

Illinois Governor is a Slimy Piece of Work

“The tone and tendency of liberalism is to attack the institutions of the country under the name of reform and to make war on the manners and customs of the people under the pretext of progress.” –Benjamin Disraeli

“We are not weak if we make a proper use of those means which the God of Nature has placed in our power... the battle, sir, is not to the strong alone it is to the vigilant, the active, the brave.” –Patrick Henry

Never in my long life have I ever seen so many *selected* elected officials side with criminals – in this case illegal aliens (the proper legal description, not the marketing ploy migrants, immigrants or undocumented) as we've seen the past few years. President Trump, our brave ICE and BP risk their lives everyday to get the human trash off U.S. soil as they have no right to be here regardless of what some high paid lawyers who hate our constitutional republic bellow.

“Our Constitution has wisely distributed the administration of the government into three distinct and independent departments. **To each of these it belongs to administer law within its separate jurisdiction.**” Thomas Jefferson: Batture at New Orleans, 1812. ME 18:129. “The Constitution of the United States having divided the powers of government into

three branches, legislative, executive, and judiciary, and deposited each with a separate body of magistracy, **forbidding either to interfere in the department of the other, the executive are not at liberty to intermeddle in [a] question [that] must be ultimately decided by the Supreme Court.**"

—Thomas Jefferson to Charles Hellstedt, 1791. ME 8:126

All by design: Get as many to vote as possible to pick up seats in CON-gress and the all-important Electoral college. **Not to mention stealing jobs that belong to Americans, bringing our health care delivery system to the brink of collapse in too many cities around the country and the leaches who demand YOU work all day to pay for their housing, clothing, food; the list is endless.**

All of this has been covered ad nauseum and a billion words since career criminal, liar and cheat, Joe Biden, was unlawfully sworn into office. The latest puppet of the money monopoly that run and control governments around the world. No? Just read Nomi Pins book for starters: [All the Presidents' Bankers: The Hidden Alliances that Drive American Power](#) and [Collusion: How Central Bankers Rigged the World](#)

"There is no act of treachery or meanness of which a political party is not capable; for in politics there is no honor" ~ Benjamin Disraeli

Slowly and with great sacrifice of time and energy – especially after Al Gore(bechev) gifted us with the Internet, we, the truth tellers have been able to dig deep and expose the vile corruption and plans to destroy these united States of America. Plans that have been around a long time. **The created decided they are more powerful than the Creator for great wealth and influence.** Personally, I believe most of them do not believe in the one, true God of the Universe. **Instead, they are Satan's warriors.**

Many of the puppets who sold their soul to Satan are familiar

to the American people. *Hussein Obama is not and can never be constitutionally eligible to be president as clearly written in the U.S. Constitution.* Comrade Obama got away with it because of cowards in the Republican Party, judges and foolish herds of Caucasians suffering from “white guilt”. Those dullards forgot Obama is half white and half black.

Marxist Comrade Obama said once elected he would begin the complete “transformation of America”. He sure did by deliberately encouraging race baiting; number one on his list. Racism, the good old stand-by. Divide Americans based on propaganda and lies.

However, things didn’t go the way the Destroyers thought their grand schemes would could be shoved down our throats using the Internet. At least as far as timing is concerned. Americans were waking up, getting informed, educated and began to fight back. But, it’s been a long and painful time for those of us who wanted the truth. And still today, there are millions and millions of Americans I call the Unreachables. They are simply fools.

The Unreachables are either in denial, could care less as long as the government continues to rob the treasury to give to them or have sold their soul to Satan for earthly wealth and decadent lifestyles as well as making killing an unborn baby the basis for voting for a candidate for public office. The Unreachables don’t want the truth *because they can’t handle the truth.* They’re also so brainwashed by social media and what they call public education schools which are little more than indoctrination centers.

Just look at the “protests” (so many violent) in major cities to protect ILLEGAL aliens. Just look at the number of cockroaches like Rep. Mad Max Waters and dozens of other members of CON-gress, mayors and city councils who have stirred up the mobs (democracy) to protect those who have NO “right” to be on U.S. soil.

Marxist scum like Bernie Sanders and the fools who follow him as that old bastard continues his quest to over turn our legal form of government, a constitutional republic) to a socialist sh*t hole – the stepping stone towards full blown communism. A wealthy Marxist yelling into a microphone about equality. The goal all along if you read [MASTERS OF SEDUCTION: Beguiling Americans Into Slavery and Self-destruction](#). Copyright © 2000 by Jeri Lynn Ball. I've recommended it for what seems like forever and emails to me are from normal, average Americans like you and me shocked to the core. Only the names of the players have changed but the game plan is speeding right along.

