

Illegal Aliens: Can Trump's Deportation Plan Work? – Part 1

By: Devvy

March 6, 2024

The plan to flood America with millions of freeloaders, terrorists and criminals has worked perfectly. Crime is soaring and those “newcomers” are bleeding taxpayers dry thanks to rotten, corrupt politicians and gutless cowards in Congress and state legislatures.

Governors who belong to the Democrat/Communist Party USA and mayors who ignore immigration laws already on the books are now crying like babies as their cities, towns, schools and hospitals are over run with increasing crime. Citizens are finally waking up to reality now that it's come to *their* community.

Oh, those poor people are coming here because they want a better life. Think Laken Riley would have liked a nice life and lived the American dream? Now she's 6' under.

[There's a migrant crime spree killing Americans and Biden's an accessory.](#) “EXCLUSIVE: There's a migrant crime spree killing Americans and Biden's an accessory. Biden campaigned on policies that let Americans be raped and murdered. Americans are sick and tired of being lied to by pathetic politicians who think we can't read the laws they write behind our backs.

“Now Americans are dead and the left is protecting the

reputations of migrants instead of the lives of Americans. Athens father and resident, James Lee, who spoke out against the mayor today, tells Primetime that Laken Riley's murder has left residents feeling outraged and abandoned. Below is Trump's response as well... much more below this top vid by Jesse Watters."

This invasion was planned and the first day after the impostor playing president, career criminal Joe Biden, was unlawfully sworn in, he did as his handlers told him to do: Dismantle the programs and agreements in effect under President Trump. Top of the short list: Asylum seekers would remain in Mexico (who doesn't want them) until their court date. **93% of asylum claims are BOGUS and get dismissed.**

This nightmare was 100% avoidable, but thanks to a GOP controlled Congress under President Trump, Republicans did NOTHING but point the finger at Democrats. **For the thousandth time and now ten years down the road, once again:** One of the biggest crooks ever to serve in the Senate, dirty Harry Reid (Deceased), member of the Democrat/Communist Party USA, introduced the strongest anti-illegals bill ever written; 76 pages. **I have written about this over and over and over:** **Turn off the money and the freeloaders will leave. Turn off the money and they will not come – except terrorists smuggling themselves across the border during the night loaded with weapons.**

August 24, 2014, my column: [A Bill: Stop All Public Welfare In Any Form for Illegal Aliens](#)

"August 5, 1993, Dirty Harry's office issued the following: In response to increased terrorism and abuse of social programs by aliens, Sen. Harry Reid (D-Nev.) Today introduced the first and only comprehensive immigration reform bill in Congress. Currently, an alien living illegally in the United States often pays no taxes but receives unemployment, welfare, free medical care and other federal benefits. Recent terrorist

acts, including the World Trade Center bombing, have underscored the need to keep violent criminals out of the country.

“Our borders have overflowed with illegal immigrants placing tremendous burdens on our criminal justice system, schools and social programs. The Immigration and Naturalization Service needs the ability to step up enforcement. Our federal wallet is stretched to the limit by illegal aliens getting welfare, food stamps, medical care, and other benefits often without paying any taxes.”

“Reid’s statements were to announce a bill he introduced back then titled the [Immigration Stabilization Act \[S.1351\]](#). I’m betting it was not written by Dirty Harry, but by lawyers who know what they’re doing and the sure to come legal challenges. It covers the whole gambit of turning off the trillions spent over the past 28 years since Reagan sold us out. One section I want to highlight: TITLE X–CITIZENSHIP

SEC. 1001. BASIS OF CITIZENSHIP CLARIFIED.

“In the exercise of its powers under section 5 of the Fourteenth Article of Amendment to the Constitution of the United States, the Congress has determined and hereby declares that any person born after the date of enactment of this title to a mother who is neither a citizen of the United States nor admitted to the United States as a lawful permanent resident, and which person is a national or citizen of another country of which either of his or her natural parents is a national or citizen, or is entitled upon application to become a national or citizen of such country, **shall be considered as born subject to the jurisdiction of that foreign country and not subject to the jurisdiction of the United States within the meaning of section 1 of such Article and shall therefore not be a citizen of the United States or of any State solely by reason of physical presence within the United States at the moment of birth.**”

Dirty Harry was speaking about the legal fiction called 'anchor babies' something I have been very vocal about and ignored by both parties. Texas did try. [Texas: No Birth Certificates for Illegal Aliens](#), mine, August 31, 2015.

