

How Many Understand What The Government is Doing to You?

By Greg Holt

The winning team has left the field and we are left with tyrannical socialist wannabe despots

Freedom is fleeing and the communist overseers are moving into place. The Donald was illegally tossed out, and the Leftist unhinged dictator was welcomed in.

The Left has been busy folks. Check out the following:

In the last 48 hours:

- 1. Our govt & media have lied about the reason for protests in Cuba*
- 2. Our president called everyone who wants secure & accessible elections a racist.*
- 3. Our Sec of State invited authoritarian regimes from a corrupt international organization to come /1*

This would be hilarious if it was not for the fact that so many in Cuba are being arrested and brutalized by police and government forces. Government forces have been known to not only brutalize people that dare to protest, but also to kill them.

Here in the U.S., Black Lives Matter, led by [self-absorbed frauds](#) that spend millions of dollars of other people's money on mansions – have come out in support of a brutal regime that

kills people, and yes many of them are black.

Why does anyone support these obviously phony self-righteous people, *especially* black people?

From [New York Post](#):

“‘Despite the Cuban dictatorship’s murdering and beating of protestors (many of them Black), BLM’s statement on Cuba...condemns the U.S., praises the Castro regime, and makes no mention of the atrocities being committed by the dictatorship,’ he tweeted.”

According to our Socialist-in-chief (I will not grant him the title held by *current* President Donald Trump), if you are one who wants free and fair elections, YOU my friend are a racist!

Secretary of State Antony Blinken [invited United Nations officials](#) to stick their corrupt noses into our business. No surprise there.

evaluate our human rights record.

4. The media is pumping Steele Dossier Part Deux Pee Tape Boogaloo like we are going to buy it

5. We see the Chair of the Joint Chiefs is a politicized hack who is completely off the rails.

6. The Press Secretary just told us the Biden /2

– Stacey – FEMA Camp Region 4 (@ScotsFyre) [July 15, 2021](#)

Did we not already settle this issue???? The pee tapes have about as much credibility as the fox in the henhouse swearing not to eat the chickens.

Yes for sure, Joint Chiefs of Staff Chairman [Mark Milley IS a hack](#), looking out for number one and little else. His focus is on pleasing his masters, obviously one of whom is Biden.

is ending scientific inquiry by leveraging Big Tech as an arm

of the govt

7. The DNC wants to leverage common carriers to decide what texts you get.

8. The HHS Sec says the govt has the right to know if you're vaccinated

That is just off the top of my head. It would seem to /3

– Stacey – FEMA Camp Region 4 (@ScotsFyre) [July 15, 2021](#)

The DNC remember is the group of nice people (cough, gasp, barf) who colluded with Hillary Clinton to purchase the made up slander for use against Trump. Of course they are a bunch of useless scumbags.

The HHS sec. is another worthless good-for-nothing. I just wrote about him last week:

[*HHS Secretary: Government Has the 'Right' to Know if You Are Vaccinated – Implies Possibly Forcing Vaccinations*](#)

me, the Cuban protestors waving the American flag have a better idea of the American IDEA than anyone governing us does anymore.

And they might not want to come here anymore. We have the internet, but it is being censored. We have elections but Tech overlords /4

Funny how many of those living in other countries seem to have a much better grasp of what a privilege it is to live in this country. Far too many in this great nation see this country as evil and the reason behind the plight of, well of anyone and everyone. You can thank the Democrat's well-oiled propaganda machine for this – propaganda that begins with very

young school children, that way these kids are completely malleable by the time they are in high school and then college.

have more say than voters. The democrats "budget" will now govern private employment relationships & Americans can be forced to join unions they want no part of.

I went to bed Sunday night in America. I have no idea what evolving banana republic I am in now. /end

Naturally, Big Tech has all the say. Between Democrats, Big Tech, and the better part of all of the media – it is an entirely uphill battle to get the voices heard of those who love this country – true patriots, those who believe in the Constitution and the resulting unique government, as well as those who believe in and reverence our Lord.

Big Tech will simply censor you, label your article as fake news, unscientific, or even close your account. The media meanwhile will just ignore the story if it doesn't trumpet the prescribed Leftist values. If the media does deign to report on an issue that isn't in their collective comfort zone, they will not report all the facts and will even outright lie about it.

Democrats of course are en masse moving ever further to the Left, socialism has begun to win the day. Democracy is slowly dying, but the cancer is fast reaching stage four and needs to be stopped and soon. And of course the Dems have the complete support of the Big Tech oligarchy and as well almost all of the media.

No one should be surprised at what is happening here. We've been warning people for years, and now the chickens are coming home to roost – just like I and other commentators said they

would.