A good example

[Chicago mayor calls Trump's federalization threats 'beneath the honor of our nation,' protests planned](#), Sept. 6, 2025: "Chicago Mayor Brandon Johnson on Saturday shot back at President Donald Trump's potential plans to temporarily federalize the city, calling on citizens to "protect Chicago from Donald Trump." (Embedded: [JUST IN: Seven Dead, 37 Injured After Weekend of Violence in Chicago as Mayor Pushes Back Against Trump's Plan to Send Federal Agents](#))

If Johnson and the city's police force did their job Chicago would not resemble a third world country where murder, robberies and other crimes dominate the very lives of those who live in "the windy city". Been there twice years ago but never left AMTRAK's VIP lounge; I was warned before I left Sacramento about the lawlessness dominating that once well-respected city and desired place for Americans to live, raise their children and pursue the American dream.

Federalize the city? Mayor Johnson is just another political jackass. Oh, but their governor, beached whale billionaire JB Pritzker who thinks he's the King of Illinois because of his wealth and connections is going full throttle to protect criminals in his state.

[\(VIDEO\) JB Pritzker Says He Has Moles in Trump Administration and Military Feeding him Information on Trump's Law Enforcement Operations – Claims DHS Plans to "Invade" Chicago Neighborhoods](#), Sept. 6, 2025:

"Illinois Governor JB Pritzker told former White House Press Secretary and MSNBC host Jen Psaki that he is being tipped off on Trump's plans to send troops and federal agents to Chicago by people in the Trump Administration and the military "who have let us know things without, you know, having permission to do so."

Dirty rotten players. I can tell you one thing I know for sure and that is President Trump highly values loyalty. I would hope that by now Kash Patel and Dan Bongino are on this like white on rice. Evidence is collected by the FBI, a federal grand jury and then a criminal referral to the AG. While the process is going on, passports should be seized from those suspected, take lie detector tests and put on indefinite unpaid leave.

We don't know what's going on behind the scenes but now it's public and **boy was I steamed when I read the article above**. I can just imagine how President Trump reacted. Betrayed. Again.

Now to the **LEGAL** meat: [Map: Sanctuary Cities, Counties, and States](#). More BS to get around our immigration laws like the term "anchor babies". Illinois claims to be some mythical "legal" entity called a sanctuary state. Really? Let's see what one of the most brilliant legal minds in this country has to say about that and do take the time to read as it's not too long. (Send the link to Trump on X and his social media platform. **And** Stephen Miller: I know he is a dedicated individual regarding the illegals invasion so maybe this will get to him.

I started hammering on stopping ALL forms of welfare for illegal aliens back in **2014**; [bill already written](#). Maybe it's starting to happen because I guarantee you, tens of millions of illegals will get out of our country because no more freebies like health care while you struggle to make your health care premiums. It's *the big magnet* along with stealing jobs that belong to Americans.

It's up to us to keep the heat on CON-gress and state reps and senators to stop ALL welfare in any form and you'll see

millions of illegals head for the border (Mexico & Canada) so they can go back to Ireland, the Congo, Mexico, Guatemala, Honduras or where ever.

Remind our public SERVANTS they work for us, not special interest groups and *those mid-term elections will be here before we know it.* CRUSH the Democrat Marxists under so many votes they can crawl back into the nearest toilet where they belong.

[Texas Bans Sanctuary Cities](#), May 7, 2017: "Governor Greg Abbott today signed legislation banning sanctuary cities in the state of Texas. Senate Bill 4 (SB 4) requires local government entities and law enforcement officials to comply with federal immigration laws and detainer requests, and creates criminal penalties for entities that do not enforce the law. Banning sanctuary cities was one of Governor Abbott's emergency legislative priorities.

"As Governor, my top priority is public safety, and this bill furthers that objective by keeping dangerous criminals off our streets," said Governor Abbott.

"It's inexcusable to release individuals from jail that have been charged with heinous crimes like sexual assault against minors, domestic violence and robbery. There are deadly consequences to not enforcing the law, and Texas has now become a state where those practices are not tolerated. With this bill we are doing away with those that seek to promote lawlessness in Texas.

"As part of the legislation, entities and officials that do not comply with the law could face the following penalties:

"A civil penalty for entities in violation of the law of up to \$25,500 for each day of the violation. A class A misdemeanor for a sheriff, chief of police, or constable who fails to comply with federal immigration detainer requests

"Removal from office for any elected or appointed official who does not comply with the law. Senate Bill 4 will go into effect on September 1, 2017."

"Enforcing immigration law prevents the release of individuals from custody who have been charged with serious crimes. Dangerous criminals shouldn't be allowed back into our communities to possibly commit more crimes."

"In its decision, the 5th Circuit said "With one exception, SB 4's provisions do not, on their face, violate the Constitution. For the following reasons, we uphold the statute in its entirety except for the application of the "endorsement" prohibition, Tex. Gov't Code § 752.053(a)(1), to elected officials."
