

Important votes this week to get killer illegals off our streets

As she lay there dying, Kathleen Steinle said, "Dad, help me, help me." Her father, Jim Steinle, will for the rest of his life see his daughter bleeding out in front of him. Dead because of an illegal alien.

Illegal aliens have been murdering Americans, aided and abetted by the U.S. Congress, both parties including presidents going back to Ronnie Reagan. The blood from innocents drips from hands of departed Johnny Wino Boehner, Paul Ryan, Nancy Pelosi, Hillary Clinton, Charles Schumer, Mitch McConnell, Dirty Harry Reid and the whole damn bunch. There are exceptions, but they are few: Sen. Jeff Sessions, Ted Cruz (the man with no citizenship that can be verified) and a few others from both chambers.

The Outlaw Congress buzzed out of DC last week to enjoy the three day 'holiday' while thousands of families will live in agony as their loved ones are murdered every day in this country by scum crossing the border and coddled by the dirty traitor in the White House and his equally treacherous minions, i.e., Dir. of Fatherland Security, Jeh Johnson.

There will be no Independence Day celebrations for these AMERICANS:

Father's Day Message for Paul Ryan: Our Sons Died, Step Aside

"This Father's Day, fathers whose sons were murdered by illegal aliens are calling on House Speaker Paul Ryan to resign – describing his policies as "treasonous" and taking particular objection to Ryan's recent attempts to undermine Donald Trump's proposals to enforce U.S. immigration law.

"I would invite Speaker Ryan to forsake spending Father's Day with his kids to come down here to Houston and visit the place I will spend every Father's Day for the rest of my life— my American son's grave. This way Speaker Ryan can see first hand what pandering to the cheap illegal labor lobby means to Americans who can't afford to put a security fence up around their house," said Dan Golvach. Golvach's 25-year-old son, Spencer, was murdered by an illegal alien. Spencer was shot in the head while stopped at a red light." Think it can't happen to you?

- Mexican driver who hit and killed Texas firefighter, his one-year-old son and stepdaughter, 4, was an illegal alien who had already been deported once. No driver's license. April 7, 2016

- Drunk-driving illegal immigrant who killed straight-A college student on her graduation day was let go by immigration because he 'wasn't violent' and is now on the run, January 2016

- 2 illegals sentenced for beating 90 year-old farmer to death, May 12, 2016: "They left him helpless on his living room floor as they ransacked his home, as he was bleeding to death, they cut the phone line and left him for dead," Carver County Attorney Mark Metz said at the sentencing, ABC 5 Eyewitness News reports."

- Illegal Alien (El Salvador) Convicted of Murder After Stabbing Father of Two to Death, Ripping Out His Liver, May 12016 (That animal left the man's liver sitting on his chest)

- Illegal aliens who had been deported SIX times murders three and injures another, June 27, 2016

- Chairman Chaffetz Opener – Criminal Aliens Released by the Department of Homeland Security

- Feds Move Forward With Hotel for Illegal Aliens, June 25, 1016 – ALL borrowed DEBT. "Our facility offers a community-based alternative that will allow children to live in a home setting, attend school, and access critical legal and social

services,” Stratton Oilfield Systems said in a pitch to potential partners.” The Hell with America’s children. Illegals have NO right to be on U.S. soil and look what they’re given instead of being deported with or without a parent if one is around. The illegals invasion has become another damn industry instead of enforcement of our immigration laws and expedited deportation.

- Illegal immigrant charged with murder in California fire had prior arrests, was never deported, June 19, 2016. Another illegal alien from Honduras. That piece of garbage killed 5 innocent homeless people.

- Canada: ‘A Launching Point for Illegal Entry Into U.S.A.’

- DHS Quietly Moving, Releasing Vanloads of Illegal Aliens Away from Border, Judicial Watch, June 3, 2016

- 86,000 Illegal Immigrants Have Committed 231,000 Crimes in 2 1/2 Years – the odds increase everyday you or a loved one will be raped, killed by a drunk illegal or murdered by an illegal alien

- We Must Change Park Ranger Uniforms to Make Illegal Aliens Feel Better, May 7, 2016 – Oh, my God – their uniforms too closely resemble ICE! Get out the hankies. Better yet get out the strait jackets for the brain dead who are proposing such idiocy.

