

He Should Be Trump's #1 Choice for U.S. Attorney General

By: Devvy

March 18, 2024

President-elect Donald Trump is the presumptive GOP nominee. I use President-elect because contrary to the conspiracy theories by the prostitute media, Trump won the 2020 election. No question the massive and documented fraud cheated him out of his second term.

Right now, in between battling all the bogus lawsuits & indictments, he's going to have to make some critical decisions and announcements. I voted for Trump the first time and will vote for him again in Nov. (Our primary is over and I voted for him.)

However, and I think any honest supporter of Trump knows he relied on advisors he trusted for his picks for cabinets and the critical VP choice. In the end, he was betrayed and stabbed in the back by many of them. Mike Pence, Bill Barr, Jeff Sessions, slimy FBI Director, Christopher Wray to name a few.

I do believe Trump got a 'school of hard knocks' lesson on just how dirty and deep the influence of the shadow government is out in DC and this time around (hopefully) will nominate real warriors. Patriotic Americans who are not afraid of the shadow government. Individuals who have and will stand up to

the Democrat/Communist Party USA and fight for America first and the U.S. Constitution.

Last November I wrote Rep. Thomas Massie [R-KY] would make an excellent choice for Trump as a VP. Massie is one of the most constitutionally grounded members in the house, but he and Trump butted heads over spending years ago. However, Trump did endorse Massie for his reelection in 2022 despite the name-calling. In January 2024, Massie hit the campaign trail for Florida Governor Ron DeSantis. I was very disappointed and wondered just how much Massie really knew about DeSantis?

Kat is an expert on DeSantis:

[DeGovernor Shows His True Colors; Not My Kind of Guy](#), July 7, 2023 (Emphasis mine): “Most of those 4 months as Governor were spent preparing to ditch his constituents, jockeying with the Legislature to get the law changed so he could abdicate the governorship while keeping the office if he had to return to it.

“Several other bills were also passed at his behest, that allowed the Governor to seal all of his travel and visitor records (ala Obama), and **make machine voting mandatory**. Knowing as we all do, the inaccuracy/fraudulency of machine voting, why would anyone do this? He also gutted the citizens’ medical freedom bill to render it meaningless. WHY? Hint, none of this has anything to do with integrity.

“So much for DeSantis’ promises. Why would anyone believe what he says he will do for the country if elected, when he doesn’t stand by his word to Florida? Second, his endorsements and funding further define him. Ron DeSantis is openly endorsed by Jeb! Bush, Paul Ryan, Mitch McConnell, and scores of other RINO’s.”

[On the Occasion of a Visit from our Governor](#), Sept. 8, 2023 – [Floridians really should read this one]: “After roaming the world for a Presidential campaign *which he’d promised*

Floridians he would not undertake, Ron DeSantis deigned to come back to the state he was elected to govern.

“He was jeered Sunday night, as he spoke at a candlelight vigil for the dead in his hometown of Jacksonville, then returned to Tallahassee to tell people to listen to their local officials about the storm. Seems he could have done that from anywhere.

“After assuring his constituents that “we’ve got this”, he has held a few pressers, taken a bunch of calls, and done a lot of posturing for the cameras. His campaign is using videos of him reassuring people before the storm, trying desperately to close the 40+ point gap between himself and Trump, and prove what a great governor he is. [As Laura Loomer points out, this is illegal](#). But, oh, well.

“The first thing DeGov owes people in his state is an explanation of and solution for the homeowner’s insurance mess which has occurred under his leadership. The appearance of Idalia brought this to the fore. Insurance companies have been folding and/or leaving the state since 2019, and Tallahassee’s own Citizens Insurance is broke.”

[DeSantis is DeSperate, Seasons Blessings Not Coming His Way](#), Dec. 19, 2023 – “From the start, DeSantis angered many by breaking his promise to fulfill his second term as governor of the State of Florida. Then, he threw the \$80 million remaining in his gubernatorial campaign war chest into the run for POTUS...

“I KNOW that neither Santa nor God will forgive Governor DeSantis for his treatment of the J6 families in his state, until he comes clean and asks forgiveness. Nor, for the head-fake legislation on medical “freedom: and election “integrity”. Lots of us never will.

“Speaking of election integrity, MUCH more on Florida voting machines is coming next. Know how we’re all told “they’re not

connected to the internet"? Yeah. Stay tuned."

It's difficult to keep up with every candidate/incumbent for all levels of races for public office. How well I know and the more I read about DeSantis, I lost a lot of respect for him. Yes, he has good deeds to his credit such as dealing with natural disasters like hurricanes and this: [DeSantis Announces Florida Law Enforcement Interdicted Vessel of Haitians with Arms, Drugs](#), March 15, 2024. But dedicated truth seekers like Kat (who lives in Florida and has a long history of activism and writing) expose what his PR managers try to hide.

When Rep. Massie endorsed DeSantis I began to look at other qualified individuals for Trump's VP which did NOT include Vivek!, Kristie Noem, Tim Scott, Tulsi Gabbard (gag me) or any of the other names thrown around.

