

# Grading For Equity, Men Beating Women in Sports, And Other Lies

Out in California, the land of fruits and nuts, school boards that control the educational levers for 5,200,000 American kids—are ready to pass a new grading system: “Grading for Equity.” In that new system, everyone “earns” an “A” whether they perform the work or not. As a former teacher in the “Inner City”, along with teaching in Boulder, Colorado—I can verify that once you delete standards, tests and discipline—you prepare students for lives of mediocrity, indolence and illiteracy. That prepares our civilization to dive into stupidity, poverty and failure.

The same “fruits and nuts” school boards advocate for biological men pounding the daylights out of biological women in every sport imaginable. What stands as the greatest tragedy in American academic and athletic history stems from the fact that “sane and rational” Americans haven’t stood up to the insanity of “transgender” boys competing against girls. Why haven’t all girls and women Boycotted any event where a biological man competes? Give every girl the courage of swimmer Riley Gaines. It would stop the madness, immediately.

And yet, the main stream media avoided covering everything from Biden’s Alzheimer’s Disease as early as 2019 all the way

to 2025. Not until his dementia-riddled mind could not function at the basic levels...did journalists like Jake Tapper write a book chronicling Biden's dementia. It's almost a sure thing that Karin Jean Pierre will write a book saying that until 2024's debate, "Biden was a sharp as a tack, and he ran circles around the White House staff."

Again, the lies at the highest levels escaped any legacy media coverage. Come on! Covid 19 originated in a Wuhan Virology Lab in China. Yet, the media lied through its teeth to keep us all in the dark.

My colleague, Victor Davis Hanson said, "For years, the Left has advanced utter untruths for cheap partisan purposes that they knew at the time were all false. And now when caught, they just shrug and say they were lying all along."

Once it was known that the first Covid case originated in or near a Chinese communist virology lab engineering gain-of-function deadly viruses—with help from Western agencies—the Left went into full persecution mode.

"They damned as incompetent, racist, and conspiratorial anyone who dared follow logic and evidence to point out that the Chinese government and its military were both culpable for the virus and lying."

"A million Americans died of COVID-19. Millions more suffered long-term injuries. Still, the left-wing media and the Biden administration demonized any who dared speak about a lab origin of the deadly virus."

The lies were designed to protect the guilty who had helped fund the virus' origins, such as Drs. Fauci and Francis Collins.

The Left media covered up the fact that Biden engineered 12 million illegal aliens into America in violation of our laws.

Our FBI under James Comey hired Steele as an informant. It helped disseminate his concocted files and was also instrumental in trying to subvert the Trump campaign and later administration.

No sane person ever believed that Hunter Biden's Laptop was the work of "Russian disinformation." Its contents a year before the 2020 election were verified by the FBI, but it kept mum about its confirmation.

Hanson said, "The pornographic pictures, the evidence of prostitution and drug use, the electronic communications implicating Joe Biden in his family's illicit shake-down operation of foreign governments—all were never challenged by anyone who was associated with the laptop's contents."

Biden cited lie after lie, to claim the incriminating laptop was fake. It was and is real! A lying media damned Trump as a puppet of Russian President Vladimir Putin. Biden, little more than a week later, won the 2020 election.

Even my own U.S. Senator Michael Bennet participated in the lies. He has stated, "Our broken immigration system..." ad nauseam. What he means is: we're not enforcing our immigration laws, so we need to make new laws that we won't enforce." It's like half of our U.S. Senate works overtime to destroy our America with the greatest invasion in history.

Then, you've got "nuts and fruits" like U.S. Senator Van Hollen (D-MD) going down to El Salvador to spring an MS-13 terrorist back into the United States. Let's not talk about 270,000 citizen drug-overdose deaths because of MS-13 drug distribution networks all over America. Van Hollen forgot about a Maryland woman of five children being brutally beaten, raped and killed.

The media fabricated the excuse that "comprehensive immigration reform" was needed to enforce federal immigration laws already on the books.

Notice, upon inauguration on Jan. 20, Trump, in a matter of days, stopped what Biden had deliberately engineered for years. And yet, the legacy media, that's Norah O'Donnell (now retired), David Muir, Lester Holt, MSNBC, NPR and PBS stand complicit in the cover-up of the invasion.

Biden's handlers engaged the Cloward-Piven Strategy to overload our welfare systems with millions of poor illegal aliens, dependent on social services, to swarm the borders.

If you look at the facts, Biden and his handlers have made a huge success with the present count of over 20-25 million people added to our country that violated our borders, and are sucking off our welfare and food systems—against all of us and our wallets. “All these lies have divided the country and permanently damaged the U.S.,” said Hanson.

What's worse, no one will ever be held accountable or go to prison.

In the end, our Legacy Media will never be trusted again. Joe Biden, his pervert son Hunter, his corrupt wife Jill Biden, and the entire Biden Crime Family will more than likely skip off into the sunset without missing a beat.

Finally, what is “Grading for Equity”? Its ultimate goal is to create a “dumbed down” citizenry that cannot think critically, vote wisely, or maintain this Constitutional Republic. (Note the people who vote for Maxine Waters, Ilhan Omar, Hank Johnson, Rashida Talaib, AOC, Pressley and other “mental midgets.”) Meanwhile, look at all those “fruits and nuts” cheering for “transmen” to beat the crap out of girls.
