

# Honestly Assessing Trump (Day 114)

By Lex Greene

May 15, 2025

Before I begin, let me state for the record that I am a lifelong “constitutional conservative” member of the Republican Party. I voted for Trump in 2016, 2020 and 2024. So, my assessment is as a member of the MAGA movement that started in 2008 after the fraudulent election of Barack Hussein Obama. Honestly, only people who hate America wouldn’t want to make our country great again!

First and foremost, Trump is one of the greatest self-promoters of all time. He built an impressive global empire on his ability to win friends, influence people, make smart deals, and build a family dynasty larger than life. Kudos to him and his very bright family for all of their private sector accomplishments. These are the kind of people we need in government, people with a strong successful resume’.

As President, he continues to be a great self-promoter as he constantly chronicles his “wins” and “promises kept,” as he should. To be very fair, he was handed an intentional disaster upon entering the office both times, with a corrupt system working against him every step of the way, and still, he is indeed moving at a record pace to accomplish what he promised to accomplish. But I am very concerned about the most critical *unkept-promise* he made in 2016, 2020, and 2024, which appears to not be a

front-burner issue still today.

## **“LOCK HER UP”**

In 2016, this promise pertained to career criminal Hillary Clinton for her many treasonous acts not just against Trump, but against the USA and every legal American citizen. In the aftermath of the treasonous “Russian Collusion” scam, criminal lawfare, and fake impeachments, independent investigators delved deep into “deep state” activities and uncovered an entire cabal of treasonous scumbags. But as of today, Day 114 of the second Trump administration, [action on the evidence of massive sedition, subversion and treason](#) from leftwing political operatives in politics, the media, and the courts, remains deafeningly silent.

Publicly, there’s been no mention of pursuing the individuals that we all know were involved in historic levels of outright corruption rising to the level of treason against the United States.

Yes, we are talking about some of the most powerful people in the USA. We’re also talking about the type of people who can never be trusted with that power, and who must pay the price of treason, or treason will remain a crime no longer prosecuted in the USA.

Over a thousand American citizens were politically imprisoned for attending a campaign rally on public property in DC on January 6, 2021. But not one single person evidenced in [THIS DOCUMENTARY](#) has been formerly investigated, charged, prosecuted or punished for their many seditious crimes against the American citizens.

These are the most dangerous people in America. They are directly responsible for unmatched damage to our country.

**There is no way to Make America Great Again so long as treason from within remains a crime never punished!**

*“A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself.” – Cicero*

**So, I have to ask...**

With all the public evidence against these individuals, Trump's promise to “lock them up,” Kash Patel's totally disturbing evidence against them as the new Director of the FBI, and Pam Bondi at the helm of the Department of Justice...

**[WHY IS NOTHING BEING DONE TO HOLD THESE ANTI-AMERICAN CRIMINALS FULLY ACCOUNTABLE FOR THEIR ACTIONS?](#)**

In my opinion, Trump can have a thousand other accomplishments, and unless he accomplishes this, he will not be able to Make America Great Again!

I continue to support Trump. But as Trump allows the unconstitutional Judicial Branch to act as if they were elected to run the country, and the most dangerous criminals in the USA go unpunished, I do not expect the USA to ever be great again. Do you?
