

I Don't Think You Like Me Very Much

J. D. Pendry

And here's a few reasons why I believe that.

I don't buy into your earth worship religion.

Some great advice can be taken from the adage *worship the creator not the creation*.

For the time will come when people will not put up with sound doctrine. Instead, to suit their own desires, they will gather around them a great number of teachers to say what their itching ears want to hear. They will turn their ears away from the truth and turn aside to myths. [2 Timothy 4: 3-4 \(NIV\)](#)

In [Revelation 17](#) the Bible speaks of a false religion calling it the great prostitute. Don't rely on me to interpret scripture for you and most certainly not the Book of Revelation. The climate change cult may not be the great prostitute of the Revelation, but it's certainly a wannabe. [The Pope is all in.](#) [So is the Church of Sweden.](#)

As reported in the [Washington Examiner](#):

"The Church of Sweden declared teen star climate activist Greta Thunberg to be an appointed successor to Jesus Christ in a 2018 tweet that resurfaced in the wake of her speech before the United Nations.

"Announcement! Jesus of Nazareth has now appointed one of his successors, Greta Thunberg," "

Whoa Nellie! What's the kill radius of a lightning bolt?

Practically every country on the planet endorses the climate cult. Could it be because it's primarily a grand [socialist, communist wealth redistribution scheme](#)?

"Come, I will show you the punishment of the great prostitute, who sits by many waters. With her the kings of the earth committed adultery, and the inhabitants of the earth were intoxicated with the wine of her adulteries." [Revelation 17](#)

Oops that's hitting a little too close for comfort.

[Children are enlisted as cult leaders](#) or in young Miss Thunberg's case anointed the new messiah. *"How dare you!"*

Came the declaration from an [abused and thoroughly programmed autistic child](#). The treatment of this young lady is sad. Considering her mental ailments and being pushed to the forefront by her parents no less, one must wonder if she'll ever have a normal life. It wasn't climate change that stole her childhood.

And, the same indoctrinated and abused [children are being frightened on to anxiety medication](#) because their life is over in a few years when the innovative and industrial minded generations that worked hard, fought and died for them and gave them the good things of our worldly existence finally burns down the doggoned planet.

Using children to perpetuate an ideology is not new. [Hitler's NAZIs were quite good at it](#). Indoctrinating children that is. Just as the earth worshipers are doing now and have been doing for years. When people become Godless, they seek a [golden calf](#) to satisfy their spiritual need. This time the golden calf is mother earth and a programmed mentally disabled child.

Do you really hate Trump?

Nope. It's me you hate. Because without me there is no Trump for you to hate. Yes, there is a little smirk on my kisser. I am not alone though. I'm guessing there are more of me now than there was in November 2016. People tired of the Washington's corrupt status quo. That believe in American Exceptionalism – individual liberty and God-given freedom. That believe in borders and National Sovereignty. That have grown weary of steadily growing government and endless wars costing us untold amounts of blood and treasure. Tired of politicians elected behind promises to further erode our freedoms. To fundamentally transform our free republic. Tired of liars and thieves masquerading as public servants. Tired of being attacked and disparaged for being Christian. For loving our country. Because we believe that killing unborn children is murder not a woman's healthcare choice. Because we believe God created two genders. Male and female. Because we believe marriage should be between one man and one woman. Your favored felonious presidential candidates confirmed for us what you and they believe.

Hillary Clinton says I'm deplorable and irredeemable. What does one do with irredeemable people? The final solution?

Joe Biden says I'm virulent (contagious, poisonous) and a dreg of society. At least I'm not hanging out with him and his crack head kid.

Media mouths have characterized me a NAZI and white supremacist accompanied by a chorus of celebrities. I'm hated for supporting our duly and legally elected President of the United States. Because on my worst day I couldn't bring myself to vote for a felon whose associates are prone to commit suicide. There're millions of us deplorable, irredeemable, dregs of society out here. We aim to keep our country.

Then there's that other thing.

The Democrats you sent to Congress on a promise of utopia and social justice don't give a rat's hindleg about you other than as a useful idiot. You went to college a little bit – possibly. College professors who've only lived in the theoretical fantasy land of academia convinced you that the way forward is socialism followed by communism. Except, you never learned where that trail ends. No freedom, poverty, mass murder... You see, these wonderful people cannot change minds. Cannot change hearts. And right now, the world is seeing them for who they are. The problem is, you're indoctrinated to believe the only road to utopia is to rid the country of people who do not believe as you do. You'll groupthink yourself right into a concentration camp where you'll be issued your gray suit of clothes and a life you didn't choose. Life is good in the gulag, but the wealthy communists like those in Congress and Hollywood won't be there to share the good life with you. They're purveyors of it, but will never live it. They too live life in a fantasized utopia. But they really just want it for you. The serfs.

You are witnessing a Soviet style communist disinformation program perpetuated against the President of the United States. There are Republicans and Democrats in the establishment country club. They are not doing what they're doing to save our country. They're doing it to keep their sorry backsides from being exposed for the corrupt, deceitful, Godless crooks they are. They will not go quietly. You know what's going to be fun? Watching the crooks and the media devour one another. As Enos declared, *"Better buckle-up buddyro!"*

Do you know how it turns out? God wins and the freedom he planted here wins.
