

# How Communists Are Programmed to Kill

May 12, 2023

Former President Trump says, “They will continue to viciously attack me, smear me, and even ARREST me despite not having committed a single crime.” He left out one thing – they tried to kill him.

A ricin-laced letter was sent to Trump by an anti-Trump activist from Canada by the name of Pascale Cecile Veronique Ferrier. This foreign national was apprehended and [pleaded guilty](#).

Ricin is a toxic poison used by the Soviet KGB against its political enemies.

The report in her case stated, “In or around September 2020, the defendant made homemade ricin toxin at her residence in Quebec, Canada, using ingredients including castor beans. Ricin toxin is a deadly poison made from the waste material left over from processing castor beans. Ricin can be made in powder form. Ricin causes toxicity by preventing cells in an exposed individual from making Page 3 of 5 proteins, without which the cells die.”

In another high-profile assassination attempt, Nicholas John Roske arrived from California and was [charged](#) with attempting to murder Justice Brett Kavanaugh. He was incited by the leak of a Supreme Court ruling overturning abortion on demand.

In yet another case, James Hodgkinson, the activist who almost killed Rep. Steve Scalise, was a Bernie Sanders supporter who also hated Trump. According to a Secret Service [report](#), he made online postings in which he referred to President Trump as a traitor, declaring "It's Time to Destroy Trump & Co." Hodgkinson was killed at the scene.

The Secret Service report explains that Hodgkinson "fired at least 70 rounds from a 9mm pistol and an SKS 7.62mm rifle at Republican Congressmen, their staffers, and others practicing at Eugene Simpson Stadium Park in Alexandria, VA for the Congressional Baseball Game for Charity. Five people were wounded during the attack, including the House Majority Whip and two U.S. Capitol Police special agents who were part of his security detail."

The issue of so-called "gun violence" has affected many Americans, including Democrats such as the Kennedy Brothers, JFK and RFK.

Yet, 2024 Democratic presidential candidate Robert F. Kennedy Jr. refuses to place the blame for the murders of his uncle and father where it belongs. It is one of many fatal flaws in his campaign. Another is his embrace of the global warming hoax.

JFK and RFK, his Attorney General, were so anti-communist that they authorized the CIA to overthrow Fidel Castro and the FBI to wiretap Martin Luther King, Jr. (JFK betrayed the Cuban freedom fighters during the Bay of Pigs invasion by withholding air support).

At that time, the FBI and CIA were regarded as anti-communist tools of U.S. foreign policy. In one of the most sensational examples, the CIA had helped overthrow a communist regime in Guatemala in 1954.

Martin Luther King was a [special target](#) because of his communist connections, which were [documented](#) by the FBI.

Liberals don't want to admit this fact and conservatives are afraid of bringing it up, for fear of being called McCarthyites.

### **RFK Jr.'s Misinformation**

The new narrative, accepted by some conservatives because it emanates from the mouth of RFK Jr., is that the Kennedy Brothers were assassinated by the CIA, the military industrial complex, or some other group of mysterious people somewhere. That was also the essence of the Soviet campaign known as Operation Dragon that was designed to divert attention from the communist role in JFK's murder.

The sensational headline, "A Member Of The Kennedy Clan Says The CIA Killed JFK," came through an email from the big conservative radio station in New York City, WABC.

The station sent out a release about the interview with Robert Kennedy Jr., who "blames the CIA for the 1963 assassination of his uncle, President John F. Kennedy." He made these "surprising comments" during an interview on 77WABC's ["Cats Roundtable."](#)

Host John Catsimatidis, a billionaire Republican conservative, added to this sensational but unfounded claim, declaring, "I've said publicly and on the radio that the same people that killed your uncle killed Martin Luther King and killed your father."

The interview with RFK Jr. made headlines around the world.

The New York Post proclaimed: Robert Kennedy Jr. blames CIA for John F. Kennedy assassination." Robert Kennedy Jr. Believes CIA Killed His Uncle" was the headline from One America News. The Daily Mail headline was, "Robert Kennedy Jr. blames CIA for assassination of JFK and claims it is 'beyond a reasonable doubt.'"

Like the Soviets, Fidel Castro blamed the CIA for Kennedy's death, which is essentially what RFK Jr. is saying as well. He said on the Cats Roundtable show that there is "overwhelming evidence" that the CIA was "involved" in his uncle's murder. It is "beyond a reasonable doubt at this point," he claimed, and said he has read 100 books on the subject.

But JFK was an anti-communist Democrat who believed in the missions of the CIA and FBI. So was his brother, the Attorney General.

What happened in both cases was a major intelligence failure.

The U.S. intelligence agencies failed to prevent the JFK assassination, which is the real story that sheds light on our continued vulnerability to communists active on American soil.