J.D. Vance is a Republican U.S. Senator from Ohio who had harsh words about Trump in 2016 & 2019, but like many others changed his mind. Trump endorsed Vance in his 2022 race. Apparently, this didn't sit well with some conservatives in Ohio, who vowed not to vote for Vance in his Senate race. Vance won anyway. Very pro-Second Amendment, build the wall, no amnesty, believes Dr. Death Fauci lied to everyone; strong on family, believes "Unborn babies are not inconveniences to be discarded", state legislatures should regulate the abortion industry. (That's exactly what it is.)

Vance does not believe the 2020 election was legitimate and has also publicly stated Trump did not engage in the worn-out "insurrection" lie. Donald Trump, Jr., publicly commented during an interview this past January on Newsmax: "You're never going to rule out someone that is a leading contender. It doesn't mean that's who you go with. I could see other people who would be great. I'd love to see a JD Vance."

Sen. Vance is a former Marine (short bio at bottom). [This is](#)

[where he stands on critical issues](#); not 'one liners'. Very much in alignment with Trump. No candidate is going to be perfect for every voter, but Vance is not afraid to stand up to the shadow government's minions and agenda. He is and always has been a "America First" man. If you feel he would make a good VP choice, send Trump a short message on his Trump Social, X and other social platforms as well as email.

While half the country has their head buried in the sand and believes the conspiracy theories and outright lies on the nightly "news" and cable networks, **our judicial system is absolutely broken and beyond corrupt**. Merrick Garland was rejected for a seat on the U.S. Supreme Court. Nominated by usurper "president", Hussein Obama, no doubt in my mind, Garland would like to see every conservative rot in some prison.

Tragically for this country, Garland is the current U.S. Attorney General. A slimy, lying POS Democrat who announced the appointment of another junk yard dog, Jack Smith, to 'get Trump' using "lawfare" and trying to bankrupt Trump along the way. Not to mention all these indictments are blatant election interference.

[Special counsel Jack Smith wasn't lawfully appointed, can't prosecute Trump, legal scholars say](#), Jan. 12, 2024

But who would be a great pick for U.S. Attorney General should Trump win in November if he isn't cheated again?

It has to be a fighter. A tried-and-true warrior who knows the law inside and out. My pick (although he would be sorely missed here) would be our (Texas) State Attorney General Ken Paxton who survived – unanimously not guilty on every charge after a senate trial – a 1,000% politically motivated impeachment last summer birthed by a drunk who is currently our RINO Speaker of the House in our state legislature. Yes, that's how he's known: Drunk Dade.

It's unbelievable voters in Drunk Dade Phelan's district in our March 5th primary sided with Phelan's RINO buddies and Democrats; there will be a run-off May 28th and pray David Covey wins. [Dade Phelan Races to Raise Money from Austin Establishment](#), March 14, 2024. [Shadowy DC PAC Backs Embattled Speaker Phelan](#) – "Conservative antagonists Karl Rove and Joe Straus are still messing with Texas."

A lot of Americans have become familiar with Paxton outside of Texas because of the lawsuits he's filed against the usurper in the WH, career criminal, Joe Biden and joint efforts with our governor regarding the deliberate and massive human invasion at the border.

What Americans outside of Texas don't know (well, maybe some do) is under Paxton's stewardship, he's done so much more which is why he is enormously popular in this state. Paxton's office handles more than 30,000 cases a year with 4,000 employees, 750 attorneys, 38 divisions and 117 offices in this state.

Human trafficking: "Texas is on the forefront of combating this hideous crime. In 2016 – in one of his first major initiatives – Attorney General Paxton formed the Human Trafficking and Transnational/Organized Crime Section (HTTOC), tasked with combating human trafficking across our state." There's [a hundred more](#) but you can see Paxton fights back and is aggressive in going after liars, crooks, criminals, illegals and corporations out to cheat taxpayers. Paxton is a staunch and consistent supporter not of just the Texas Constitution, but the U.S. Constitution.

Paxton's been a bull dozer going after Biden and taken one beating after another by the liberal prostitute media in this state. **They never miss a chance to try to smear him.** No question in my mind whatsoever as Trump's U.S. Attorney General, we would see timely prosecutions instead of the old legal trick of letting "the clock run out", meaning statute of limitations expire.

Ken Paxton is exactly the kind of fighter Trump needs as U.S. Attorney General in my humble opinion. It would be a shame to see him leave as our State Attorney General but we are at a critical time in our history and we need a Goliath for U.S. Attorney General.

Trump is going to likely be making announcements in the not-too-distant future. If you feel Paxton would make a good U.S. Attorney General choice send Trump a short message on his Trump Social, X and other social platforms. [Or, email him directly.](#) I have.

Make your voice heard. Trump needs to hear from average Americans and what We the People want, not RINO's in the old establishment out there in the District of Criminals sold out to the highest bidder.
