

Hillary Rodham Clinton: An exceptionally dishonest life

Hillary Clinton lives a very dishonest life. From the time she enjoyed “first lady” status as the wife of Governor Bill Clinton in Arkansas, to her time as the president’s wife in the White House—all the way to Secretary of State of our nation—Hillary Rodham Clinton told-tells so many lies—she thinks lying equates to normality.

Beyond her slinging “F-words” toward her servants in Arkansas to raging “F-bombs” at Secret Service agents in the White House as documented in a half dozen books, she tolerated-condoned her husband who broke every moral code of marriage and ethics during his tenure of power.

She continued(s) her deceptive-dishonest life in order to gain and maintain power at the highest levels of government.

Lord Acton, 1834-1901, said, “Power tends to corrupt, and absolute power corrupts absolutely. Great men are almost always bad men.” (The same can be said for such women as Hillary Clinton.)

No woman with any moral or ethical fiber within her being would tolerate her husband lying repeatedly over the years, cheating on her over the decades and having sex with 21 year old intern Monica Lewinski in the Oval Office of the White House.

At one point as a young lawyer in the Watergate proceedings, she faced discipline for lying and malfeasance, which Jerry Zeifman, a democrat—fired her.

This quote comes from FoxNation February 25, 2014:

“As Hillary Clinton came under increasing scrutiny for her

story about facing sniper fire in Bosnia, one question that arose was whether she has engaged in a pattern of lying.

“The now-retired general counsel and chief of staff of the House Judiciary Committee, who supervised Hillary when she worked on the Watergate investigation, says Hillary’s history of lies and unethical behavior goes back farther – and goes much deeper – than anyone realizes.

“Jerry Zeifman, a lifelong Democrat, supervised the work of 27-year-old Hillary Rodham on the committee. Hillary got a job working on the investigation at the behest of her former law professor, Burke Marshall, who was also Sen. Ted Kennedy’s chief counsel in the Chappaquiddick affair. When the investigation was over, Zeifman fired Hillary from the committee staff and refused to give her a letter of recommendation – one of only three people who earned that dubious distinction in Zeifman’s 17-year career.”

Why?

“Because she was a liar,” Zeifman said in an interview. “She was an unethical, dishonest lawyer. She conspired to violate the Constitution, the rules of the House, the rules of the committee and the rules of confidentiality.” (Several fact checks contest the proceedings, but cannot definitely vanquish this event.)

Have you noticed that Chelsea Clinton does not look like Bill or Hillary Clinton?

This quote came from Robert Morrow: “Hillary also had affairs with Webb Hubbell (Experts think Chelsea is the offspring of Webb Hubbell) and Vince Foster was her emotional husband.”

In the book *Passion & Betrayal* by Jennifer Flowers, the blond model described her 12-year affair with Bill Clinton descriptively and compellingly. Historians may read the book for a clearer understanding of the ‘real’ Bill Clinton. He

shared the same dishonest and deceitful life as his wife Hillary.

During her time as Secretary of State, she utilized Muslim Brotherhood female aide Huma Abedin to counsel Hillary and push Abedin's Islamic influence into the White House. Today, no less than 13 Muslims aide and direct Barack Hussein Obama including the head of the CIA, John O. Brennan, who converted to Islam.

While Secretary of State, she illegally used outside and insecure email servers to carry on our nation's highest top secrets of classified information. That's a direct violation of our laws and punishable by prison.

Additionally, in 2012, she ignored calls from Ambassador Stevens as to the dangers facing him and his staff in Libya. She failed to send in Special Forces in the area to protect Stevens' life and that of embassy staff. Four perished.

She later explained and gave excuses, "What difference did it make?"

Four good men lost their lives as well as the anguish of their families. Hillary Clinton, like all bureaucrats enjoys 24/7 protection from harm. Additionally, she created a story that a video against Islam caused the attack, which proved totally false.

After leaving the White House, she complained about being broke, when in fact, a retiring president commands in excess of \$200,000.00 a year for the rest of his life.

Right now, investigators could indict her for her lies as to the emails, Benghazi and many of her activities with overseas money known as the "Panama Papers." Because she enjoys insider power, many others cover up for her and she covers for them. We may never know the truth about Benghazi, just as we may never know the truth about how, where and the 'who' of Barack

Obama's origins.

Today, Hillary steps in front of adoring crowds with her anticipating to become the first female U.S. president. Most don't know about her past, don't care about her lies or her vindictive personal behavior. They expect to vote along party lines with their emotions.

She told reporters that America needs to inject more than 75,000 Syrian refugees, as if none of them will instigate the next Brussels, Belgium or Paris, France terrorist attacks in America. She neglects to mention that African-Americans struggle horribly in today's economy. She neglects the 1.5 million homeless Americans as well as 14 million unemployed, but expects to place all those refugees on welfare. She forgets that America suffocates under a \$19 trillion debt. She fails to comprehend that America imports 1.2 million legal immigrants annually with 91 percent of them subsisting on welfare paid for by struggling Americans. She promises amnesty for 20 to 30 million illegal aliens violating our nation's borders. She refuses to secure America's borders.

If a life of deception and dishonesty propels Hillary Rodham Clinton into the White House again, the utter moral, ethical and reasoned foundation of the U.S. Constitution and the American people will flush into the toilet of history. While she dresses nicely, speaks eloquently and dances her dance—she cannot out talk, out run or out last her exceptionally dishonest life.
