

# Impeach Trump And Barr, Nadler's Attacks Are To Get This Done

The childish, unprofessional antics by members of the Outlaw Congress over AG William Barr's requested testimony last week was simply shameful.

[Unhinged Democrat Brings KFC and Ceramic Chicken to Whine About AG Bill Barr at Presser](#)

As regular readers know, I have been registered no party since 1996 when I left the GOP; never voted for a candidate in the Democratic/Communist Party USA. I was less than enthusiastic about Barr's nomination and confirmation due to his decades long friendship with dirty traitor, Robert Mueller. If anyone doubts who the real Robert Mueller is, at the bottom of this column are several comprehensive columns on that criminal. Just wait until Uranium One heats up.

Mueller, I pray, may end up in a federal prison yet with his co-conspirators, Comey, Lynch, the Clintons, McCabe, Strzok – the whole treasonous cabal who tried to remove a lawfully elected U.S. president.

In addition to the asinine clown show, mentally deranged Straighjacket Brigade president, Jerold Nadler (D-NY) has demanded Barr actually break the law!

Uh, oh: [Democrat Leader Jerry Nadler's Son Works for Firm Suing Trump](#) – This is Material Real Conflict of Interest – He Must Recuse! “Democrat congressman Jerry Nadler, leading the investigative charge against President Donald Trump, has a son whose firm is trying to get access to Trump documents for their clients in numerous lawsuits against President Trump.”

Then, like Loretta Lynch and Billy Clinton who spoke in a private plane on the tarmac ONLY about their grandchildren, Nadler & his son can have a private conversation about the documents his law firm might get for Trump. They would both lie and swear by each other since there would be no witnesses.

Nadler's comrade horse's ass, Adam Schiff, I'll name as VP of the [Straightjacket Brigade](#), needs to be committed to an asylum. Not only is he the official King of Liars in the U.S. Congress, he also wants Barr to violate the law.

Presidential candidate no one wants who thinks very highly of herself, Kamala Harris, jumped into the dung heap – for votes. This poster female for the BS called 'social justice' is nothing but another commie gasbag. Oh, that's right! She's a "progressive" Demorat who campaigned during Barr's testimony. Yeah, that's what those speeches are in these hearings. World-wide coverage; a billion in free campaign advertising. What a joke:

[Kamala Harris asks DOJ IG to probe whether Trump asked Barr to investigate political opponents](#)

[Reparations Time? Kamala Harris' Father Says Family Descended from a Jamaican Slave Owner](#) – Harris wants you and me to pay for slavery – something we had nothing to do with but **her** family did. *How about demanding reparations from the descendants of tribal heads in Africa who sold their own to slavers for trinkets?*

Hey, it will get Harris votes from black Americans who want to blame you and me for things that happened HUNDREDS of years before I was even born. Most people believe Harris is African American but she's not and the witch is playing it up for all she can milk it.

The author of the piece above got it right: "Will she write a check to repair the damage her ancestor Hamilton Brown did to the slaves in Jamaica? Perhaps the media can do its job and

ask her. Don Lemon might, as he seems concerned about her authentic blackness.”

Then we have one of the most disgraceful displays of malice and character assassination next to the fileting of Brett Kavanaugh ever in the Senate by another waste of human skin: Maize Hirono. Born in Japan and elected by brain dead voters in Hawaii. What Senatorette Hirono did was absolutely shameful because what she barfed up has no basis in reality.

[Watch these two back to back short clips of Hirono call Barr a liar and must resign.](#) Barr just sat there and listened to her BS. What could he say? Nothing for the moment but look out lady, the indictments and convictions are coming.

And who is sitting next to that despicable female calling the US Attorney General a liar and a sitting president a grifter? Why, none other than Sen. Richard Blumenthal [who lied about his military service](#), was caught in his lies and still the zombies in Connecticut allegedly elected such a sorry POS.

Hypocrites all. Let’s walk back a short period of time.

May 17, 2017: [Rare bipartisan moment: Both sides embrace Robert Mueller as special counsel](#)

“Senate Minority Leader Chuck Schumer, D-N.Y. said, “Former Director Mueller is exactly the right kind of individual for this job. I now have significantly greater confidence that the investigation will follow the facts wherever they lead.”

“Sen. Tim Kaine, D-Va., Hillary Clinton’s running mate in last November’s presidential election, called the announcement “a good move.”

"Now let's get some answers," he tweeted.

"Sen. Dianne Feinstein, D-Calif., a member of the Senate Intelligence Committee, called the action "a good first step." "Bob was a fine U.S. attorney, a great FBI director and there's no better person who could be asked to perform this function," she said in a statement. "He is respected, he is talented and he has the knowledge and ability to do the right thing."

Yeah, it was the right move until Barr and Mueller told the truth: No collusion. Then Demorats across the board crapped their drawers at such high speed they make Montezuma's revenge look like a puppy fart.

That 22-month nightmare was a '[Seven Days in May](#)' coup d'etat. Not by the military – but by high ranking traitors in the Department of Justice, FBI and others. Only this one lasted a hell of a lot longer than seven days.

Mueller's Mules, er, his investigators *were politically stained before they even began that witch-hunt*. I believe the final number of Democrat operatives who served Mueller investigating a hoax was 16. Big money donors to career criminals, Hildebeast and Bill Clinton and the criminal impostor president, Barack Hussein. [See here](#). All Demorats. What a joke.

Even before Mueller's waste of taxpayers dollars to investigate a manufactured political hoax, Demorats were getting worried: [Are Democrats Beginning To Turn On Mueller?](#), Jan 8, 2019

Deciding Barr was a more advantageous target, the Democratic/Communist Party USA members of the Outlaw Congress decided to manufacture more lies about Barr and his intent. It's almost beyond comprehension what we've seen the past couple of weeks. Barr's testimony was simply proof positive those corrupt power mad politicians should all be run out of Congress by voters.

Braying asses like Nadler are banking their constituents are too stupid and uninformed to know anything about the law. Sadly, they are probably right. Otherwise, why would anyone vote for Nadler, Schiff or the butt of every bar joke these days, Alexandria Ortega-Cortez?

Let me tell you this: The Special Council statutes forbids the release of grand jury testimony and other protected information (like classified or individuals who would be put at risk) in a final report – unless ordered by a federal judge. Nadler knows this so why does he continue making threats and demands of Barr?

Because he's up for reelection next year – just the same as the entire U.S. House of Representatives. 1/3<sup>rd</sup> of the counterfeit U.S. Senate is up for reelection in 2020.

What you're watching is nothing but a game for votes. The coup failed. That cabal of dirty traitors like Comey have to be privately praying they don't end up in prison because it's certainly on the table if Barr actually does his job.

Demorats hate Trump with a passion unseen in my lifetime against any president –including Tricky Dickey Nixon. Their hatred of Trump goes beyond irrational, [it's become dangerous](#). The treatment of Barr during his testimony was nothing more than a continuation of their sh\*t show to get Trump by destroying William Barr nominated by Trump.

Well, Demorats in Congress didn't want Barr for AG anyway. The vote was 54-45 with three Demorats voting for Barr; two later allegedly had 'buyer's remorse'.

This extended harassment of Trump and Barr is also about trying to stop a real investigation into the treasonous

players and the DNC. *The whole rotten stinking incestuous cabal is now at real risk and dung like Nadler, Hirono and Schiff know it.*

The damage is there for all to see.
