

Hillary loves Margaret Sanger and planned parenthood

"Laws have to be backed up with resources and political will. Deep seated cultural codes, religious beliefs and structural biases have to be changed." –Hillary Clinton on abortion

"I accepted an invitation to talk to the women's branch of the Ku Klux Klan."–Margaret Sanger

"The most merciful thing that the large family does to one of its infant members is to kill it." –Margaret Sanger

"There is only one reply to a request for a higher birthrate among the intelligent, and that is to ask the government to first take the burden of the insane and feeble-minded from your back. [Mandatory] sterilization for these is the answer." –Margaret Sanger, "The Function of Sterilization." Birth Control Review, October 1926

Michael Bresciani's recent article in the Christian Post spells out the foolishness of some of our electorate when he writes, "[The land of high perversion and dead babies goes self-righteous on Trump?](#)" Although I seldom read or agree with the Christian Post, Bresciani makes perfect sense in this article. Hillary's campaign is serving up a circus sideshow to distract us from the multiple horrific problems facing Americans today. Those problems will never be ameliorated by the likes of Hillary Clinton.

Bresciani goes on to say, "Will we spank Trump by electing the dowdy little self-serving woman who can't tell the difference between a rapist and a husband, the truth and a lie, and the difference between soldiers and ambassadors who deserve our best protection and the need to hide her secret plan to deceive and save face at the cost of their brave lives? If we succeed in putting Hillary Clinton in the White House, we will

also succeed in bringing about the last days of this nation. Don't delude yourself into thinking I am talking about NWO and last day's eschatological fare – I am talking USA.”

Saving America or Allowing Destruction

Some of our electorate vote for or against candidates on single issues. The two largest of these are pro-life and pro-second amendment. Trump is both, Hillary is not. Right there is our only vote. Don't deceive yourself into believing that if you stay home and fail to vote that it isn't a vote for Hillary, because it is...and you will be guilty of aiding in the final destruction of America.

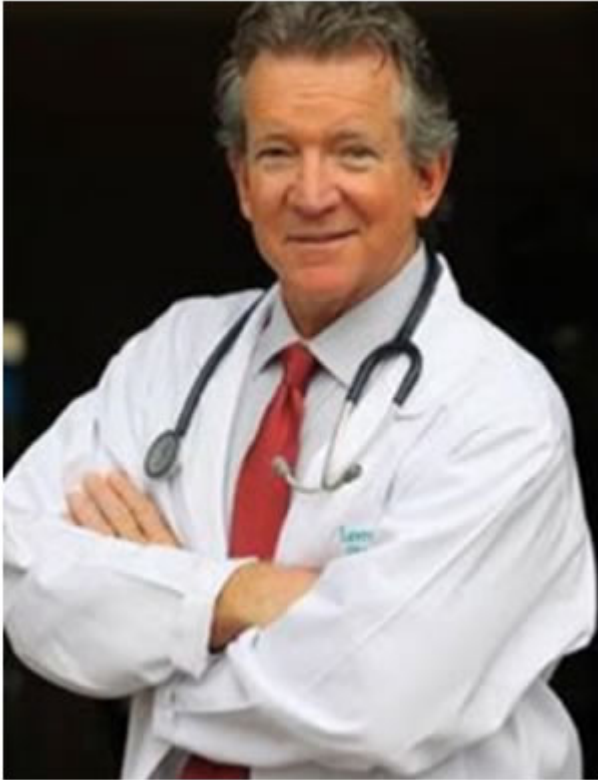

If anyone believes that God's Hand of blessing is fully on this nation after we've murdered 60 million babies since 1973, they are living in a dream world...and have never opened the manufacturer's handbook. Hillary claims to be a Christian, but her actions belie her lying words.

Hillary's love of abortion is equal to that of [Obama's, who voted four times in the Illinois legislature against the Born Alive Infant Protection ACT](#) (BAIPA). This ACT protected babies who survived abortion, but Obama voted in favor of leaving them to die. A vote against this legislation was a vote for infanticide.

During the February 6, GOP debate, Sen. Marco Rubio, R-FL, said that Hillary Clinton "believes that all abortions should

be legal, even on the due date of that unborn child.” He was right! Clinton [voted](#) to oppose the partial-birth abortion ban in 2003.

She made that clear in the last debate.

Lawrence K. Koning, MD, FACOG, said, “As an ob/gyn physician for 31 years there is no medical situation that requires aborting / killing the baby in the third trimester to “save the mother’s life.” Just deliver the baby by c/section and the baby has 95+% survival with readily available NICU care even at 28 weeks. C/section is quicker and safer than partial birth abortion for the mother.”

