

GOP Says Adam Schiff Is a National Disgrace – Should Be ‘Retired’

By NWV Senior Political News Writer, Jim Kouri

After almost three years of watching the Democratic Party's most dishonest and power-hungry politicians have taken centerstage in the fictional drama regarding bogus accusations against President Donald Trump, Rep. Adam Schiff, D-California, who chairs the House Intelligence Committee, and his high-priestess of sleazy politics, Speaker of the House Nancy Pelosi refuse to give up their impeachment obsession.

Helped by the leftist news media who openly insult and denigrate America's Commander in Chief, Schiff and Pelosi lie to the American people on a daily basis.

But the 2020 election cycle may be a way for voters to send Schiff into early retirement. For Example, Republican Eric Early is running against Adam "Shifty" Schiff to replace him in Congress.

Early describes himself as a proud, Trump-supporting attorney who is fiercely critical of Schiff's record, which can be described in President Trump's own words as perfectly matching the "Do-Nothing Democrats!"

Speaking as to why he wants to unseat Schiff, Early stated that he wants to send the **"viper into retirement and help give**

Congress back to the people.”

He went on to criticize “Shifty” Schiff’s decades in public office.

“In over 20 years of representing the California district, his record is appalling. He has done virtually nothing for the district while focusing almost exclusively on staying in power and trying to gain higher office,” Early noted.

“Schiff could not care less about our district. He has been a carpetbagger since day one, having moved here from somewhere else to run against the then incumbent,” Early told Fox News Channel.

As you know, after the Russian hoax flop, Adam Schiff decided to double down on his embarrassment by starring in the nationally televised Schiff Show, aired on CNN, MSNBC, ABC, CBS, and most of the print news media.

“Schiff’s un-American, Stalin-Kafkaesque control over the impeachment witch hunt undermines our American values of judicial fairness and due process! The only way to get Schiff out of Congress is to defeat him at the ballot box in 2020,

and that is exactly what I'm going to do!" said Early.

The goal of Schiff, Pelosi, AOC and the Squad, and the rest of the Democrat Party is to blanket the liberal media's news coverage with negative stories about Trump leading into the critical 2020 election next November.

Early, who has received the support of former New York City Police Commissioner Bernard Kerik, believes his goal is to:

- **Defend** President Trump against the Schiff-Pelosi impeachment sham, and
- **Fight** to defeat career politician, and national disgrace Adam Schiff in 2020!

Thanks to President Donald Trump, Americans are flourishing under one of the greatest economies in human history!
