

His Birth, His Death. His Resurrection

"I hold the precepts of Jesus, as delivered by himself, to be the most pure, benevolent, and sublime which have ever been preached to a man." Thomas Jefferson to Jared Sparks, November 4, 1820

In two days, Christians by the billions around the world celebrate the birth of Jesus Christ, our Lord and Saviour. Lots of cheer, the Christmas tree, gifts. I hope everyone is able to be with their loved ones. Of course, our troops are still not home, but I'm not going to use this column for any commentary on the money machine called war. Just wish to say God bless our troops and their families.

History shows early Christians were tortured and persecuted for their belief that Jesus is the son of God, yet they persisted despite fear of torture and death. In their hearts, they knew the truth and could not turn away, no matter the consequences. Here we are more than 2,000 years later and the attack on Christianity has worsened next to the attacks on Jews.

Despite their propaganda to remove Christianity and all references to God from the fabric of this nation, we continue to successfully fight their toxic daily flogging of *what is and isn't unconstitutional on that issue*. Some plaintiffs wait

years for SCOTUS IF that court even decides to hear a case.

Make no mistake about the intention of the global elite money grubbing scavengers: totalitarian government which mandates removal of God from the American landscape and *inculcate the state as "parent" to the peasants*. [Supreme Court Stunner: Secret Gender Transitions at Schools Allowed to Continue](#), Dec. 10, 2024: "Alito explained, "This case presents a question of great and growing national importance: whether a public school district violates parents' 'fundamental constitutional right to make decisions concerning the rearing of' their children...when, without parental knowledge or consent, it encourages a student to transition to a new gender or assists in that process."

"Thomas joined in the statement that added, "We are told that more than 1,000 districts have adopted such policies."

"It is the transgender ideology, which puts its faith in the science-defying concept that boys can become girls and girls can become boys, that has been promoted literally around the globe by the Joe Biden-Kamala Harris regime in Washington. Actually, being male or female is embedded in the human body down to the DNA level and does not change.

"The situations involving schools, activist employees, teachers and administrators repeatedly getting caught encouraging children to pursue the transgender ideology and keeping those actions secret from parents.

"The case came out of the Eau Claire Area School District in Wisconsin, where parents sued over a district policy that helps facilitate gender identity transitions while concealing the child's new identity from his or her parents."

There is no "gender ideology". It's a cult destroying the lives of thousands of confused kids and even young adults. There are only two sexes and no amount of mutilating a child's body can change that scientific fact.

So, teachers and administrators have the green light thanks to the U.S. Supreme Court to convince your little girl to hack off her breasts and boys their Johnson in secrecy while parents are left out of the decision making for THEIR child.

Allegiance to the state provides “privileges” from the state. *That’s how slaves are made.* As the attacks on every pillar of freedom and liberty continues, many will want to simply hide their head in the sand. They will get on their knees and accept the chains of slavery and hopelessness.

Remember what Council on Foreign Relations member James Paul Warburg, said before the Senate Foreign Relations Committee in 1950: “We shall have world government whether or not you like it – by conquest or consent.” Warburg was wrong. He has badly underestimated the resolve of tens of millions of Americans to fight for our rights and to remain a free nation Under God.

I am frequently reminded of a wonderful song (from one of the most successful ever Broadway musicals) reminiscent of our current situation. The lyrics are not about Christmas; *Man of La Mancha* is about a man imprisoned by the Inquisition for an offense against the Church. However, the theme is common with our fight for freedom, for what is right and for all the blessings that God has given this republic:

[“The Impossible Dream”](#)

from *Man of La Mancha* (1972)

music by Mitch Leigh and lyrics by Joe Darion

To dream the impossible dream
To fight the unbeatable foe
To bear with unbearable sorrow
To run where the brave dare not go

To right the unrightable wrong
To love pure and chaste from afar
To try when your arms are too weary
To reach the unreachable star

This is my quest
To follow that star
No matter how hopeless
No matter how far

To fight for the right
Without question or pause
To be willing to march into Hell
For a heavenly cause

And I know if I'll only be true
To this glorious quest
That my heart will lie peaceful and calm
When I'm laid to my rest

And the world will be better for this
That one man, scorned and covered with scars
Still strove with his last ounce of courage
To reach the unreachable star

Make no mistake: 2025 is going to be a fight (metaphorically speaking) once Donald J. Trump is sworn into office. Socialists/communists (self-identified Democrats and too many "independents") vs. freedom and liberty.

God commands us not to sin: Kill, lie, cheat, steal, commit adultery, worship false gods, honor our parents and so on. Unbelievably, today too many modern pastors, ministers care no more about saving souls than they do about an ant on the sidewalk. Build multi-million-dollar get-together "feel good" churches while the message and teachings of Christ is lost.

I would say given the state of the world and our republic, mankind has failed miserably in keeping God's Commandments. We are all sinners, but we can ask for God's forgiveness. *He knows what is really in your heart no matter how you try to fool Him.* As a dear email friend recently wrote me, "God is paying attention, as you know. Do not be deceived. God is not mocked. A man will reap what he sows." Satan is after your

soul. Eternity is a long time.

If we desire
God's
blessings, can
we expect them
if we lie,
cheat, steal,
kill unborn
babies in the
womb, use His
name as a
curse word,
wallow in the

filth of sexual deviancy, sleep around like dogs on the street
and worship mega pastors who lead their flocks astray?

Can we expect God's blessings by picking and choosing which of
his commandments we like even though the act of disobedience
brings the stain of sin upon our soul? Can we expect God's
blessings by forgetting His gift to the world, His son, Jesus
Christ – *except when we want something material?*

As my dear cousin in S. Dakota says: I've yet to see a U-Haul
being towed by a Hearst on the way to the cemetery.

A long time ago, when extraordinary, brave and courageous men,
were spilling their blood to birth a free nation – reaching
for that seemingly unreachable star – George Washington, said
this to his troops in 1776:

“The time is now near at hand which must probably determine whether Americans are to be freemen or slaves; whether they are to have any property they can call their own; whether their houses and farms are to be pillaged and destroyed, and themselves consigned to a state of wretchedness from which no human efforts will deliver them. The fate of unborn millions will now depend on God, on the courage and conduct of this army. Our cruel and unrelenting enemy leaves us only the choice of brave resistance, or the most abject submission. We have, therefore, to resolve to conquer or die.”

As Washington knelt in the snow during the winter of Valley Forge (1777-1778), most likely feeling such despair as to overwhelm the average man, he put his faith in God and his sword to freedom. We ask for God’s blessings, for strength to fight for what’s right and to keep our troops safe as we work to bring them home.

I know secularists in this country disparage people of faith. The good news is, I really don’t care. Secularism is a system of political or social philosophy that rejects all forms of religious faith and worship. Those who believe in nothing are but one heart-beat away from eternity. I would not want to be them.

I also wish to send God’s blessings to everyone and hope this day brings joy in your heart. We dearly love our spouses, parents, children and good friends, but God’s love above all is what we seek through his son, Jesus Christ. I believe that’s what Christmas is all about, isn’t it?