Hillary’s love of the butchery of Planned Parenthood should be enough for pro-lifers to vote for Donald Trump.

The Lord has given us an opportunity to turn our nation around, and the globalist socialists like Hillary will do anything they can to stop the man given to us who can accomplish the goal of saving our country. This includes the fake outrage, and outright lies by the media and the phony rightwing neo-cons over an illegally taped conversation from a dozen years ago. I’ve heard far worse in my lifetime, that’s

for sure.

Barry Goldwater knew all about the leftist cabal back in the early 60s. He said, "If everybody in this town (D.C.) connected with politics had to leave town because of chasing women and drinking, you would have no government."

[Bernie Marcus, co-founder of the Home Depot said](#), "When Trump made those statements, he was not a member of congress, he was not a politician, he was in show business when he made those remarks, and what does that have to do with what's happening today?" Absolutely nothing!

Hillary and the Catholic Church

[Father Michael Orsi spoke at the National Day of Remembrance for aborted babies](#). He made it clear that we are in a battle for the soul of America and that the pulpits must speak out. Their tax-exempt status means nothing compared to the destruction that will result if Hillary Clinton is elected. "Somehow, Christians have come to buy the story that you cannot be political in church," said Orsi. "Let me tell you right now, oh yes, you can, and oh, yes, you better be. Because you might not have a church to go to if you don't vote the right way in November."

Father Frank Pavone states why he is voting for Donald J. Trump, "The reason is simple: this presidential election is not about a choice between him and someone better; it's between him and someone far worse."

Pavone added, "Moreover, it is not ultimately about either one of them, but rather the good of the nation as reflected in two things: a) What will they do, and b) Who comes into power with them."

The new WikiLeaks dump from Clinton campaign, [chief John Podesta's emails, reveals that Podesta created a couple of activist groups for the sake of undermining the Catholic](#)

[bishops](#) and the Church's authority.

In the 2011 e-mail chain, a progressive activist named Sanford "Sandy" Newman e-mailed Podesta to suggest collaboration on a way to do this. He said, "There needs to be a Catholic Spring, in which Catholics themselves demand the end of a middle ages dictatorship and the beginning of a little democracy and respect for gender equality in the Catholic Church."

The latest WikiLeaks' emails reveal the smug contempt of globalist liberal elites for Catholics, Evangelicals, Southerners, and even Hispanics loyal to them, who they've actually called "needy Latinos." The contents of these emails correlate with the revealed bigotries of Hillary Clinton and Barack Hussein Obama.

Let me ask, which Christian denominations stand steadfast against the slaughter of the unborn?

Hillary Loves Abortion

Get this into your mind, Hillary LOVES Planned Parenthood and their founder! Planned Parenthood is endorsing and supporting the Democratic candidate. In January, the organization announced that it was breaking a 100-year-old tradition to endorse Clinton during the primary races. Planned Parenthood is promising to spend a seven-figure sum to aid Democratic candidate Hillary Clinton in Michigan, Virginia, and Texas.

Of course, it's all so the murder of the unborn, and sale of their body parts, will continue and escalate under a Hillary presidency. Back in 2012, I wrote [Culture of Death](#), regarding the use of these little ones' bodies for profit. Now it has been fully exposed! Where is the outrage? Where is the church? And why would anyone vote for this vile, filthy, hate-filled

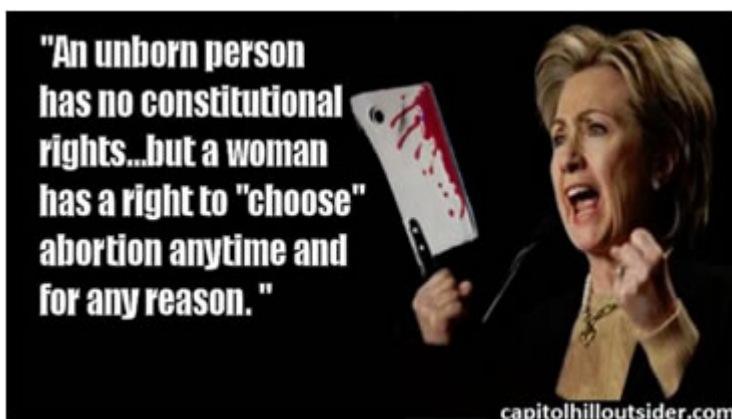

evil woman?