### **The Truth Comes Out**

RFK Jr. should read two more books, one by an FBI insider and the other by a communist defector.

Herman O. Bly, a retired FBI special agent, wrote the 1998 book, *Communism, the Cold War, and the FBI Connection*, about how he was hired by Dr. Lothar Metzle, who ran the CIA unit known as the Communist International Group (CIG), to investigate assassin Lee Harvey Oswald's communist connections.

After doing so, Bly wrote, "The Warren Report concluded that Lee Harvey Oswald acted as a lone assassin, but I believe the heads of the FBI, CIA, and President Johnson wanted the Oswald case brought to a conclusion as fast as possible as they did not want another crisis with the Soviet Union so soon after the Cuban missile crisis."

This conclusion makes sense. The U.S. Intelligence Community, including the CIA and FBI, engaged in a cover-up regarding the facts about Oswald and his communist connections out of fear

of another military confrontation with Soviet Russia. Nuclear war was a very real threat.

Ex-communist Ion Mihai Pacepa wrote, [\*Programmed to Kill: Lee Harvey Oswald, the Soviet KGB, and the Kennedy Assassination\*](#), a book that explains how Oswald was recruited and programmed to kill by the KGB.

This former Romanian intelligence chief, the highest-ranking intelligence official ever to defect from the Soviet bloc, documents that Oswald was recruited by the KGB when he was a U.S. Marine stationed in Japan and that, after defecting to the Soviet Union, he came back to America three years later for the express purpose of killing Kennedy. Even though the Soviets, for their own reasons, subsequently tried “to turn Oswald off,” Oswald went ahead with the plan and was already “programmed” by the communists to kill Kennedy.

Oswald had connections to such groups as the Fair Play for Cuba Committee and the Socialist Workers Party. When apprehended, he requested an attorney from the Communist Party USA.

Today, as we saw in the plot to assassinate Supreme Court justice Brett Kavanaugh, there are many “activists” from the anti-American groups who operate freely in American society and can easily be “programed to kill.” In that case, however, the world-be assassin got cold feet and turned himself in.

In my [special report](#), I counted 10 different communist groups at the March 18 communist rally in Washington, D.C., ranging from the Communist Party USA to the Workers World Party. They claim to be peaceful but some pledge allegiance to Moscow, Beijing, North Korea, and Cuba. These groups are the potential breeding ground for people like Lee Harvey Oswald.

## **The Murder of RFK**

RFK Jr. goes beyond blaming the CIA for his uncle's murder and claims that convicted assassin Sirhan Sirhan was not responsible for the murder of his father. However, the evidence shows that, like Oswald, Sirhan Sirhan was also, programmed to kill by the communists.

RFK Jr. has lived through terrible tragedies. However, he should take the time to read Democratic California Governor Gavin Newsom's [report](#) rejecting parole for Sirhan Sirhan. Newsom has no reason to conceal the truth.

Newsom, a very liberal politician, notes just some of the evidence indicating Sirhan's hatred of RFK over his support of Israel.

Indeed, at his 1985 parole hearing, Mr. Sirhan admitted to writing entries in his journals, found by police in his bedroom after the crimes, that repeated, "RFK must die. RFK must be killed. Robert F. Kennedy must be assassinated" and "Robert F. Kennedy must be assassinated before 5 June 68."

The assassination occurred on the first anniversary of the Six Day War in which Israel defeated the armies of its Arab neighbors.

But also in his journals, Sirhan Sirhan wrote about his belief in communism, declaring "Long Live Communism." He was in fact a Palestinian Marxist.

For this reason, he was regarded as a celebrated "[political prisoner](#)" by the communist terrorists in the Weather Underground. Many members of the Kennedy Family took offense to this and Christopher G. Kennedy, chairman of the University of Illinois Board of Trustees, led the effort to deny former Weather Underground terrorist Bill Ayers the title of professor emeritus because Ayers and his comrade Bernardine Dohrn had written a book, the "Prairie Fire" Manifesto, dedicated in part to the killer of his father, Robert F. Kennedy.

Not only does RFK Jr. ignore this, he shares the Democratic Party's belief in climate change that must be fixed by altering the capitalist system.

Described by a sympathetic media as a "longtime environmental advocate" before he became critical of COVID policies and vaccines, he wrote, *Climate in Crisis: Who's Causing It, Who's Fighting It, and How We Can Reverse It Before It's Too Late*, and [warned](#) in 2017 that President Trump's climate change policies were "turning America into a petrostate."

But there is also a communist connection here, as there is [abundant evidence](#) that the global warming or climate change theory was conceived by Soviet communists as a means by which to destroy the industrial base in the United States. It is succeeding under Joe Biden.

RFK Jr. doesn't talk about that much anymore because he wants to appeal to conservatives.

But responsible conservatives should not take the bait.
