

Illegals Invasion: What Are You Waiting for Governor Abbott?

By: Devvy

Sept. 11, 2023

Texas Governor, Greg Abbott, is constantly being praised for his efforts to stop the massive and deliberate invasion of our southern border. Yes, busing illegal aliens to various cities has caused socialist mayors in big “blue” cities major heart burn. The same ones that bragged illegals were welcome. Aww. Buyer’s remorse.

California’s *maniac* governor, Gavin Newsom, is having hissy fits even though he declared California a “sanctuary state”. Why would Newsom or any city mayor complain? What’s a few busloads from Texas? Illegals flood across the border from Mexico into California everyday while he, socialists and communists in their legislature, mayors and non-profits all cheer them on. Come on in. Hard-working Californians are happy to go without so illegals can get a free ride.

Millions of unskilled, non-English speaking illegals coming in from as many as 120 different countries all chant, THEY want a better life. America has suffered greatly. Not just all the borrowed money given to illegal aliens, but the blood of innocent Americans so THEY can have a better life.

live and work in the United States for about 20 years despite his illegal alien status and prior arrest record.” **Illegals are scattered all over this country.** Will YOU or YOUR son, daughter, mother, sister, aunt, brother, uncle be the next victim of an illegal alien? The odds it happens grow by the day since 6.7 MILLION illegals have entered this country under fake president, Joe Biden. **How many more funerals while these mayors and governors are tucked away safely in their mansions or expensive townhouses with armed security? I’ve been asking that question for almost 20 years.**

The illegitimate Biden “administration” filled their drawers when Abbott ordered putting border buoys in the Rio Grande. Mexico’s president whose allowed drug cartels to flourish causing horrific numbers of violent deaths of innocent Mexican citizens. Mexico’s president who, through deliberate actions by not putting his military on his side of the border, is complicit in the massive amounts of deadly Fentanyl flowing into our country. In 2021, money sent to Mexico from Mexicans here in the U.S. skyrocketed by 27% to a whopping \$51.6 BILLION dollars. No way to tell how much was sent by illegal aliens but huge numbers of working age males enter this country illegally so I’m guessing a lot.

[A town in Mexico survives entirely on money sent back by U.S. migrants](#), Jan. 26, 2022: (Emphasis mine) “Many workers from Comachuen get H2A temporary U.S. work visas, **while others go without documents.**” Those jobs belong to Americans and all that money should stay here in OUR country.

President Elect, Donald Trump, at least made the effort to get a wall constructed while fighting off RINO's, liberal judges and all the pro-illegals groups in this country. He did get the president of Mexico to abide by 'Remain in Mexico' for those seeking asylum until their immigration court date. Of course, the illegitimate 'Biden Administration' ended that fair policy. In December 2022, however, a federal court slapped Biden's handlers by blocking ending that program. Made no difference as more than 1.8 million have invaded since then.

Think illegals care? Think asylum seekers care *as they literally walk across the border, turn themselves over to Border Patrol where they are “processed”*, given immigration court dates TEN YEARS down the road and then head somewhere in the U.S.?

Our asylum policy is broken; a damn mess. It is not for domestic abuse which is world-wide. *There's no way to verify anything from so-called asylum seekers* from Guatemala, El Salvador, Mexico, Venezuela or any of the other countries. Those free-loaders come with the clothes on their backs and fancy phones so they can contact pro-illegal alien lawyers and groups. **They lie through their teeth to stay on U.S. soil.** And **shame on parents** of illegal minors who sent their precious child(ren) on the way with coyotes who rape girls and boys. Some have died as we've seen at our border near the Rio Grande or *simply abandoned in desert areas* – little older than toddlers, some of them. Who knows how many will end up being trafficked for sex.

We Texans have been raped for BILLIONS and BILLIONS of

taxpayer dollars trying to stop the hordes at our border. Abbott has sent a few hundred National Guard to do paperwork (processing) as illegals wait in line and then released to scatter around the country. Today is remembrance of Sept. 11, 2001. Process terrorists posing as asylum seekers. Some are caught, how many are not? **What about the ones crossing the border at night caught on video with horses loaded down with AK-47's?** They need those to pick lettuce or mow grass for millionaires? There is one permanent solution (plus a wall) which I've covered over and over and over since 2014. During Trump's presidency I sent it to him twice in 2017. Crickets. Sent it twice to the same list of senators and house reps; both chambers GOP controlled. Crickets. Over the years I've kept sending it to GOP senators and house reps who speak out strongly about the border. The last one was Rep. Chip Roy [R-TX]. Crickets. I've never read or hear a word about the bill below from any member of Congress. If the Republican controlled Congress had passed that bill, Trump, I believe, would have signed it and this very real invasion threatening our republic would be long over.

