

# How Seven Black Robes Changed America Forever

Coach Dave Daubenmire

## Truth is Fallen in the Street

Isaiah 59:14 “And judgment is turned away backward, and justice standeth afar off: for truth is fallen in the street, and equity cannot enter.

The most destructive Supreme Court decision in the history of America was handed down on February 10, 1947. *Everson v. Board of Education* forever changed the landscape of America as seven terrorists in black robes declared that there was a “separation between the church and state” and removed the Bible as the foundation upon which all of American morality would be built.

It was a lie then and it is a lie today. The idea that the created being could declare to The Creator that He had no authority over the moral code of the nation is absurd. Perhaps that is why Psalm 2 tells us that the Lord “sits in the Heavens and laughs” at the foolish arrogance with which His creation would rebel.

“You ain’t tellin us what we can and can’t do,” the creation rattled their puny fist at Almighty God, and America has been on a sprint into the depths of a moral cesspool ever since.

I'm sorry, but it is not the dreaded atheists that we can hang the cowbell on regarding this one. No, my friends, all seven justices who voted to kick God out of public life were members in good standing of a Christian denomination. This was long before the God-hating Humanists had seized control of all of our American institutions.

Humanism, by the way, is a religion, as determined by the [US Supreme Court](#) in the 1961 case *Torcaso v Watkins*. It has replaced Christianity as our nation's religion and is now openly funded and taught in every public school in America. Don't ever let anyone tell you that our public schools are religion free zones. Christianity has given way to the religion of man as god.

But, for whatever reason, the average Christian in America believes in the lie of the "separation of church and state" and lawyers and school boards all across the fruited plain bow to the Humanists as they ramrod their Christ-less morality down the throats of American-Christian School children. They are even kind enough to send Christians the bill for the cost of educating their children in the religion of Humanism.

But this legal sleight of hand was full of deception from the start. You see, the job of education was originally under the purview of the STATE, not the FEDS...hence the separation of CHURCH from STATE. The Feds had no business ruling on a STATES RIGHTS issue...but I assume that was just a minor legal point...as the Feds began to teach our children that THE GOVERNMENT was god. The CHURCH, and all of its crazy moral quirks, served at the pleasure and the approval of the courts. Separation of MORALITY and the GOVERNMENT was now in place.

Don't you find it a bit revealing when Isaiah, in the verse referenced above, wrote of truth fallen in the STREETS? Why the streets? Is it because the streets represent society and the part of the city where citizens interact? If there is no

common agreement on right and wrong can “two walk together lest they agree? Can a nation survive when everyone does what is right in his own eyes? Wouldn't that be a great description of multi-culturalism?

What in the world are we to do? Christ-less education has destroyed America. George Washington warned us that ***“it is impossible to rightly govern a nation without God and the Bible,”*** and his buddy John Adams declared ***“Our Constitution was made for a moral and religious people. It is wholly inadequate for the government of any other.”***

I wonder what they thought about the separation of church and state.

Have you been paying attention to the shenanigans going on in Washington DC? If you have then you are acutely aware of the meaninglessness and irrelevance of Truth. Do you think that any of this confusion has happened by accident? Nefarious forces have been tirelessly at work in this nation hell-bent on destroying any vestiges of Truth. Even if we somehow make it peaceably to 2021 do you actually believe that American can continue to survive in a nation where lies are the concrete upon which our citizens walk?

By the way, can someone please point me to where the LCBT “community” is located? Is it located anywhere near the “Christian” community or the “academic” community?

Get your kids out of the government schools NOW. Grandparents...spend some of the inheritance on Christian education, or better yet, allow MOM to stay home and home-school. Start a home school co-op at your church. Rescue them. Your Christian children have no business in the Humanistic government schools.

For evidence, look no farther than the three “law professors” who testified in Congress on Wednesday. They ARE the government schools. I wonder if any of them claim Christ. I

wonder if the 'university" where they work does?

If the US Government fell apart tomorrow and we all had to work to rebuild this nation do we have any idea where we would begin? Can a nation be built up the idea that Truth is an individually determined point of view?

Our children are our nation's future. The Humanists are after our children. What do they know that we don't? Wake up !

This I do know, if America is ever to regain her greatness it be the responsibility of our children to repave the streets with Truth. We must prepare them NOW if they are to be effective in the FUTURE. There is a battle raging for the mind. How will they operate with the mind of Christ if they are indoctrinated in Humanism? It is time to take our children back!

Truth is fallen in the streets and only the CHURCH can get her back on her feet. The Government Is Not God!! Why don't we act like it?
