

Impossible to vet the minds of 110,000 Syrian Muslims

ABC anchor David Muir, Wednesday, September 14, 2016, reported that Barack Obama successfully imported 11,000 Syrian refugees into America this year. He expects to import a total of 110,000 in 2017 with Hillary's election to the White House.

This fact remains: you cannot 'vet' the mind of a Muslim. Such a mind feeds on the terrorist handbook: the Quran. That book compels its followers to "convert or kill all non-believers." That's the prime directive of Islam.

Whether it's a collective of Muslims or a lone wolf Muslim, America's citizens face throat-slitting as they walk down the street like the American college professor Darlene, Horton, 64, who suffered her death at the hands of a Somali Muslim who slashed her throat on her last day in London. He injured five others in the attack. Date: August 4, 2016.

One look at the Muslim Alton Nolen in Moore, Oklahoma, worker at Vaughan Foods, who decapitated his colleague, Colleen Hufford, a grandmother, with a knife at work September 24, 2014—shows you any Muslim at any moment could kill you or a family member at his or her whim.

The story of the Muslim couple that shot up their fellow employees at a Christmas party in December 2015 at a Christmas party in San Bernardino proves Muslims can strike for any excuse at any time. Following the dictates of the Quran, Syed Rizwan Farook and Tashfeen Malik killed 14 and injured 21 in their shooting rampage of co-workers.

Since Muslims kill all homosexuals, they bring their death-culture into the United States as shown by Muslim Omar Mateen who executed 49 and wounded 50 at the Orlando, Florida nightclub for gays. In other words, you don't know when or

where a Muslim or group of Muslim-Americans will shoot, behead or slice your throat as you work at the office, walk down the street or dance at a nightclub.

The two Tsnarnaev brothers lived and enjoyed free educations at taxpayer expense before they set off to bombs at the Boston Marathon, killing and maiming countless Americans. The younger brother, Dzhokhar faces death by injection. "He and his family had traveled to the United States on a tourist visa and subsequently claimed asylum during their stay in 2002. He became a naturalized U.S. citizen on September 11, 2012."

In the past month, Muslims slit the throat of an 85-year-old priest in his own church. "Two terrorists, proclaimed as "soldiers" by the extremist group ISIS, cut the throat of Father Jacques Hamel, an 85-year-old priest, after taking worshippers including two nuns hostage during mass at a church in Normandy." (Source: The Telegraph, July 26, 2016)

What if you were there? Fort Hood killer, Chattanooga killings or the honor killings in Phoenix, no go zone in Detroit, Paris, France restaurants slaughter, Brussels, Belgium airport, Charlie Hebdo office, Times Square car bomber, airplane with shoe bomber, rapes of women in streets of Europe, and the list grows into the thousands of individual incidents perpetrated by Muslim refugees.

Unfortunately, the more Muslims we import, the more terror events. It's the nature of the religion. It's not going to change, because, as their numbers grow, so does their push for Sharia Law. There's no way to soften their prime directive: "Convert or kill all non-believers." One look at Europe shows you our future. Journalist Daniel Greenfield wrote, "When you turn on the evening news and see a running death toll, it's happening more and more often. The new brand of Islamic terror only needs one thing... Muslims. Lone wolf terrorism operates off the existing Muslim population in a particular country. The bigger the Muslim population, the bigger the risk. The FBI

or other law enforcement agencies cannot monitor even a fraction of the Islamic settler population sympathetic to terror. As the Muslim settler population in the country increases, the number of cases will grow.” (Source: Right Side News, Stop Lone Wolf Terrorism by Ending Muslim Immigration, August 2, 2016)

Therefore, why do Obama and Hillary advocate for another 110,000 Syrian Refugees to be injected into the United States by 2017—while Muslim refugees ransack, rape, riot and burn their way across Europe? Secondly, why does the American public, which you are a member, stand idly by while your elected officials in Washington DC, aide, abet and fund this massive migration of people adhering to the most violent religion on Earth?

Am I missing something? Do you have a death wish for yourself or your family or for your country? Why haven't you organized in your own community to reject any refugees? Why haven't you demonstrated, called your congressperson or spoken out at your city council meetings? How much more proof of Islam's violence do you need? Are you waiting for a Paris, France or Brussels, Belgium or Boston Marathon or Orlando, Florida to hit your community? Stop them: refugeeresettlementwatch.wordpress.com

Because, the fact stands: anyone of us WILL be the next victim of a Muslim immigrant attack.

That's why we must call for a total shutdown of all immigration into America. Shut immigration down! Stop it! Cease and desist! No more immigration, whatsoever. It's either that or you become the next victim or someone in your family. It's only a matter of time and numbers.

It's safe to say: Muslims follow the deadliest religion on the

face of the planet. It celebrates death over life. It encourages death through terror. Wherever they migrate, chaos and mayhem dominate given enough of their numbers. There's only one-way to stop them: stop importing them and deport all of them.

“Individual Moslems may show splendid qualities. But the influence of the religion paralyses the social development of those who follow it. No stronger retrograde force exists in the world. Far from being moribund, Mohammedanism is a militant and proselytizing faith. It has already spread throughout Central Africa, raising fearless warriors at every step; and were it not that Christianity is sheltered in the strong arms of science – the science against which it had vainly struggled – the civilization of modern Europe might fall, as fell the civilization of ancient Rome.” -Winston Churchill / 1874-1865

America, Canada, Europe and Australia gallop toward their violent destinies with continued Muslim immigration.