- Mexican Cartel Members Let Off with Only 15 Days in Jail for Illegally Entering U.S., May 2, 2016

- Nearly 1 million immigrants – including more than 170K convicts – ignoring deportation, July 1, 2016- Sure. They know they have nothing to fear with Obama at the helm.

- Half of immigrant-led households collect welfare as admission rules go unenforced, May 3, 2016. While you and your family go without, the U.S. Congress continues to borrow money (the U.S. Treasury, the people’s purse, is overdrawn \$19 TRILLION dollars) to give to the takers. When my grandparents, both sets, came to America (real immigrants) there was no welfare. You worked or you didn’t eat.

- Obama budgets \$17,613 for every new illegal minor. More than Social Security retirees get!

- Seven Refugees With Active TB Sent to Idaho, June 28, 2016. When my grandparents came from Palermo, Sicily, they had to speak English and have a doctor's letter less than 30 days old verifying they had been tested for TB. Same as my grand parents from Munich, Germany. Now, the dirty traitor in the White House is flooding this country with diseased people who will be given the best medical treatment out of YOUR wallet.

- Border Agent: Vast Majority of Illegals Released into Country – Disease or No Disease, June 28, 2016

“Border agent Chris Cabrera, also vice president of the National Border Patrol Council 3307, said the respiratory disease tuberculosis is encountered “pretty regularly,” and that little has been done to improve the quarantine areas where illegals who harbor communicable diseases are detained.

“We see tuberculosis pretty regularly. Scabies – more often than not we have large amounts of infectious diseases as far as scabies go,” the border patrol council spokesperson stated. “And the interesting part with that is it's not actually seen on the body during the infectious period. And so these people clear through our system and then they go into the rest of the country with that disease. “We see a lot of measles, a lot of chickenpox a lot of unidentified illnesses, a lot of lung infections that we don't even know what we have no idea what they are.”

And they dump them into public schools with YOUR kids and if it hasn't happened yet, it it will:

Obama Administration on Pace to Place 52K Illegal Minors in States Across U.S.

If anyone other than Donald Trump gets into the White House it's over for America as we knew it. The illegals invasion will become a tsunami and we will experience the same thing as

we've been seeing over in Europe and other countries.

(Mass Sex Assault At Music Festival, Youngest Victim Just 12 Years Old: "Swedish police have received 35 complaints from young women after "foreign young men" went on an apparent two day rampage at a popular music festival, sexually assaulting young girls they found there.") And, right along with the illegals will come terrorists. Hillary the Hun, Biden, Sanders, doesn't matter. They are for open borders, period. Trump should also beware the dirty Democrats will use vote fraud regardless of who their candidate is:

Democrats Leverage Illegals and Voter Fraud to Put Hillary in the White House – Illegals told to vote Democrat or be arrested and deported, May 24, 2016. Illegals told to vote? We know it's been going on for decades and no one seems to give a damn in the state capitols although they talk a good game.

Few CA Licensed Illegal Drivers Have insurance, May 21, 2016. My daughter was the victim of two illegal aliens smashing into her car in California. The first female had a phony DL and no insurance. She was attending UCLA on YOUR dollar even though she had no right to be on U.S. soil. The second illegal alien was using a fake Michigan DL and also had no insurance; she skipped across the border before the cops could get her. I literally cried when Brandy told me she was moving out of California to Colorado, I was so thankful.

Donald Trump: Please get your lawyers to file an injunction to stop this: California Signs Law Allowing Illegals To Vote. I don't know if there's been a legal challenge to this or not but it's a back door to register ILLEGAL aliens to vote in California. ILLEGAL aliens have no constitutional rights. The only right they have is to be treated humanely until they're shipped back to where they came from and start billing countries where we ship them back to. There's approximately 11 million illegal aliens in California. If enough of them vote it will be for the Democratic/Communist Party USA's candidate and there goes all those electoral college votes – more than

enough to defeat Trump in November.

Federal Immigration and Nationality Act Section 8 USC 1324(a)(1)(A)(iv)(b)(iii)

“Any person who . . . encourages or induces an alien to . . . reside . . . knowing or in reckless disregard of the fact that such . . . residence is . . . in violation of law, shall be punished as provided . . . for each alien in respect to whom such a violation occurs . . . fined under title 18 . . . imprisoned not more than 5 years, or both.”