"If anyone's going to be deported, it's going to be you! ... Get out! We are the future. You're old and tired. Go on. We have beaten you – leave like beaten rats. You old white people, it is your duty to die. Right now, we're already controlling those elections, whether it's by violence or nonviolence. Through love of having children we're going to take over."
–Augustin Cebada, information minister of Brown Berets, militant para-military soldiers of Aztlan shouting at U.S. citizens at an Independence Day rally in Los Angeles.

"Naturally, the corrupt Mexican government is howling like a stuck pig: [Mexico Warns Texas to Stop Refusing to Issue Illegal Alien Babies Birth Certificates](#), August 27, 2015.

"The Mexican government is warning that Texas' denial of birth certificates for U.S. children born here to undocumented immigrants stands to imperil the relationship between Mexico and the Lone Star State.

"The concern was raised in an amicus brief filed Monday evening to lend support to immigrants parents who sued Texas after being denied birth certificates for their U.S.-born children, even after showing their "matrículas," the ID cards issued by the Mexican consulate to undocumented immigrants...They should rethink their bitching because you don't push Texas around without a fight. The State of Texas has the absolute legal right to make required documentation mandatory. Not to mention what hypocrites they are: [Mexico Deports More Illegals Than The US Does](#) – Mexico tightens immigration laws, while asking us to loosen ours, June 22, 2015."

Of course, there were lawsuits and garbage websites like Wikipedia continue to publish the conspiracy theory that any

baby dropped on U.S. soil is automatically a U.S. citizen under the Fourteenth Amendment. In 2016, a group of illegal alien mothers sued the State of Texas. Aww, they were being discriminated against. No, you have NO right to be on U.S. soil, period. In the end, Texas was basically forced to reach an agreement with criminals who violate our immigration laws so they can birth their baby on U.S. soil so Texans can be raped in taxes for their free ride – **BILLIONS of our tax dollars here in Texas.**

Well, now we have yet another innocent young girl with her whole life ahead of her murdered by a sub-human piece of excrement: Laken Riley, age 22. **LIKE THOUSANDS OF OTHER AMERICANS OF ALL AGES AND RACES** who've been murdered by illegal aliens.

Riley's murderer is an illegal alien (not a "newcomer", undocumented, migrant or immigrant) from Venezuela, Joe Antonion Ibarra. Athens, Georgia is a **fictitious** "sanctuary city". [No Sanctuaries In "Sanctuary Cities"](#), Dec. 3, 2016, Dr. Edwin Vieira

He is an accessory to her murder: [Sheriff where Laken Riley was viciously murdered – allegedly by Venezuelan migrant – pledged not to cooperate with ICE during his campaign](#), Feb. 29, 2024 – "The sheriff of the Georgia county where a Venezuelan migrant has been charged with murdering nursing student Laken Riley had campaigned on refusing to cooperate with Immigration and Customs Enforcement officers, a resurfaced interview shows.

"It is not my intention, when elected sheriff, to cooperate with those detainers," John Williams, now the sheriff of Athens-Clarke County, said in a 2020 interview with Athens Political Nerds. He was referring to detainers ICE placed on illegal immigrants who were arrested on criminal charges."

So, voters in Athens in an uproar over the brutal murder (her

skull was bashed in) of that young innocent girl got what you voted for: Lawlessness, rapists and murderers in your “sanctuary city”. Those of you who voted for Williams voted to protect a career criminal here ILLEGALLY; quoting from the article above:

“He [Ibarra] had entered the country illegally in 2022 but was released pending “future proceedings,” US Immigration and Customs Enforcement officials have said. From there, he worked in the Big Apple delivering food and was arrested in Queens on Aug. 31 on a child endangerment charge – but was released before the federal agency could file a request to deport him, immigration officials said.

“Ibarra later moved to Georgia to live with his brother, Diego, and the two were busted for shoplifting at an Athens Walmart in October and charged with stealing \$200 in merchandise, but were released after being issued summonses. Diego Ibarra was later detained by ICE for using a phony green card to land a job at UGA.”

NGO’s (Non-governmental Organizations) are overwhelmingly a cancer as too many of them are America haters and in the case of illegal aliens, complicit in violating federal law. That includes the Catholic Church and other religious denominations who also get big federal bux for aiding and abetting.

