

Hillary Clinton usurped office of Secretary of State

The nauseating accolades bestowed upon Comrade Clinton for her failed and unlawful stint as Secretary of State is simply more propaganda fed to ignorant sycophants who haven't a clue about world events. I say unlawful because Hillary Rodham Clinton usurped the office of Secretary of State. Prior to her confirmation, members (both parties) of the Senate Judiciary Committee were told by Judicial Watch a lawsuit would be filed to stop Comrade Clinton from holding that office because it violated the emolument clause of the U.S. Constitution. What is that?

Judicial Watch, November 1, 2011. Article I, section 6 of the U.S. Constitution provides:

“No Senator or Representative shall, during the Time for which he was elected, be appointed to any civil Office under the Authority of the United States, which shall have been created, or the Emoluments whereof shall have been increased during such time.”

“This provision, known as the “Emoluments” or “Ineligibility” clause is an absolute prohibition and does not allow for any exceptions. The “Ineligibility Clause” is interpreted by most as designed by our Founding Fathers to protect against corruption and ensure the separation of powers among the three branches of government. On January 29, 2009, Judicial Watch filed a lawsuit against newly confirmed Secretary of State Hillary Rodham Clinton on the ground that she is constitutionally ineligible to serve as Secretary of State under the Ineligibility Clause.

“The “emoluments” or salary of the U.S. Secretary of State increased at least three times during Mrs. Clinton's most

recent U.S. Senate term. That term, which began on January 4, 2007, does not expire until January 2013, regardless of Mrs. Clinton's recent resignation. Judicial Watch's lawsuit is on behalf of Foreign Service Officer and State Department employee David Rodearmel, a retired Lt. Col. in the U.S. Army Reserve Judge Advocate General Corp. The lawsuit maintains that Mr. Rodearmel cannot serve under Secretary of State Clinton as it would force him to violate an oath he took as a Foreign Service Officer in 1991 to "support and defend" and "bear true faith and allegiance" to the Constitution of the United States.

" For more information on Mr. Rodearmel, see below. In December 2008, Congress attempted to evade the clear prohibition of the Ineligibility Clause with a so-called "Saxbe fix," reducing the Secretary of State's salary to the level in effect on January 1, 2007. This maneuver, first used in the Taft Administration, has been more frequently used in recent years by both parties, most notably allowing Republican Senator William Saxbe to become U.S. Attorney General in 1973 and Democratic Senator Lloyd Bentsen to become Treasury Secretary in 1993. A similar "fix" has been enacted for Senator Ken Salazar to join the Obama Cabinet as Secretary of the Interior. These attempted "fixes," however, are insufficient, as they cannot alter the historical fact that – as in Mrs. Clinton's case – salaries increased during the terms for which these officials were elected, thereby violating the Ineligibility Clause.

"The lawsuit was reviewed on an expedited basis by a special three-judge panel of the U.S. District Court for the District of Columbia who held that Mr. Rodearmel did not have standing and did not comment on the constitutional questions. Judicial Watch filed an appeal to the U.S. Supreme Court. On June 7, 2010, the Supreme Court refused to hear the case "for want of jurisdiction", essentially upholding the lower court's ruling that Mr. Rodearmel did not have standing for the lawsuit."

This is a written statement by David Rodearmel regarding his filing against Comrade Hillary.

The gutless cowards (both parties) on the Senate Judiciary Committee thumbed their noses at the U.S. Constitution once again with disastrous results. There's no question at that time, Senator Patrick "Leaky" Leahy [D] knew and plowed forward getting her through. And, what did Republicans on the Senate Judiciary at the time do? Why, nothing, of course – the same as the entire CON-gress to accommodate the ineligible con artist in the White House. Here is this massive legal question hanging, a lawsuit by Judicial Watch and Republicans, as usual, allowed yet another individual to usurp a high office.

The two who opposed her nomination were Republican Senators Jim DeMint (retired) of South Carolina and David Vitter of Louisiana. I wasn't surprised the jackass who 'represents me', Sen. John Cornyn, voted to confirm her. Then Republicans bitched, moaned and groaned when she did something they didn't like.

A major focus during this presidential preference primary season will be what accomplishments can Mrs. Clinton claim as U.S. Senator? None, but she is a committed Marxist for "social justice" and the completely debunked 'global warming' aka 'climate change' scam. How about as Secretary of State? None, just the opposite: think Benghazi.

Hillary the Hun, like Lyin' Ted Cruz, simply used the same tactics as the criminal impostor in the White House: she bluffed her way into the office of Secretary of State. She committed fraud and will never lose a second of sleep over it. Barry Soetoro aka Obama has unlawfully held the office of president since January 2009. Hildebeast aka Hillary, constitutionally never held the office of Secretary of State. ANY current member of the U.S. Senate who was in office during the time of her confirmation should never, ever say they support the Constitution again because it's a lie. They

confirmed another usurper.

Hillary's supporters don't give a tinker's damn because they are as morally and ethically bankrupt as she is from career food stamp recipients to lawyers and friends in high places, she can do no wrong. Most under the age of 30 have no idea the havoc that slut Hillary's married to did to this country while he defiled the White House. Bill Clinton is well loved by Democrats who are either too stupid to understand what a dirty traitor he is (selling our most sensitive secrets to the COMMUNIST Chinese) or they simply don't care.

The illusion called Bill & Hillary Clinton as some sort of champions of the down trodden is just that. Both of them, like Barry Soetoro aka Obama, are malignant liars and narcissists. They care nothing for those they claim to care about. They are as ruthless as the mafia, make no mistake about that. The quintessential criminal enterprise who have gotten away with fooling Americans for decades because Congress, compromised judges and the corrupt [In]Justice Department have turned a blind eye all these years.

Hillary said there's no way she would ever wear handcuffs. It's the way she said it and a look that tells the story. The Clinton duo is a machine that plays dirtier than any politicians in my lifetime and I'm no spring chicken. They are famous for digging up dirt on opponents and inventing when necessary. If anyone thinks that woman is going to go quietly into the night underestimates just how rotten and corrupt Hillary Clinton is and to what lengths she will go to protect herself. Hell, it wouldn't surprise me if one day she decides to throw Bill under the bus if it means saving herself.

Another travesty to protect the Clinton's while the cattle who support Comrade Hillary graze out there in America:

Judge appointed by Clinton tosses case against ... Clinton – RICO allegations dismissed without evidence being presented,

August 11, 2015 (Of course not. Evidence would put Bill & Hill in a federal prison where they belong.)

We shall see in the not too distant future whether or not that vile female will finally be held accountable through an indictment as a result of the FBI investigation into her emails endangering national security.
