

Hillary Clinton's love of Islam

"Let's be clear: Islam is not our adversary. Muslims are peaceful and tolerant people and have nothing whatsoever to do with terrorism." -Hillary Clinton Nov. 16, 2015.

"Radical Islamists intend to create an even larger Islamic state based on the ancient precepts of Radical Islam, and they are fully prepared to use absolute violence to achieve it." - LTG Michael T. Flynn, The Field of Fight

Hillary and Chelsea Study Islam

The March, 25, 1996 San Jose Mercury News contained an article, "First Lady Studying Islam Faith." In part, it states the following:

Clinton and her 16-year-old daughter, Chelsea, who studied Islamic history in school, are off on an eight-day international trip whose main theme is religious tolerance.

They'll visit the Bosnian city of Tuzia to cheer up U.S. troops and meet with religious leaders.

Then it's off to Turkey for some sightseeing and more religious discussion at the Islamic Cultural Center in Istanbul.

Throughout her journey, Clinton will preach "a theme of religious harmony," according to an aide.

You'd have thought the two of them would have figured out that Islam is a political system, not a religion, and that 96% of all Islamic doctrine subjugates women. They obviously couldn't care less. You never hear the National Organization of Women say squat about the inhumane treatment of females by Muslim men.

It was only too obvious at the Democratic Convention with Khizr Khan's wife standing silent beside him with her hijab covering her head. We now [know all about Khan](#) and his use of his dead son, who has been gone for over 12 years, as a ploy for Hillary and against Donald Trump.

Hillary Sides with Obama and Jarrett on Muslims

Valerie Jarrett is an Iranian Muslim. She also has five secret service agents, and I wonder why. In 1977, while at Stanford University, she stated, "I am an

Iranian by birth and of my Islamic faith. I am also an American citizen and I seek to help change America to be a more Islamic country. My faith guides me, and I feel like it is going well in the transition of using freedom of religion in America against itself."

Jarrett's father, Vernon, was an avowed communist. The Chicago connection is also there, the Mayor of Chicago, Richard M.

Daley, was Valerie's former boss. Richard's brother William M. Daley, was Obama's former Chief of Staff.

Hillary even sided with George W. Bush regarding Islam by referencing a speech he made where he stated, "We must all stand up against offensive, inflammatory, hateful anti-Muslim rhetoric." I lost total respect for Dubya when he said about Islam, "We all worship the same God." Sorry Georgie, but you do not know God's Word.

Iranian Islamist, Valerie Jarrett, is President Obama's Senior Advisor. Secretary of State, John Kerry, has an Iranian son-in-law. Hillary's top aide for over 20 years is an Islamist! They are all in love with Islam!

Of course Hillary, whose youth was infiltrated with Saul Alinsky Marxist propaganda, ignores the once sound teaching of her Methodist "faith," and embraces Islam as though it's equal in stature to our Judeo-Christian faiths. Hillary Clinton told [Women in the World Summit](#) that Christians must deny their faith through the enforcement of laws, by stating that the Christian belief in being pro-life, and anti-abortion, must change, and that this should be done through laws and "political will."

Sorry Hillary, but God said, "Choose Life" in Deuteronomy, and I'll stick with Him! More on Hillary's love of baby murder in another article.

Jihadi Hillary

Last November, Hillary Clinton, the American woman most responsible for the current refugee crisis in the Middle East, blasted Republicans for not wanting to accept unvetted Syrian Muslim refugees in the aftermath of the Paris terror attacks. It seems the entire left has a strange love of Islamists, and actually prefer Muslims over Christians. Islamic countries are daily murdering Christians, and yet Hillary and her likeminded pals want to flood our nation with more of them! [The rapes,](#)

[murders, pillaging, and destruction taking place in Europe](#) doesn't seem to bother them one iota. See the shocking video below.

Neither did Ft. Hood, Orlando, San Bernardino, Muslim snipers in Tacoma, Washington, the Boston Marathon, Chattanooga, TN, and countless other single murderous attacks. [\[Link\]](#) Second class citizenry for females, honor killings, the covering of their entire bodies, murder of wives, female mutilations, decapitations, acid thrown in women's faces, stoning if they make the mistake of talking to another man, or getting raped, torturous murder of dogs and animals, hatred of Jews and Christians, nothing seems to bother these leftists and their love fest with Muslims. Trump v. Clinton

Mr. Trump believes the Constitution covers everyone who is an American citizen, and rightly it should. He has stated that the LBGTQ community has the right to be protected just like any other citizen. It is why, after the Orlando massacre of 50 people in a gay nightclub by a Muslim, Mr. Trump again stated that we must stop the influx of all these foreign Islamist refugees until we can vet each and every one of them. Islam hates gays. [Executions for being gay have been carried out in Iran and Saudi Arabia](#), and eight other Muslim nations have laws against homosexuality.

So how does this wash with Hillary Clinton's love of Islam and her alleged pro-gay marriage stance. How too does this stance hold up with Hillary's statement in Newsweek in early 2011, where she stated, "I believe that the rights of women and girls is the unfinished business of the 21st Century."

Really Hillary? Sounds pretty cold and devious to me. If you love Islam and want another 550% brought into our country, then how can you say you'll protect the rights of gay Americans or of American women and girls? [Europe is](#)

[experiencing a rape fest via Islamist refugees!](#)

It's a dichotomy Hillary, and it doesn't wash! Your words belie your actions!