Quoting a great American, [Jon Christian Ryter](#), whose deep research has always been accurate. I’ve always had a great deal of respect for Jon. From one of his columns back in **2010**:

“It was Truman who pushed the Federal Immigration and National Act of 1952 through Congress in the closing days of his administration. Under Section 8 USC 1324[a](1)(A)[iv][b](iii) any US citizen that knowingly assists an illegal alien, provides them with employment, food, water or shelter has committed a felony. City, county or State officials that

declare their jurisdictions to be “Open Cities, Counties or States are subject to arrest; as are law enforcement agencies who chose not to enforce this law. Police officers who ignore officials who violate Section 8 USC 1324[a](1)(A)[iv][b](iii) are committing a Section 274 federal felony.

“Furthermore, according to Federal Immigration and National Act of 1952, if you live in a city, county or State that refuses to enforce the law for whatever reason, the officials making those rules are financially liable for any crime committed within their jurisdiction by an illegal alien.”

In total violation of federal immigration law: [Illegal Aliens to Get Interest-Free Home Loans Under New Democrat-Backed California Bill](#)

I’ve said forever, you can’t fix a problem unless you go back and find when and how the problem started. Before we get to Part II, [you must read this January 27, 2010, column by Jon](#) because it is the factual history of what three previous presidents did to deport millions of illegal aliens:

“Three times in the history of the United States US Presidents took what would today be considered a politically unpopular position by rounding up and deporting illegal aliens to create jobs for US Citizens. The first attempt occurred shortly after the banker-induced Stock Market Crash of 1929 when President Herbert Hoover ordered the round-up and deportation of illegals by the US Immigration and Naturalization Service. The program, dubbed “*Operation Wetback*,” was carried out without any protests from US government-funded Hispanic advocacy groups—since there were none. The Clintonesque-liberal media political correctness dictionary was still 63 years in the future and the communist-left FDR (America’s white Barack Obama) federal bureaucracy was still some 4-years in the

making.

“The Hoover roundup sent over one million Mexican illegal aliens packing—freeing up jobs for out-of-work US citizens. In addition, some 47 thousand Mexican nationals who were in the country legally, with visas, also opted to leave due to rising animosity by out-of-work Americans for any foreigner in the United States with a job. *Operation Wetback* was launched in the Southwest: Arizona, California, New Mexico and Texas. But deportees also came from Colorado, Illinois, Michigan, and New York. Since Mexican illegals tried hard to remain under the radar screen, few of them traveled far beyond the border States, thus we can assume that most of the deportees from the States north of the Mason-Dixon line were legal residents. During the Hoover years, immigration to the United States was virtually stopped...

“Eisenhower hired Gen. Joseph May Swing to head the INS and with units of the US National Guard, began what history now views as a quasi-military operation to find and seize illegal immigrants. As hard as Johnson tried to get rid of Swing, Eisenhower protected his man in Immigration. On July 15, 1953, the first day of *Operation Wetback III*, Swing’s men arrested 4,800 illegals. After the first day, the INS averaged the seizure of 1,100 illegals per day. The INS devoted 700 men to the project, hoping to scare enough more illegals to flee back across the border. The INS claims that under Eisenhower’s *Operation Wetback*, they deported 1,300,000 illegals. The open-border social progressives insist that all three phases of *Operation Wetback* were dismal flops, and that only a few thousand people—all of whom, they claim, were legal residents—were deported.” **Rest of the history at link above.**

Of course, today we are up against a dirty, crooked Mexican president who wants and has been happy to ship us their peasant class; uneducated and disease-ridden individuals (like TB) along with the despicable ACLU and other organizations who want open borders. The illegal who murdered Laken Riley is

from Venezuela. Maduro is the president of Venezuela. Another stinking, rotten Marxist who has told the U.S. they will refuse any illegals we ship back to them to them. See those cantaloupes and other fruits and veggies at the grocery store from Venezuela? Let them ROT on the shelves. I don't buy foreign anyway (and I've made that quite clear at both HEB and China (Wal) Mart over the decades since NAFTA was signed). The American people can use their wallet to send a clear message.

Trump has made a huge campaign promise: He will spearhead the biggest deportation operation in the history of this country. But can he pull it off?
