

GOP: Snatching Defeat from the Jaws of Victory

By Karen Schoen

December 17, 2025

Over the last couple of weeks I have been receiving emails and texts from my listeners all saying the same thing – “Where is the GOP – Are they really MAGA?” In this time of turmoil, I wanted you to see what the people think. The following is a combination of their thoughts and concerns along with mine. Now since we have lost Miami largely due to GOP policy, I wonder if the GOP actually wants to win.

My listeners are getting more and more concerned that the GOP is more interested with fighting MAGA and Trump than winning elections? Because of the GOP’s lack of interest and poor messaging the GOP gave MIAMI, New York City, New Jersey and Virginia to the communists. Is the GOP more afraid of being called racist than they are of running a decent campaign. It appears that the only thing the GOP excels at is snatching defeat from the jaws of victory.

Is the RPOF (Republican Party of Florida) using our donations to purge RECs (Republican Executive Committee) rather than have a good "get out the vote" campaign? This is the fastest way to lose an election. Registering people to vote doesn't mean they will vote. 600,000

MAGA stayed home because the GOP didn't give them a good reason to vote. What would happen if they stayed home next year in Florida? This would chip away from the Republican lead. You MUST give the people a reason to vote. There are more Trump and MAGA supporters than Establishment Republicans. Trashing MAGA, TRUMP and Grassroots will lose elections regardless of your registration numbers. Eliminating other points of view makes it impossible to see the needs and concerns of your voters.

My listeners have voiced their opinion and feel the RPOF is wasting time and money fighting grassroots, MAGA like: Manatee Co, Committeeman of VOLUSIA County REC, Florida Republican Assembly, to name a few. The RPOF has directed all REC's to not host the Reclaim Campaign, which would improve election integrity. Is this the winning plan for Florida?

Once again, who is the RPOF working for? The candidates the RPOF selected and gave money and got elected have voted for bills and programs that actually harm their constituents. Why would people vote for a party that does them harm?.

1. Farm Bill giving Agricultural tax designation to utilities putting up destructive, expensive, inefficient

solar farms and raising electric rates.

2. Live Local Act and, SB 180, gives developers authority over local governments to rezone and create high density housing with the potential to reduce homeownership.

HB 479 takes local control of water (quantity, quality and pollution) out of the hands of local county elected officials and puts it in the hands of unelected regional councils.

3. Voting against HB359 – hand counting ballots Why would the RPOF want to reduce election integrity

4. Where is the student outreach program? Ignoring the college students will create a void which will be filled by Islamists. like CAIR Florida and other anti-American groups like DSA (Democrat Socialist Association). These people don't play. They are the real enemy with one goal: Divide and conquer. By going after MAGA and other grassroots, you are playing into their hands. Again 600,000 MAGA did not vote in NYC, VA and NJ. What happens if the same is done in Florida? Just think of the city Miami.

The Islamists and communists intend to take over the Florida Panhandle and fill the Florida House and Senate with Islamist Representatives and Senators. Their meetings are training sessions and they have no problem stating their goal. Where is the RPOF training and support? The lack of support cost us MIAMI. How many more cities will we lose?

My listeners really want to know "Whose side is the RPOF on???" Many feel like they are wasting their time and money with the RPOF. I have encouraged them to contact RPOF chairman Evan Power at epower@rpof.org. Is the same thing happening in your state? I was told yes from several listeners. Join your local chapter, use your voice. Make a change. Applying Knowledge is Power

Is America with saving?
