

# ICE Raids: Arrest These Elected Officials Obstructing Lawful Enforcement

ICE is Immigration and Customs Enforcement under the Department of Homeland Security:

“ICE’S mission is to protect America from the cross-border crime and illegal immigration that threaten national security and public safety.

“This mission is executed through the enforcement of more than 400 federal statutes and focuses on smart immigration enforcement, preventing terrorism and combating the illegal movement of people and goods.”

That government agency operates under laws passed by the U.S. Congress. The key word here being laws. *Laws that are meant to be enforced.*

What I have seen over the past several years has more than made my blood boil. Never in my long life have I seen elected public servants so openly defy enforcement of our laws. Never. Too bad so few understand the Second Amendment or we’d have the constitutional militia in many states.

Using the same warped logic as those who demand illegals be left alone because “they want a better life for them and their families”, I demand bank robbers all be let out of jail. After all, they only robbed a bank because they want a better life for their family or themselves.

Illegal aliens are no better than bank robbers. They sneak across our for free medical, dental, steal jobs, steal Americans identity so they can obtain documents for welfare, work and murder, rape and rob OUR citizens.

The blood of tens of thousands of murdered Americans drips from the hands of the scum in Congress and their supporters. *Every damn day more Americans die at the hands of illegals* and what do elected officials do? They are bending over backwards to protect CRIMINALS, freeloaders and leeches here to steal your paycheck because **We the People are paying for this invasion with borrowed debt.** OUR treasury is \$22 TRILLION in the hole and the crooks in Congress are going to raise the debt ceiling limit again.

[Driver who struck and killed Corey Cottrell of Normal is in country illegally, ICE confirms, July 8, 2019](#)

“Immigration and Customs Enforcement (ICE) has confirmed to *Prairie State Wire* that Jose Rodriguez, who struck and killed Corey Cottrell, 39, of Normal on June 22, is in the United States illegally. Border Patrol agents, in fact, issued the 27-year-old from Honduras an expedited removal order all the way back on April 17, 2013, according to a statement from ICE.

“Then on March 6, 2014, a federal immigration judge ordered him removed in absentia,” the statement said. “He is considered an ICE fugitive.”

“ICE said that it placed an immigration detainer with McLean County Jail on June 23 in light of Rodriguez’s criminal arrest.

“But the detainer is powerless since Illinois is a sanctuary state and Bloomington a sanctuary city, said Don Rosenberg of Advocates for Victims of Illegal Alien Crimes (AVIAC).

“Officials in sanctuary jurisdictions are not permitted to cooperate with ICE regardless of the crime,” said Rosenberg, a Californian whose son was struck and killed in 2010 by a car driven by someone in the country illegally.

arrest. But the detainer is powerless since Illinois is a sanctuary state and Bloomington a sanctuary city, said Don Rosenberg of Advocates for Victims of Illegal Alien Crimes (AVIAC).

That POS killed a husband and father of two daughters. How in the hell did he make \$100,000 bail and why was he even granted bail?

[Man in the country illegally who allegedly struck and killed Normal resident Corey Cottrell ordered held on \\$1 million bail:](#)

“In 2017, Illinois became a sanctuary state for the at least 400,000 illegal aliens living in the state,” the story said. “The law shields criminal illegal aliens from being detained and deported from the U.S. In Rodriguez’s case, the state allowed him to be released on bail despite his deportation order dating back six years ago.” Corey’s funeral services were held today.”

My home state is dead. [Kobach: California Gives Illegal Aliens Free Health Care in Violation of Federal Law](#) – I wonder how Democrats in that state feel about trying to pay their own health care premiums and now health care for illegals from their state income tax dollars?

“But not only is it bad economics, it’s also illegal under federal law. In 1996 Congress passed, and President Bill Clinton signed, a major welfare reform act. A crucial section

of that law was inserted by the Republican Congress. It prohibited states from giving public benefits to illegal aliens. And it remains in federal [law](#) today at 8 U.S.C. 1621: an illegal alien “is not eligible for any State or local public benefit.”

