

Huma Abedin and Hillary Clinton: Treason at highest levels

“Why aren’t we talking about Huma Abedin and her ties to the Muslim Brotherhood? Why aren’t we talking about the fact that she was an editor for a Sharia newspaper?” – Rep. Sean Duffy (R-Wis.), interview on CNN, Aug. 23, 2016

ABC, CBS, NBC, NPR, CNN and FOX, which constitute the mainstream media—dig up videos from 11 years ago on Donald Trump to degrade him, but they refuse to report on Hillary Clinton’s Muslim deputy chief aide Huma Abedin’s Islamic conquest of America. Abedin constitutes ‘soft jihad’ against America and she’s enjoyed Hillary Clinton’s ear for over a dozen years, in addition to Clinton’s time as Secretary of State.

This past week, FBI Director James B. Comey discovered more classified emails from Hillary Clinton with national security risks not only on Abedin’s computers, but also her husband Anthony Weiner, a sexual pervert tossed out of the U.S. House of Representatives several years ago.

All the while, Obama employs at least 10 Muslims in the White House to guide him and direct his onslaught of Islam in America:

Arif Alikhan— Assistant Secretary for Policy Development for the U.S. Department of Homeland Security

- Former deputy mayor of Homeland Security and Public Safety for the City of Los Angeles
- Was responsible for derailing the LAPD’s plan to monitor activities within the Los Angeles Muslim community
- Was appointed as assistant secretary for the Office of

Policy Development in Barack Obama's Department of Homeland Security in 2009

Mohammed Elibiary– Homeland Security Advisor

- Islamic cleric
- Admirer of the late Ayatollah Khomeini
- Has advised numerous law-enforcement organizations on homeland security-related matters
- Was named to President Obama's Homeland Security Advisory Council in 2010
- Misused classified documents in an effort to promote the notion that "Islamophobia" was widespread

These constitute several out of a dozen Muslims operating within the White House.

Abedin's name popped up in the news again after the New York Post published an article on August 21, 2016, "Huma Abedin worked at a radical Muslim journal for a dozen years...she was the editor for the Sharia newspaper."

"Veterans for a Strong America" Chairman Joel Arends said, "Corruption is a nation killer. It is the highest internal national security threat a country can face. The reckless handling of classified national security secrets will end up killing the people we put in harm's ways to protect the nation. The fact that so many of Hillary Clinton's inner circle violated national security standards is clear evidence that she needs to clean house. Furthermore, the Congress has an obligation to protect the troops and the American people from this danger by immediately revoking any security clearances for Abedin, Mills and Samuelson, and by acting to debar these offenders to the maximum extent."

Islam on the March in America and Europe

Why haven't Muslims in America and Europe come out of the woodwork by the thousands to provide the identities of

jihadists at their mosques, Islamic schools, and neighborhoods to law enforcement?

The reason: it violates Sharia (Islamic Law) – the guiding doctrine, which drives Islam, and the Muslims who submit to it. Islamic Sacred Law (Sharia) specifically makes Apostasy (“Leaving Islam”) a capital crime stating.

This video gives you an idea of our situation with Islam.

Muslim Brotherhood members “must understand that their work in America is a kind of grand jihad in eliminating and destroying the Western civilization from within and ‘sabotaging’ its miserable house by their hands and by the hands of the believers so that it is eliminated and Allah’s religion is made victorious over all other religions.”

Lopez, a CSP senior fellow, at the Gatestone Institute said, “They must place Muslim Brothers into positions from which they can exercise influence on U.S. policy began long before the attacks of 9/11, although their success has accelerated dramatically under the administration of President Barack Obama.”

She said the “massive Muslim Brotherhood organization network in the U.S., so patiently built up over the decades since that first Oval Office meeting in 1953 [with President Dwight D. Eisenhower], eventually gave it a prominence and (false) reputation of credibility that was unmatched by any other Islamic groups, moderate or otherwise.”

“Not only did figures associated and identified with the Muslim Brotherhood achieve broad penetration at senior levels of U.S. policy making, but voices that warned of their true agenda (such as Stephen Coughlin’s) were actively excluded,” she said.

Lopez said, “Under the Muslim Brotherhood-influenced Obama administration, U.S. policy has undergone such a drastic shift

in the direction of outright support for these jihadist movements – from al-Qaida militias in Libya, to the Muslim Brotherhood in Egypt, and both al-Qaida and Muslim Brotherhood-linked rebels in Syria – that it is scarcely recognizable as American anymore.”

There you see it: Hillary Clinton in conjunction with Huma Abedin conspire to overthrow our country. Can you think of any other word besides “Treason”?
