to page seven](#) of my findings, you’ll see what I’m talking about. I knew what happened: vote rigging and it was done by the machines. We saw the same thing repeat itself during this last phony primary season.”

I interviewed Prof. Phillips about his book on my radio show, [Witness to a Crime: A Citizens’ Audit of an American Election](#).

A 100% approval level by readers (which also comes with a disc.) There’s no question globalist POS John Kerry won Ohio, but due to the cheating, George W. Bush was given the Electoral College votes and “won” the election.

[Diebold Indicted: Its spectre still haunts Ohio elections](#), Oct. 31, 2013 – “Diebold: the controversial manufacturer of

voting and ATM machines, whose name conjures up the demons of Ohio's 2004 presidential election irregularities, is now finally under indictment for a "worldwide pattern of criminal conduct." Worth the time to read the whole article.

In 1998, I published a 45 pg booklet, *Blind Loyalty*, with page after page of provable vote fraud across this country and how easy it is to hack voting machines by experts in that field. In one case the FBI stepped in and that was just for a local funding issue. I sold (at cost) 700,000 copies. I finally retired it because voters didn't seem to care or believed the liars for hire on the boob tube about the outcome of an election.

With the huge leaps in technology over the past decade, hacking voting machines is kid's play. Back then huge credit should be given to Bev Harris for her tireless work on exposing electronic fraud. Pleased to see her web site, [Black Box Voting](#) still up and worth looking at and getting the truth.

It would have been yet another tragedy had Marxist Kerry been sworn into office, but election fraud in any form is wrong regardless of what party or no party voters. Yet, the Democrat Communist Party USA is busy to make sure it happens again this November, and if they can't manufacture enough ballots or get enough illegal aliens to vote, Plan B (simply an extension of Plan A) **is to cheat to take the majority in the U.S House and/or the Senate**. If successful in taking the House with a win for Trump, *how long do you think it will take to begin impeachment proceedings against Trump?* IF the communists (calling themselves Democrats) refuse to certify the win for Trump we are going to have a real serious problem.

If Trump wins but the DemonRats, Satan's Pimps, take either chamber it will be a repeat of Trump's first term all over again. UNLESS he can get our State Attorney General, Ken Paxton, to become the next U.S. Attorney General. While I

really don't want to see Paxton leave Texas, **if Trump is truly going to go after the criminals (on many scandals), the number one man in this country that can get the job done is Ken Paxton.**

[Hero AG Ken Paxton Warns Harris County and Bexar on Using Private Company to Print Ballots and Send Them Out to "Unverified Recipients"](#), Sept. 3, 2024

Congress has been holding more spit exchanging committee hearings than I've got stitches in my leg (which I do right now recovering from surgery and there's a lot of them...), but with little pene (Italian for penis), Merrick Garland pretending to be the U.S. AG, the GOP – *despite mountains of evidence on various issues* – have had their hands tied just like when stronzo (turd in Italian) former U.S. AG under dirty traitor, Hussein Obama, Eric Holder, was crapping on the word justice.

The RNC has a number of lawsuits – some with very short trigger dates *which I'll cover very soon*. [Their web site](#) also provides avenues to fight the fraud:

Swamp the Vote USA

“Do your part to guarantee we win by more than the Margin of Fraud by casting your vote and taking responsibility for ensuring every Republican and Trump voter in your household casts theirs too.”

Stand up for election integrity

“Republicans across the country have been fighting to make sure your vote is safe and secure – but the work is never done. We are working in key states to make sure your vote is protected. If you want to be part of this critical mission to ensure Republicans win in 2024, sign up to be an Election Integrity volunteer in your state.”

I know they have close to 150,000 precinct “watchers”, but the evil doers don’t care. [Florida’s New Red Majority Comes From Its Citizen Activists](#), August 17, 2024. Republican voters now outnumber the communists by ONE MILLION.

[Why is the RNC “Working Feverishly” Against Donald Trump?](#), May 31, 2024 – “FACT: Most of those fired when Rona Romney McDaniel was removed, have been rehired. “Ninety percent ..who were fired at the removal of Rona McDaniel have been rehired, and are working feverishly against the re-election of Donald Trump.” PLEASE read this article.

“How could Lara not know this?

“FACT: Election integrity efforts are a sham, REAL election fraud is not being addressed, and anti-Trumpers (aka, anti-Americans in the 2024 reality) are still in charge. This explains why they are still yapping about ballot harvesting and early voting.”

[Florida, You Have A Big Problem](#), Feb. 9, 2024

Not all counties in the country use machines. More and more are now going back to paper ballots which will be publicly witnessed and counted. Ask for a paper ballot when you vote. Yes, I am fully aware of the forced mail-in voting but you can verify your vote.

I don’t expect you to read every link in this column, but Americans need to know what’s going on **because only we the people are going to stop another steal – not just Trump but Congress.** SO IMPORTANT.

[Small Wisconsin Town Under Review by Feds After Eliminating Electronic Voting Machines and Opting for Paper Ballots](#), May 22, 2024 (**More BS about civil rights** – ANYTHING to stop a vote for Trump or a GOP for Congress. And don’t try to feed me the crap about the disabled. My late husband was a retired U.S. Army Colonel amputee in a wheel chair. No problem to bring his

ballot to the Jeep, but I wheeled him in to vote. Problem solved, Merrick Garland and your dishonest, partisan hacks.

[Florida Move Would Back Up Electronic Voting](#), Feb. 1, 2007 – “Florida, famous for its election snafus, is taking steps to put that history behind it. The state’s new Republican governor, Charlie Crist, says he wants to require the use of paper ballots in all 67of the state’s counties. That would mean phasing out the use of touch-screen voting machines, which currently count nearly half the ballots cast in Florida.” Spitting in the wind.

It's not enough to reply on any machine/scanner – even if you get a print out of your vote which is what they do in my county. No, an alleged losing candidate **must do a forensic analysis** as explained in Prof. Phillip's book and any electronic machine and scanners.

Early voting starts now in some states. How wrong IMHO. You've heard the expression 'October surprise'. I can tell you many of us are very worried about what the evil doers might resort to as they see the American people have had enough of the Marxists in CON-gress, state legislatures, governors.

[Lawsuit filed: Seventeenth Amendment not ratified](#), Oct. 12, 2014 (Mine) – “Then, much to my shock right on the heels of finding that case, what else did I discover? Oh, you won't believe this:

“On April 11, 2002, the State of Alabama decided out of the clear blue to ratify the Seventeenth Amendment – 89 years

after the alleged ratification. Back in 1913, not all states were in session; some were out of session four years at a time. Others took no action on the amendment – Georgia specifically based on an investigation ordered by their governor at the time that the Seventeenth Amendment was not legally adopted by Congress before it was even sent to the states.

“On July 1, 2010, 97 years after the alleged ratification of that amendment, the State of Delaware ratified it. On April 1, 2012, 99 years after the alleged ratification, the State of Maryland voted to ratify the Seventeenth Amendment. How interesting that nearly 100 years after the alleged ratification of the Seventeenth Amendment and after people like me have been pounding on this issue for close to two decades, three states just up and decided to vote on an old constitutional amendment.

“Now you see why *Dillon v Gloss* is so important to my case as is the taxpayer ‘standing’ exception here in Texas.”