“Public benefit includes “any ... health ... benefit for which payments or assistance are provided to an individual, household, or family eligibility unit by an agency of a State or local government ...”.

“If the Trump Department of Justice wants to go on the offensive against states that directly violate federal law, California’s new law would be a good one to challenge. Even in the left-leaning Ninth Circuit, judges would find it difficult to come up with a reason to sustain the law when it is so directly pre-empted by federal statute.

“It’s not surprising that Governor Newsom would violate federal law without hesitation. He did the same when he was Mayor of San Francisco, maintaining and defending San Francisco’s sanctuary city ordinance, which [violates](#) 8 U.S.C. 1373(a).”

The U.S. Department of Justice needs to arrest Gavin Newsom and charge him, period. Quit pussy-footing around and show some stones, AG Barr. **No one is above the law or none of us should be required to follow any federal laws.**

All across this country for YEARS elected officials and private sector organizations making big bucks off the illegals invasion see nothing wrong with lawlessness. President Eisenhower executed what was known as Operation Wetback in 1954 deporting about 1.3 million illegals. No, I would not use that derogatory term but the point is back then Americans – AND elected officials – did not go out of their way to violate federal laws to protect, aid and abet those illegals. They respected our laws and enforcement of those laws.

Instead, this outrageous and dangerous crap is engulfing our country:

[Gillibrand: Planned ICE Raids 'Absolutely Unconscionable'](#), July 13, 2019 – A presidential hopeful who, like Kamala the Kamel Harris, Elizabeth Warren – all the Democrat candidates are nothing but whores who have sold out this country for votes. They are the very antithesis of what this country was founded upon and make me sick.

Marxist mayor of NYC who is a disaster since he was elected: [Bill De Blasio Assists Illegals: 'We Will Do Everything We Can to Protect You'](#), July 13, 2019. I've got news for Comrade De Blasio: **You just openly announced to the world you are violating federal immigration laws.**

[Pelosi, Dems urge illegal immigrants to resist 'brutal' deportation raids](#), July 11, 2019

"House Speaker Nancy Pelosi urged illegal immigrants to resist deportation Thursday, saying they have the right to refuse to open their doors to ICE officers who may try to arrest them in a national sweep reportedly beginning this weekend.

"Mrs. Pelosi was in the vanguard of Democrats and immigrant rights activists who stepped forward to try to thwart President Trump's plans to step up deportations of illegal immigrant families. She described it as a major test of whether Mr. Trump's get-tough policies or their own more welcoming approach to illegal immigration will prevail."

"These families are hardworking members of our communities and our country. This brutal action will terrorize children and tear families apart," Mrs. Pelosi said."

No you shameless whore. They are NOT members of our

communities; they are here ILLEGALLY. **These are COURT ORDERED deportations** and you, Nancy, are NOT above the law.

[Congressman accuses Pelosi of sedition – House speaker urging illegals to resist deportation](#)

[AOC distributes poster telling illegals how to avoid ICE arrest](#)

“A mass email sent out on Saturday by Ocasio-Cortez’s campaign and signed “AOC Team” reads: “The email suggests those who “think that you might be likely to interact with ICE” should download, print out and hang in their homes a [poster](#) available in 17 languages that lists recommendations on how to respond to ICE raids, including the following text: [Here is a link to the poster.](#)”

Seventeen languages from dozens of countries. All those bottom feeders, criminals and terrorists using the invasion to get into our country aren’t just from Mexico (since they’ve already supported an estimated 25% of their population since 1986 when Reagan opened the flood gates), Guatamala, El Salvador or Honduras.

**Members of the United States Congress, mayors, governors and sheriffs who think they’re above the law, if not held accountable and if nothing is done to hold them accountable, will continue to pick and choose which laws they want to violate.**

By the time you read this I will have already called Attorney General William Barr’s office to give his staffer a piece of my mind. Not threatening or vicious, just these bullet points:

Elected officials across this country are aiding and abetting illegals to avoid court ordered deportations and ICE detainers.

They, as in the case of NYC Mayor, De Blasio, publicly

stating he will do everything in his power to protect them.