Section 274 felonies under the federal Immigration and Nationality Act, INA 274A(a)(1)(A):

A person (including a group of persons, business, organization, or local government) commits a federal felony when she or he:

- assists an alien s/he should reasonably know is illegally in the U.S. or who lacks employment authorization, by transporting, sheltering, or assisting him or her to obtain employment, or
- encourages that alien to remain in the U.S. by referring him or her to an employer or by acting as employer or agent for an employer in any way, or
- knowingly assists illegal aliens due to personal convictions.

Personal convictions are all those in the California State Legislature who voted for the bill and old nose candy loon governor, Jerry Brown, who want illegals to stay in California.

While I can't stand gas bag, Bill O'Reilly, I always give credit where credit is due. We all heard about the senseless murder of Kathleen Steinle in San Francisco on July 1, 2015, by an illegal alien aided and abetted by the City of San

Francisco operating as a 'sanctuary city'. There will be no July 4th celebration today for Kathleen or her parents, other family and friends. The piece of scum who shot and killed her is a Mexican illegal who was deported five times, had seven felony convictions and still he was allowed to walk the streets of an American city.

For Democrats and corporate prostitutes like Paul Ryan, American lives don't matter.

O'Reilly began pounding on what he called Kate's Law. Dirty Republicans and Democrats in the illegitimate Senate have played games with this but finally, and credit also goes to the senators below, Kate's Law will finally come up for a stand alone vote this week.

'Kate's Law,' Sanctuary City Legislation Gets Vote in the Senate, June 30, 2016

"After months of inaction, the common sense legislation will finally get a vote this July. "The problem of illegal immigration in this country will never be solved until we demonstrate to the American people that we are serious about securing the border and enforcing our immigration laws," Cruz said in a statement Thursday.

"Sen. Pat Toomey's (R-PA) proposed legislation to stop sending congressional funds to sanctuary cities will also get a vote. Meanwhile, Sens. Joni Ernst (R-IA), Chuck Grassley (R-IA), Deb Fischer (R-NE), and Ben Sasse (R-NE) have introduced Sarah's Law to demand change after 21-year-old Iowan Sarah Root was killed by an illegal immigrant who was driving drunk."

When O'Reilly announced this on his show the other night he said 'we' will hold any senator who doesn't vote for the bill responsible. Well, that sounds nice, Bill, but here's reality. Only 1/3 rd of the illegitimate senate is up for reelection in November. That's how it's done; 1/3 rd every two years. That means Democrats and RINOs in the senate who are not up for

reelection could give a rat's arse about your blustering or election day because they will automatically go back to DC in January.

However, I would ask everyone to please, please – whether your senate RAT is up for reelection or not – call your U.S. senator's office on Tuesday and demand they vote yes on the bills above. Kate's Law, Toomey's bill and Sarah's law. It's a huge first step. For all the tens of thousands of Americans killed by illegals who will never have another 4th of July, please make those phone calls (if the DC line is busy use their district office number) or send faxes. Bury them this week in paper.

U.S. Border Patrol Death Toll Calculator. If it is 7/3/2016, 1:50:41 PM, then: Illegal aliens have murdered more than 64,908 people inside the USA since 9/11.

[Just a short note about 9/11 and Smart Electric Meters. The cost of America's undeclared "war" (invasion) in Afghanistan has now reached \$1 trillion borrowed dollars – massive debt heaped on us all based on what happened on 9/11. Regular readers of my column know I continue to press for the truth about the events of 9/11. Military grade nanothermite is not a conspiracy theory. It was found and tested from the rubble at the twin towers. A new, powerful film has been released: The Anatomy of a Great Deception. Just released: New Expanded Global Edition. For full disclosure I receive no compensation, but I want you to get a copy (or a few) and share it with others or give a copy as a present. I've purchased half a dozen copies and given them to individuals I believe seek the truth. It's very powerful simply because it's one 'ordinary' man's story who ask a simple question that led him to a not so simple journey. There is factual information in this film that many have never heard about but everyone should. Just a suggestion, order more than one and give one to a friend. Also, must see video on the dangers of Smart Meters on your home, titled: Take Back Your Power.]
