

History Being Written and It Isn't Going to be Pretty

Well, last week was a doozy to say the least. The whole world knows the Biden Audition (aka Trump/Biden debate) was a sorry spectacle. The prostitute media who've been protecting a career criminal they've known since 2020 was and is mentally gone have been in shock since Thursday night. In reality, all of those junkyard dogs really don't give a tinker's damn about Joe Biden. It's all about the policies, hoaxes (climate change) and atrocities Joe pushes – like infanticide and allowing 10 million illegal aliens flood this country.

And let's not forget the constant BS about "saving our democracy. After Biden's failed audition, all the blabber mouth media – both left and right – for some reason have spent days talking about Trump destroying democracy which is why I only listen to talk radio when driving around town. I've been at this 31 years full time and when I hear some conservative talk show host defend Trump and deny Donald is trying to destroy our democracy, I wonder what did they teach in that person's civics class?

Our Founding Fathers hated democracy as a form of government. They knew it amounted to little more than two wolves eyeing a lamb for lunch. **Democracy is simply a form of government which destroys every country infected by it.**

"... democracies have ever been spectacles of turbulence and contention; have ever been found incompatible with personal security, or the rights of property; and have in general been as short in their lives as they are violent in their deaths."

— James Madison

"The republican is the only form of government which is not eternally at open or secret war with the rights of mankind." —Thomas Jefferson, Letter to William Hunter, 1790

"The experience of all former ages had shown that of all human governments, democracy was the most unstable, fluctuating and short-lived." —John Quincy Adams

"Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself." —John Adams

"A democracy is a volcano which conceals the fiery materials of its own destruction. These will produce an eruption and carry desolation in their way." —Fisher Ames

So, all the screeching by the shrews on trash TV like The View or cable "news" networks and ignorant elected public servants [1] all screaming to "save our democracy" by putting Trump in prison are in reality *working tirelessly for their own destruction*. From freedom and liberty under *our legal form of government*, a constitutional republic to totalitarian hell under democracy. Mob rule the first stepping stone towards socialism and then sliding into full blown Marxist ideology. Which is where we are today with the Democrat Communist Party USA; the old Democrat Party died before I was born.

The question being asked all over the country: who's actually running the country while narcissist, power hungry elder abuser, Jill Biden, continues to make every effort to keep her husband at least standing up after being shot up with drugs? I wrote about this recently. Usurper and constitutionally ineligible fake president, Hussein Obama and his forever partner: Susan Rice. They're the "middle men". But, besides mega-millionaire donors, there are organizations birthed with the specific purpose of destroying these united States of America.

Remember how slut Billy Clinton used to promote "interdependence" between the U.S. and certain foreign countries? America can't make it on its own he proclaimed many times! We the People must become dependent upon other countries who eventually will control our food supply, kill off energy independence (achieved by Trump and destroyed by Biden) and use multiculturalism to completely destroy harmony between all peoples (except illegals) living and working together in our great country.

Independence Day (the 4th of July) is Thursday. Many millions of Americans scheduled their yearly vacation beginning June 28th until July 4th. Some will have to return to work on the 5th. I spent my birthday, June 29th (I'm now 75) at the very poorly scheduled local festival at the park downtown in my empty city; everyone left town!

I was volunteering with our great Adoption Coordinator, Dakota, for our city kill pet shelter. We actually left at 1:30 since virtually no public were there and it was close to 100 degrees. We had three wonderful, sweet boys there who will soon get the needle if not adopted.

I spent hours around those young dogs. I just wanted to cry; actually, I did on the drive home. Those boys have been "tested" for being around livestock, horses (the kill shelter

has two horses seized by the court as the owners were starving them to death, they aren't available yet but I think they will be given away to good homes). All three boys, Chuck, Jax & Moose have beautiful white teeth. Had their baths Friday so they would look extra good in hope of adoption.