Any elected official who violated our federal immigration laws must be arrested and charged, Mr. Attorney General. If they can violate the law with impunity why should I have to obey any federal law?

No one is above the law and if you as AG don't take the courageous stand against these lawbreakers now, the resentment in this country will continue to grow. Remember what the U.S. Constitution says:

Article IV, Section 4 of the U.S. Constitution: "The United States shall guarantee to every State in this Union a Republican Form of Government, **and shall protect each of them against invasion;** and on Application of the Legislature, or of the Executive (when the Legislature cannot be convened) against domestic Violence."

It's the job of the Department of Homeland Security – specifically ICE – to stop this invasion and deport illegal aliens. **It's your job to prosecute those who violate our federal immigration laws, aid and help illegals avoid deportation regardless of who they are or what party they belong to.**

And, please don't send me email telling me it doesn't do any good to make the phone call, blah, blah, blah. I'm tired of reading emails full of excuses. *After all, excuses mean that person doesn't have to become part of the solution; let someone else do all the work.* When you do nothing, nothing gets done. When you step up to the plate we can win:

[Sponsor pulls California bill attacking clergy – Would have undermined protections for communications with penitents](#), July 13, 2019: "The California Catholic Conference said in a statement the withdrawal of the bill "follows the delivery **of tens of thousands of letters, emails and phone calls** from Catholics and others concerned with the free expression of

religion.”

If those folks had done nothing that bill would surely have passed as the California State Legislature has been controlled by socialists and communists for the past 40 years.

The same as the defeatist emails I received from [my column last week on GMOs and Trump's EO](#). Well, let me tell you what happens when Americans join together, form a plan and win:

[Sonoma County Becomes Sixth California County to Ban GMO Crop Cultivation](#)

“Citizens for Healthy Farms and Families reports that with 100% of the precincts reporting, Sonoma County’s Measure M Campaign declared victory with 55.9% of the vote.

“After five years educating the residents of Sonoma County and three years working to pass this ban, the voters have spoken, and we are delighted with their support. The majority of voters understand the importance of preserving our local agricultural heritage for future generations.” said Karen Hudson, Campaign Manager “Yes on Measure M”.

“Measure M will prohibit the growing of GMO crops in Sonoma County protecting local farms, pastures, and cover crops from contamination. Because pollen cannot be contained, contamination from GMO crops has resulted in millions of dollars in lost export revenue for farmers throughout the country.

“Sonoma County’s agriculture embraces its local family farms, which are organic or non-GMO. Measure M was designed to protect their right to grow using traditional methods.

“It was endorsed by hundreds of local farmers, vintners, businesses, community organizations, and thousands of individuals across Sonoma County.

“GMOs are not delivering the promise of higher yields. Heavy

herbicide spraying is creating herbicide resistant weeds and affecting the microbial balance in the soil. Nutrient deficient soil and resistant weeds are reducing crop yields. As we begin to understand long term impacts, both consumers and farmers are moving away from GMOs. More than 35 countries prohibit growing genetically engineered crops and many have restrictions on imports.” (It is now 40)

Five years. Without the help of big media (ABC, CBS, MSNBC, FOX and others), it takes time to educate our fellow Americans on these issues. Those people sacrificed their time and likely some financial resources but they stayed at it and won.

YOU can make this happen in your county and the Hell with Trump’s EO. Why do you think a whopping 40 countries have banned all GMO crops? Because they have studied the science and realized how bad GMOs are for the human body, livestock, the soil and environment.

How do you do this? You put together information ([see my GMO column](#)) and get you, friends, family to county commission meetings and present your information. That 40 countries have banned them. Six counties in California. Why GMO crops must be banned in your county. Don’t you care about what those Frankenfoods are doing to you and your family?

You stay in their faces. Attend every public meeting. Go to your local newspaper and ask for a reporter to attend so they can report on what you’re doing. Talk to people where you live about this; you’d be surprised how many are interested. See that number below? Two million is a lot of people.

[California governor bans commercial GM salmon production](#)

“Almost 2 million people have submitted comments opposing the fish’s approval, spurring several major retailers including Kroger, Safeway and Target to pledge not to carry GM seafood in their stores.

