“Good thing for the people that are in power that the people never think.”-Adolph Hitler

How many times has this outlet shown the parallel between the Nazis of the 1930s to the present and yet, it all goes for naught?

The people refuse to see them for who they are because they refuse to study the past to understand the present, in order to identify how history is repeating itself (Hosea 4:6).

That is until it comes to the people's front door (Amos 6:3). Guess what, it is at your front door, once again.

Governor Gretchen Whitmer is pictured below with Alex Soros, son of international criminal George Soros.

If you were paying attention, [George Soros admitted that when he was just 14 years old that he had helped the Nazis pillage the displaced persons that were hauled off to concentration camps](#), and this with a smile on his face.

I write this to show you this: According to propaganda outlet the Politico: "[Michigan State apologizes for displaying picture of Adolf Hitler](#)"