Hillary's Caretaker, Huma

Abedin

Hillary Clinton's top campaign aide, for a decade, [edited a radical Muslim publication that opposed women's rights and blamed the US for 9/11](#). Huma Abedin was assistant editor of the *Journal of Muslim Minority Affairs* working under her mother, who remains editor-in-chief. She was also working in the White House as an intern for the first lady, Hillary Clinton.

Huma began working for Hillary in 1996, when she was a 19-year-old intern fresh from George Washington University assigned to the First Lady's office. Her mother convinced her to take the job, and now 20 years later, she is Hillary's traveling chief of staff, a senior adviser, and a deputy chief of staff when Hillary was secretary of state. She is the vice-chair of Hillary's 2016 presidential campaign.

She has one child and is married to the infamous sextist, Anthony Weiner, although they [recently separated](#) after his latest sexting scandal. They were married by President Bill Clinton, but unlike Hillary, Huma is not standing by her man.

Back in 2012, the press asked Trump about Anthony Weiner. Trump said he knew the guy was a grade A jerk then. Weiner's latest sexting with his little boy snuggled up next to him on the bed in the background proves Trump was right. [In this one-minute video](#), Trump calls Weiner a whack job pervert.

Huma's Radical Islamic

Ties

Her mother, Saleha Mahmood Abedin, is Pakistani; her late father, Syed Zainul Abedin, was Indian.

When Abedin was two years old, the family moved to Jidda, Saudi Arabia, where, with the backing of [Abdullah Omar Nasseef](#), then the president of King Abdulaziz University, her father founded the [Institute of Muslim Minority Affairs](#). Nasseef served as Secretary General of the [Muslim World League](#), which was specifically mentioned as a funding source by Osama Bin Laden. (The Saudis kept the Muslim League off terrorist lists to protect Huma Abedin.) In addition to Al Qaeda finance connections, Nasseef also worked for a group of Hamas financiers. So did Huma's mom. The purpose of the Muslim League was to support efforts to proselytize Islam in the West.

After Syed died, his wife, Saleha, succeeded him as director of the institute and editor of the Journal, positions she still holds. She has also been active in the *International*

Islamic Council for Da'wa and Relief, which is now headed by Nasseef and was banned in Israel because of its ties to the [Union of Good](#), a pro-Hamas fund-raising network, run by [Yusuf al-Qaradawi](#).

The Obama White House recently hosted Qaradawi's principal deputy, Sheikh Abdulla bin Bayyah, who also endorsed the fatwa calling for the killing of U.S. troops, Jews, and Americans along with personnel in Iraq.

In an article in [Breitbart](#), Roger Stone stated, "[Omar Abdul Naseef](#), who also founded the [Rabita Trust](#), was identified by the Department of Justice as one of the funders of the attack on America on 9/11. Those are indisputable facts. Huma also comes out of the *Institute for Muslim Minority Affairs*, as did Mr. Khan, who of course got quite a bit of press at the Democratic convention. Two radical Islamic organizations."

Huma's mother, Saleha Abedin, is closely tied to the Muslim Brotherhood and to supporters of violent jihad. Among other things, she directs an organization – the [International Islamic Committee for Woman and Child](#).

Saleha Abedin is an influential sharia activist who has published a book called, *Women in Islam*, that claims man-made laws enslave women. It is 'women's rights' in the repressive sharia context. It reportedly provides sharia justifications for such practices as female-genital mutilation, the death

penalty for apostates from Islam, the legal subordination of women, and the participation of women in violent jihad.

Huma Abedin Emails

Several of Abedin's emails on Hillary Clinton's server [have drawn scrutiny](#) amid accusations that donors to the [Clinton Foundation received special access](#) to the state department. Watch the hour long [Clinton Cash movie](#) for full documentation.

Charles Grassley (R) of Iowa is Chairman of the Judiciary Committee and has questioned [Abedin's arrangement](#) to earn income privately while she worked for Mrs. Clinton at the State Department. In addition to being on Hillary's personal payroll, Abedin received money from the Clinton Foundation and Teneo, a consulting firm founded by Doug Band, formerly a senior aide to Bill Clinton. [See my previous article on Teneo.](#)

Islam and Its Barbaric Convictions

In General Michael T. Flynn's book, [The Field of Fight](#), on page 110, he states the following:

Islamists want to impose a worldwide system based on their version of Sharia law that denies freedoms of conscience, choices, and liberties. Basic freedoms! When one starts messing with freedom of conscience, one is not only violating the U.S. Constitution, but also denying a universal human right. I firmly believe that Radical Islam is a tribal cult and must be crushed. Critics get buried in the details of sunna, hadiths, the umma, and the musings of countless Muslim clerics and imams.

These so-called Islamic scholars keep their message so complicated so as to create chaos, to confuse in order to control. Mao, Pol Pot, Stalin, and Mussolini were more transparent. Sharia is a violent law that is buried in barbaric convictions.

Perhaps the scariest part about this to a man who grew up in tiny Rhode Island is that the Organization of Islamic Cooperation (OIC) now says if we criticize the Prophet or Islam, we can be charged with blasphemy. That is like saying as a Roman Catholic (and a St. Mary's School-education Catholic at that), I cannot criticize the priests who rape and the cardinals and bishops who cover it up.

If General Michael T. Flynn finds Radical Islam and their demands scary, then we all had better realize what a massive and overwhelming danger we would face with Hillary Clinton in our White House.