## No freshwater or ocean cultivation

“The California law, AB 504, was authored by Wes Chesbro, D-Arcata, in order to protect the state’s native populations of salmon and steelhead trout, a closely related species. The law was also supported by the Pacific Coast Federation of Fishermen’s Associations.

“If these ‘frankenfish’ were to escape into our waters, they could destroy our native salmonid populations through interbreeding, competition for food and **the introduction of parasites and disease**,” Chesbro said. “The only way to ensure this never happens is to ban commercial hatchery production, cultivation or stocking of transgenic salmonids in [California](#).”

“Under the new law, no cultivation or spawning of “transgenic salmonids” will be permitted in any of California’s fresh or Pacific waters. Even research into GM salmonids is prohibited, if it is intended for commercial purposes.

“California has taken an important step to protect its native [salmon](#) and trout stocks. Genetically engineered salmon pose a serious risk to our waterways and our native fish populations,” said Rebecca Spector, West Coast Director of the CFS.”

**THIS is the result of members of Congress promoting illegals to sneak across our border and then protect them:**

If you hate the American flag so much – the symbol of the rivers of blood it cost to be free – then go back to the sh\*t hole country you came from and get out of mine. A short while later OUR flag was taken down by this scum protected by the First Amendment in OUR constitution they seem to hate so much.

Thousands of people who want to protect ILLEGAL ALIENS instead of see that our laws are enforced. This is the flavor of lies

being spread on social media:

[fiuna @fiuna5 Jul 6](#)

“Children have to represent themselves when they go to [#immigration](#) court. Children that are being held in immigration concentration camps are being sexually assaulted and abused in other ways and on top of all of this the United States Gov.”

Bull manure. You and I pay for lawyers for ILLEGAL minor children THEIR PARENTS decided to smuggle across the border in violation of our laws. More concentration camp crap from another stupid sow.

More bilge from America hating Muslim Congresswoman: [Rep. Rashida Tlaib says it's a 'very, very dark time' because of Trump's border policies and warns of a 'whole generation of children who will never forget what our nation did to them'](#) – BULL. This is one of my columns for Worldnetdaily. I'm humbled to say it was published in their *Whistleblower* monthly magazine back then: [ACLU fulfilling communist agenda](#)

“Earl Browder was general secretary of the Communist Party of the United States from 1930 through its dissolution in 1944. When the party was reconstituted as the Communist Political Association later that year, Browder was chosen as its president. Browder proudly proclaimed that the ACLU functioned as “a transmission belt” for the party. To deny the ACLU’s founding was attached at the hip to communist organizations is to deny what can easily be proven as truth.”

**And, yes, this irked the Hell out of me.** I believe Trump was trying to pump support for his base but he needs to read Sun Tzu’s Art of War. Instead of implementing surprise raids, Trump gave a heads up and expected no resistance?

[Trump called Oakland mayor a ‘disgrace’ for revealing ICE raids. Then he did the same thing, July 12, 2019](#)

“When Oakland, Calif., Mayor Libby Schaaf tipped residents off last year that immigration agents would be conducting enforcement operations, President Donald Trump called her actions a “disgrace.”

“A Republican congressman from Iowa proposed criminal penalties for officials in so-called sanctuary cities who make similar disclosures. The acting Immigration and Customs Enforcement director at the time, Thomas Homan, said Schaaf was “no better than a gang lookout yelling ‘police!’ when a police cruiser comes in the neighborhood.”

“Then, in the last month, Trump himself announced impending immigration operations. “Next week ICE will begin the process of removing the millions of illegal aliens who have illicitly found their way into the United States,” Trump tweeted on June 17.

“Trump later announced those operations were being postponed. But this week, sources in Washington say they are back – with ICE expected to pursue at least 2,000 immigrants beginning Sunday. The Trump administration, it seemed, had pulled a

Libby Schaaf.”

Get on the phone today. At lunch, stuck in traffic. Tomorrow or the next day if the line is busy. If Barr gets two million calls, he just might buck up and take the tough road instead of do nothing while the invasion continues and elected public officials give the American people the finger.