Re-introduce the [Immigration Stabilization Act \[S.1351\]](#). It IS the most comprehensive immigration reform bill ever written; 76 pages. It stops ALL welfare and any other compensation or freebees and it WILL force millions and

millions of illegal aliens to self-deport. It also blows the myth of “anchor babies” right out of the water:

TITLE X—CITIZENSHIP

SEC. 1001. BASIS OF CITIZENSHIP CLARIFIED.

“In the exercise of its powers under section 5 of the Fourteenth Article of Amendment to the Constitution of the United States, the Congress has determined and hereby declares that any person born after the date of enactment of this title to a mother who is neither a citizen of the United States nor admitted to the United States as a lawful permanent resident, and which person is a national or citizen of another country of which either of his or her natural parents is a national or citizen, or is entitled upon application to become a national or citizen of such country, shall be considered as born subject to the jurisdiction of that foreign country and not subject to the jurisdiction of the United States within the meaning of section 1 of such Article and shall therefore not be a citizen of the United States or of any State solely by reason of physical presence within the United States at the moment of birth.”

My Aug. 4, 2014 column, [A Bill: Stop All Public Welfare In Any Form for Illegal Aliens](#), should be read by all Americans including naturalized Americans **who lawfully entered OUR country** like both sets of my grandparents. Important historical facts.

“Dirty Harry’s bill is just about tailor made. It may need a little fine tuning to get the statutes up to speed. At the time, it had a grand total of 3 cosponsors; two Republicans and one Democrat. But, as I said, Sec. 503 needs to be removed. [Replace it with the simple bill I wrote using California’s Prop 187 is more explicit.](#)

Add a new section which sets a moratorium on LEGAL admission to the U.S. for 24 months while the new law is being

enforced. Take away the welfare, free medical, free dental, in California free cash (that's a fact), free education from K – colleges and universities, no federal or state food stamps. Nothing. **They will leave.**

Add criminal offense along with hefty fines: Employ illegal aliens, go to jail and that includes you, Jeff Zuckerberg. No driver's license will be issued to any illegal alien by state legislatures, period. Illegals caught driving will be immediately deported. States, including mayors who refuse to cooperate with ICE (Immigration and Customs Enforcement) will be in violation of the law and will be charged. Federal immigration laws trump some mayor who refuses to obey the law.

Add: Asylum seekers are hereby notified you are to return to Mexico or Canada and remain there until notification of a hearing date is set. You are required to leave the U.S. within 30 days. Re-entry will be allowed with proof of your new court date. If you have a current hearing date and don't self-deport to 'remain in place', your application will be rejected and you will be automatically deported. It's easy to track them – especially if they have children because every school in this country knows every student whose an illegal alien. I know because I was a substitute school teacher.

This is not difficult to do because everything is in computers: When asylum seekers are processed all the information goes into a file. It is far less costly both in dollars and manpower than the destruction being done to OUR country. Forget all the screaming by Democrats, pro-illegals, pro-open border organizations and NGO's.

Congress – NOT the ACLU and all the other pro-illegal alien organizations, charities, NGOs or partisan, activist judges – make immigration laws. **A country without borders is not a country** and that's EXACTLY the goal of the globalists like Hussein Obama and the rest of the scum.

Where the hell is the backbone of Republicans all these years?

What? It might cost you an election? I've got news for you gutless cowards: I've been to the border. I've spoken with people who came here legally from Mexico and they highly resent illegals – especially those I spoke with at hotels and restaurants in AZ. I know several people here in my city whose families came here legally from Mexico and they are royally pissed the money they work so hard for goes to free-loaders, illegals with criminal records and illegals who hate this country.

This is why is it absolutely critical the House and Senate are given a GOP majority as well as getting Trump back in the WH. I have NO doubt they will receive full support from Americans and naturalized Americans to get the bill passed and signed into law. **And the American people must put the heat on all of them – including sheriffs.** Turn those buses right around and head back for the border. I AM the authority in this county and you're not dumping busloads of illegals in my county. Only you can make that possible in your county.

Americans are FED UP with this invasion we're been fleeced to fund. We're FED UP with illegals who rape, rob and murder Americans. We're FED UP with gutless Republicans who've refused to FIX the problem while begging for campaign donations: "Reelect me, I'm a conservative!". [Outrageous! Border Patrol Agent Reveals Biden Regime Gives \\$2,200 of Taxpayer Money Per Illegal Immigrant Family, Plus a Plane Ticket, Housing, Food, Free Medical Services](#) (VIDEO), Sept. 5, 2023. Nothing new. I found out about those white Fed money cards back in 1993. I watched two illegals' cash one at a bank for \$2,000; the bank teller told me they come in every month and cash the card. Think they pay income taxes?