99% of the people who stopped at our booth said I want a Dachshund, I want a Rottweiler, I want this pure breed, I want a puppy. Great. 70,000 puppies are born everyday in this country. Last week a drop off pregnant mother *gave birth to 12 at our pet kill shelter. 12. Last year 6.2 MILLION healthy dogs were put to sleep who used to one of those cute puppies.*

The result of people refusing to get their dogs (and cats) fixed; pet overpopulation in this country is beyond words. Every rescue group, city dog shelters – all overloaded with no place to put these innocent animals who don't ask to be treated like garbage, stuck in cages for months and then given the needle. Last year it cost we taxpayers in my city \$300,000 for the pet shelter which only holds 37 dogs; cats and kittens usually get adopted fairly quickly, thankfully.

Forgive me if I sound a bit cranky but I don't want to see those sweet, young, healthy dogs get the needle in another week and then to the landfill just because they're not a 'pure breed'. Rescue dogs make the best pets and all they want is love and to give love. If you live in or near Howard County, TX and are interested, by all means please call Dakota and she can send photos. Her number is: 432.263.4958

Later in the day I thought maybe Kevin Costner's new western, *Horizon: An American Saga* might be at our cinema and I'd call my best friends to end my depressing birthday at the festival after I ate dinner. (Horizon is a four-part series for movie theaters which hit theaters June 28th.)

The last time I went to a movie theater was in 2012 to see *ARGO* which won Best Picture of the year and *deservedly so.*

What an incredible story without any t*ts & ass. Well, it's not at our local theater complex (4 movies) and just a heads up as I won't be going to see Horizon. Since when do westerns need nudity and explicit sex scenes to be successful? I grew up watching John Wayne, Gary Cooper, Clint Eastwood, Randolph Scott and other star actors in westerns that became huge hits and everyone kept their clothes on.

Going back to who is running the WH? I continue to learn all the time the current actions of the one world government architects and their end game plan. Even individuals one thought was on the side of truth have turned out to be Benedict Arnold's. Reading is very time consuming but I'm hopeful since this is a long holiday week, you can take the time to read my columns below and pass them along.

Americans ARE waking up but we have to provide *accurate data, history and facts* to defeat our domestic and foreign enemies. The WEF (World Economic Forum), (our TX gov, Greg Abbott is an associate partner) has thankfully gotten massive exposure over the past 2-3 years. Those rotten cockroaches have been busy for more than 50 years. Now they're not even trying to hide their diabolical plans for us.

[Treasonous agenda of the Council on Foreign Relations](#), mine, June 17, 2005, WND: "Lou Dobbs' show on June 9, 2005, was an eye popper and even Lou couldn't contain his shock: Lou Dobbs, CNN Anchor: Good evening, everybody. Tonight, an astonishing proposal to expand our borders to incorporate Mexico and Canada and simultaneously further diminish U.S. sovereignty. Have our political elites gone mad? We'll have a special report. Blood ... Now, incredibly, a panel sponsored by the Council on Foreign Relations wants the United States to focus not on the defense of our own borders, but rather create what effectively would be a common border that includes Mexico and Canada."

“Mrs. Holt. Mr. Speaker, many of us recently received a letter from the World Affairs Council of Philadelphia, inviting Members of Congress to participate in a ceremonial signing of “A Declaration of Interdependence” on January 30 in Congress Hall, adjacent to Independence Hall in Philadelphia. A number of Members of Congress have been invited to sign this document, lending their prestige to its theme, but I want the record to show my strong opposition to this declaration.

“It calls for surrender of our national sovereignty to international organizations. It declares that our economy should be regulated by international authorities. It proposes that we enter a “new world order” that would redistribute the wealth created by the American people. Mr. Speaker, this is an obscenity that defiles our Declaration of Independence, signed 200 years ago in Philadelphia. We fought a great Revolution for independence and individual liberty, but now it proposed that we participate in a world socialist order.”