“As president, I will always have your back,” Clinton told the assembled Planned Parenthood activists. She unapologetically proclaimed support for abortion rights: “Defending women’s health means defending access to abortion – not just in theory, but in reality.” She called for the expansion of Planned Parenthood’s funding for non-abortion women’s health services and **for federal funding of abortion**, and she name-checked transgender health issues and reproductive justice activists. In a room that was rapt and grateful, she fluently spoke their language.

Hillary believes Trump will reverse progress for women, when the real fact is that Trump is a devout pro-lifer, and he believes Planned Parenthood’s murder of the innocent unborn should never be funded by taxpayer dollars!

Margaret Sanger’s Hatred

Margaret Sanger’s ideology was cemented in eugenics, the extermination of certain groups of people. Sanger was extremely vocal on her beliefs and what her newfound organization would do. In 1939, she said, “We do not want word to go out that we want to exterminate the Negro population.”

How I wish America’s black population knew what great love and admiration Hillary had for a woman who wanted to exterminate their entire race!

Last year, Hillary Clinton accepted Planned Parenthood’s

Margaret Sanger Award, named after the founder of the American Birth Control League, which changed its name to Planned Parenthood in the 1940s. In her remarks, Clinton singled out the namesake of the award for praise, "Now, I have to tell you that it was a great privilege when I was told that I would receive this award. I admire Margaret Sanger enormously, her courage, her tenacity, her vision ... And when I think about what she did all those years ago in Brooklyn, taking on archetypes, taking on attitudes and accusations flowing from all directions, I am really in awe of her."

In her book, "[Pivot of Civilization](#)," Sanger penned her thoughts regarding immigrants, the poor, and the error of philanthropy. Sanger's ideology of racial and social hygiene bleeds through her writings on breeding an ideal human race and she stated, "They are...human weeds,' 'reckless breeders,' 'spawning... human beings who never should have been born."

She also stated, "I think the greatest sin in the world is bringing children into the world."

Hillary's Former Obstetrician

Dr. William Harrison, OB, GYN, proudly admitted to doing some 20,000 abortions, and he counted Hillary Clinton as his

patient and fellow pro-choice advocate when she was expecting Chelsea and afterward. Harrison died in 2010 of leukemia, but he thought he was doing God's work as an abortionist. Like Hillary, he was a Methodist, and the Methodist Church they were part of is strongly pro-abortion. Harrison was the largest abortion provider in Arkansas. [[Link](#)]

The Socialist Owned Media

Oh, how I would love to go back to the years where there were actually newspapers like the Chicago Tribune which were conservative and fed us the truth. That was 50 years ago, and yes, I remember because my mother started reading that paper to me when I was five years old! Now we are fed propaganda daily on every channel, and that includes Fox News. Other than a few like Lou Dobbs, Judge Jeanine Pirro, and sometimes Hannity, we are starved for the truth. The socialist media's support for a corrupt and evil globalist like Hillary is beyond words, and it's been exposed by WikiLeaks and the FBI.

This is the same woman who recently said, "You could put half of Trump's supporters into what I call the basket of deplorables. . . the racist, sexist, homophobic, xenophobic, Islamophobic – you name it. . . some of those folks, they are irredeemable." Hillary points a finger at Trump supporters, but three are pointing back at her...she's the one who is truly irredeemable.

Excuse me, Hillary, those “deplorables” are pro-lifers, pro-second amendment, God fearing Jews and Christians, who want our borders closed, who want our vets cared for, who want these insane wars stopped, who want jobs back in America, who want reasonable healthcare, who want our schools to go back to academic teaching, and who want our politicians to obey the Constitution they swore an oath to uphold.

When they oppose abortion, are they “clinging” to their “guns or religion” to express their “frustrations,” to borrow from then-candidate Barack Obama’s dismissive comments? No, they long for the America that was the land of the free and home of the brave, and the America who did not murder our unborn in their mothers’ wombs. They want a prosperous and strong America for their children and grandchildren.

Actor Jon Voight perfectly expressed his thoughts about this crucial election. Take a few minutes and listen to what he says.

Any Christian who votes in a way that enables Hillary Clinton to become president, empowering her to name Justice Scalia’s replacement and pack the courts with pro-abortion radicals, must be prepared to accept responsibility for the continued carnage of the unborn and the inevitable restrictions on religious liberty.

God has given us the choice to save our nation from her final destruction, but it can be accomplished with only one candidate. We absolutely must give Donald J. Trump the opportunity to save our beloved country. This election is really our last chance.