Republicans are so damn afraid of getting called racist (a large section of NYC are illegal aliens from Ireland with lily-white skin) and so afraid of the prostitute media, they're sacrificing our way of life, allowing rapists and

murderers to roam our cities and town as well as demand we trash our traditions while bankrupting us. No more. Nothing can be done until those critical primaries starting in January. Incumbents must be hammered: You will pledge to make getting the aforementioned bill passed a top priority or I will vote for your opponent. Of course, we still have the problem regarding electronic voting machines and human cheaters.

The first thing Abbott should have done the day Biden was unlawfully “sworn into office” was exercise his LEGAL authority to call up the Texas State Militia:

[GOVERNMENT CODE – TITLE 4. EXECUTIVE BRANCH](#) – SUBTITLE C. STATE MILITARY FORCES AND VETERANS

CHAPTER 431. **STATE MILITIA** – SUBCHAPTER A. GENERAL PROVISIONS
– SUBCHAPTER H. CALLING OF FORCES

Sec. 431.111. CALLING OF FORCES BY GOVERNOR.

Sec. 431.112. CALLING OF FORCES BY OTHER OFFICIAL. (Rest at link)

There are many, many militia groups in the U.S. who are not white supremacists or any of that manure. These are patriotic Americans who train so they can help friends and neighbors in times of natural disasters like earthquakes, hurricanes and tornadoes. Assist with overwhelmed first responders. And, in defense of their state if necessary.

However, they have no legal authority nor do they represent the true meaning of the Second Amendment: ***A well regulated militia, being necessary to the security of a free state***, the right of the people to keep and bear arms, shall not be infringed.

Over the decades many well-meaning Americans, mostly men, have been down at the border trying to assist Border Patrol and in

at least one situation I know almost got himself shot by Border Patrol. Those Americans have no legal authority to act as militia. It's a real shame tens and tens of millions of gun owners in this country have no understanding of the Second Amendment. *I was one of them until 2005.* Dr. Edwin Vieira's columns are a treasure trove on this issue. [His archives go back to 2005](#) trying to get gun owners and lawmakers to understand the true meaning Second Amendment. Too bad most are not listening.

Greg Abbott talks a good game but he has refused to do the one thing that would have stopped hundreds of thousands of illegals flooding the border since Jan. 2021: **Do not let illegals put one foot on U.S. soil.** Yes, this would require thousands of Texans give some time on a rotating basis to do THEIR DUTY as part of the Texas State Militia for their safety, their families and our state.

I have no doubt if called into service, enough Texans will become a wall to repel the invaders. [Illegal crossings at 'freezing' Canadian border surge during migrant crisis](#), Jan. 29, 2023: "Border Patrol agents in New York, Vermont and New Hampshire apprehended more people illegally entering the US from Canada in the past three months than in the previous two years combined, authorities say." A 743% increase.

Border Patrol know where the hot spots are and even secondary ones. There is a wall in certain sections thanks to Trump. Cameras and drones are used all along the border but there's not enough Border Patrol to get there in time. **No, it's going to take the state militia.** So, what are you waiting for Gov. Abbott?

[Gov. Greg Abbott is an associate member of the World Economic Forum](#) (WEF) headed up by one of the evillest people on this planet: Klaus Schwab who is hell-bent on his great "reset" to finally destroy these united States of America.

Lie down with dogs, get up with fleas. Abbott is for sale which isn't a surprise to Texans who are paying attention. **How can Greg Abbott claim he's for stopping the illegals invasion while at the same time taking money from a donor who is violating our immigration laws?**

[Abbott Donor Funds Illegal Alien Housing Project Near Houston](#) – “Colony Ridge Communities” markets land to illegal aliens through loan loopholes, while stakeholders contribute to Abbott yearly.” June 26, 2023

“As challenges continue surfacing as a result of record levels of illegal border crossings, “Colony Ridge Communities”—the land development company responsible for providing loans for the construction of one of the largest illegal alien settlements in America—is funded by one of Gov. Greg Abbott’s major donors.

“Liberty County, just North of Houston, is home to the fastest-growing Hispanic population in the country and one of the fastest-growing school districts in Texas. In 2020, the Colony Ridge settlement included approximately 20,000 residents and now includes an estimated 75,000.”

Illegal alien settlements? BS. Get them deported as they have no right to be on U.S. soil. The only way to do that is to cut off the welfare. [Drug Smuggler Caught with \\$650k in Cocaine Near Illegal Alien Housing Development](#) – Experts warn this pattern will continue. Sept. 5, 2023

If you live here in Texas, flood Greg Abbott’s desk with SNAIL MAIL letters. E-mails are too easy to delete, likely most do not get read due to the sheer numbers Abbott’s office receives daily. **Tell him to call forth the State Militia or shut up.** A million letters will get everyone’s attention. Send a copy to your state rep and senator as well as Texas State GOP president, Matt Rinaldi.
