

# How Do Dumb or Corrupt People Get Elected to Top Positions?

By Frosty Wooldridge

January 22, 2026

You might be scratching your head as to how dumb and corrupt people get elected to governorships, mayorships, House Members, Senators and even to the Supreme Court.

As you scan our country at the insanity of Americans protesting I.C.E. officers enforcing our immigration laws—you can't help but wonder why and how hundreds of anti-ICE demonstrators want 25 million illegal aliens to remain in our country?!

What if each one of them was the father, mother, sister, brother, uncle, aunt, grandma and grandpa of Laken Riley? Or, Jocelyn Nungaray? Or Rachel Morin, mother of five, killed by an illegal alien? Or Kate Steinle killed in San Francisco by an illegal alien? What about the deaths of hundreds if not thousands of Americans killed in auto accidents over the past 50 years by drunken illegal aliens? Or how about if you were the parents of 270,000 kids who have overdosed by drugs imported by illegal aliens? In fact, what if you were parents of children for over 1.2 million drug deaths from illegal drugs brought into this country by MS-13 gangs over the past 50 years?

If someone you loved was killed by illegal aliens, would you be out there in Minneapolis, Minnesota ranting, screaming, throwing rocks, blocking I.C.E. agents, charging into a

church, and undermining the rule of law?

The fact is: 99.9 percent of Americans don't want to become victims of rapes, killings, murders, drug deaths, car theft, paying for illegals' health, schooling their kids, paying for breakfasts and lunches, and dying from drunken drivers who lack licenses, insurance and integrity. Especially from illegal CDL drivers of big rigs!

But there's bunch of people in Minneapolis that want lawlessness, and they practice anarchy, and they are getting away with it. They're getting away with it in Portland, Oregon...Los Angeles, California...Seattle, Washington...Denver, Colorado...New York City, and other Sanctuary Cities and States.

What kind of people are they? Answer: stupid, emotional, spoiled, un-American, and do not adhere to the "Social Contract" that has given them the most incredible freedoms, education and rights ever enjoyed by any nation on the face of the Earth.

While one of them, Renee Good, died for trying to drive over an I.C.E. agent, in Tehran, Iran—they've gunned down somewhere in the vicinity of 5,000 people demonstrating in the streets. In a dictatorship, you don't enjoy any such freedoms of demonstrating like we do in America.

What brought about this national crisis, national mess? First off, we already allowed 15 to 20 million illegal aliens into our country before Biden arrived in the White House. Within four years, he invited another 15 to 20 million illegal aliens of every kind of corruption you can imagine...from professional shoplifters, to terrorists, to pregnant tourism anchor baby moms, to an entire underground economy of corruption unseen by most Americans.

Our country has been filled up with incompatible religions and ethnic tribes that possess not one affinity with Western Values and our way of life. Who thought it was a great idea to

import 4,000,000 followers of the most violent religion on this planet: Islam? Whose bright idea was it to import over 240,000 Somalia refugees with an average IQ of 67.7? How's that turning out in Minnesota and Detroit where 83 percent of them remain on welfare for life. And, in Detroit, they hate America and chant, "Death to America." As their numbers grow, so will their violence grow. The Quran mandates they NEVER become Americans. That's why they raise their butts to the air toward Mecca five times a day.

How did someone as corrupt as Governor Tim Walz get into office? Are the people of Minnesota THAT stupid? Answer: apparently, they are THAT stupid. Where did it get them? Answer: the greatest \$9 billion...possibly \$19 billion in a horrific fraud scandal in American history. But then, we've got an even bigger fraud in U.S. Aide. We're talking trillions of your tax dollars over the past 50 years. It was/is a bureaucratic slush fund for corrupt politicians.

What about electing a bartender with a peanut brain in New York City by the name of Alexandria Ocasio Cortez. She is dumb. She's mouthy. She's vacant. Same with House member Jasmine Crockett out of Texas. We're talking dumber than a tree stump, but as mouthy Muhammed Ali.

How stupid were the people of New York City to elect a Muslim-Communist-Ugandan-refugee into the mayorship of that city? Why would anyone vote for a man who wants to install Sharia Law into America? We're talking really dumb bunch of voters.

Same with the total stupidity and incompetence of Governor Gavin Newsom in California. He brought that state to billions in debt, over 250,000 homeless, 2 to 3 million illegal aliens, billions for a high-speed train that hasn't been completed, schools in shambles, and he doesn't know the difference between a male and female. How stupid is he? Answer: really, really, stupid and incompetent.

You could name your own senators and other leaders in your state. My State of Colorado suffers two useless/worthless U.S. Senators who vote for open borders, and Governor “Pothole” Polis who made us a “Sanctuary State” that’s killing us in tax dollars to pay for over 200,000 illegal aliens in our state.

But there’s a bigger problem developing. There’s a new book that uncovers what our leaders are doing to America and how they are destroying the foundation of our Republic:

*The Invisible Coup: How American Elites and Foreign Powers Use Immigration as a Weapon* by Peter Schweizer

Every day, ICE is arresting hundreds of illegal immigrants with a criminal record. They didn’t just come here. They were sent here.

“Our debates about immigration revolve around what happens with immigrants once they arrive. We need to start talking about who is sending them and why. For decades, establishment elites sold us the story of immigration as a compassionate renewal of the American Dream within a harmonious melting pot.

“But beneath that narrative lies a different reality: Mass migration has morphed into the most powerful political weapon ever aimed at the United States—one engineered by elites at home and aided by adversaries abroad. Now Peter Schweizer, the bestselling investigative journalist of our time, is blowing the lid off this whole series of schemes. Schweizer detonates a political shock wave eclipsing his past bombshells, revelations that have sparked FBI probes and bipartisan reforms.

“Urgent, shocking, and overflowing with national security implications, *The Invisible Coup* makes America’s greatest political threat visible for all to see—and solve.”

Over the past 50 years, as an American who has watched the progression of legal and illegal refugees advancing upon our

civilization across all our 50 states, what Schweizer addresses in his book, I've watched immigration destroy our cities, our air, our highways, our water, our schools, and our viability as a civilization—because of their sheer numbers. The more people, the greater the problems, and the worse the outcomes.

The new governor of New Jersey cries out at the energy costs in her state. She's going to solve them by freezing energy rates. What she doesn't understand is New Jersey at 9.4 million is projected to reach 10 million by 2050. The more people, the more demand, the greater the costs, the greater the pollution. It's a NO WIN for all Americans to keep adding immigration refugees from around the world.

I've spoken about what we face in my three books on America's overpopulation crisis driven by mass immigration. I've made it clear in the 1,500 radio interviews I've made over the past 20 years. We're no longer the "Melting Pot", but we're now Somaliland in Minneapolis and Lewiston, Maine, and Muslimland in Detroit, and Islamland in New York City. Los Angeles is Mexico North. Chicago is no longer America, but a haven for illegal refugees from all Third World countries. Oh, and Chicago Mayor Johnson is dumber than a box of dandelions. San Francisco is not safe to drive your car or park—you WILL be robbed. Denver is gridlocked traffic seven days a week with a beggar on every corner. Miami has more foreigners than Americans. Where these millions of refugees congregate, Americans flee.

In other words, mass immigration is unraveling the United States of America—into a future Disunited and Fractured States of America.

We need to deport all 25 million illegal aliens. If we don't shut down all immigration coming into our country, we're not going to survive as a civilization by 2050, if not sooner.