All these dirty rats and traitors must be exposed. Those who've committed crimes must be prosecuted which is why, if Trump can keep from being cheated again, his *only* choice for U.S. Attorney General should be Texas' AG Ken Paxton. While I'd hate like hell to see him go, Paxton is a bull dozer and not afraid of the shadow government. Just like Trump's *only* choice for VP should be [Sen. J.D. Vance](#). We need real men who know the law and know how to fight back (relax FBI) and win.

[Here is the current list of Trilateral members, domestic and international](#). At the very top of the page on the right hand side, click on this: [Task Force on Global Capitalism in Transition](#). Read what they have in store for us: "The Trilateral Commission convened in **2021** distinguished business leaders, scholars, and policymakers from around the world in its Task Force on Global Capitalism in Transition.

"The time was right for this effort. Capitalism or market-based economies are at a historic transition point. Capitalism's positive impact on prosperity and well-being is unmatched. Nonetheless, many people are frustrated today by its inability to handle some of the greatest challenges facing society. There are growing concerns about whether market-based economies will be able to address three major challenges. First, climate change. Second, the disruptions triggered by the digital revolution. Third, rising inequalities.

"This report represents the culmination of this Trilateral effort to understand these challenges and chart a path forward. This report calls for a new "Social Compact with the Next Generations." This compact prioritizes equality of opportunity. The report does not offer one-size-fits-all solutions. Rather, it suggests an overall direction for governments, businesses, and nonprofit institutions and specific steps they can take to achieve critical common goals." Rest at link.

See where they are going and what they want to shove down our

throats? July 4th. Independence Day. A lot of blood was spilled on the battlefield for all our tomorrows. Those cockroaches want to stomp us an iron fist. *Are we just going to roll over and surrender?*

Only God knows what's going to happen with the career criminal in the WH who should be in full time care as his brain is gone. I was just discussing this with someone on Saturday at the festival. Fake president Biden was loaded with amphetamines or some sort of cocktail for his lie filled State of the Union address. Biden came out hyped up, angry, juiced. Towards the end, he began to fade as the drugs wore off.

While it pained me greatly, I watched the Biden Audition Thursday night where the world saw the real Joe Biden. How many turned the channel and didn't see his elder abuse wife grab him before he wandered away, directed him to the stairs hoping he wouldn't fall flat on his face. I wondered if showing the US viewing audience (almost 48 million, TV & on line) if Joe was given practically nothing his obvious mental capacity would be obvious?

Oh: [REPORT: Joe Biden Set Up to Fail in Debate As Part of "Soft Coup"](#) – Michigan Governor Gretchen Whitmer Makes "Secret" Move to Prepare for Possible Presidential Run, June 30, 2024

(My comment: Biden's photographed with that demonic witch, another one of Satan's Pimps, Michigan Governor Gretchen Whitmer. People need to remember how many lives she destroyed during the plandemic and supposedly, she got reelected?)

"As The Gateway Pundit has reported, Whitmer has ruled the Wolverine State as a corrupt tyrant, terrorizing her

constituents at every turn. She has consistently sold Michigan out to the Chinese Communist Party and pushed through several pieces of far-left legislation to permanently transform the state in her image.

“Moreover, she was one of the most loathsome figures during COVID, pushing punishing lockdowns for small businesses and schools while exempting herself from her own rules.”

I doubt ‘legs in the air’ Kamala Ho Harris is very happy at the moment. No one with clout and the deal makers in the shadow government want that dizzy, cackling air head for any federal office. Not after nearly four years of her blazing incompetence. The next few weeks are going to be very interesting to say the least.

Be vigilant out there. Rapists, murderers, thieves and gangs – illegal aliens – are scattered all across this country. So are the terrorists and I’ve written this before: When they’re ready to strike, they will, make no mistake about that. A lot of sheriffs across the country have voiced, it’s not if, it’s when.

AOC: “I pledge allegiance to our democracy”... A word never even used in the Constitution. Do take the time to read this AOC if you can keep that giant pie hole in your face shut long enough:
