

In God We Trust

In God we Trust is our national motto

“The motto IN GOD WE TRUST was placed on United States coins largely because of the increased religious sentiment existing during the Civil War. Secretary of the Treasury Salmon P. Chase received many appeals from devout persons throughout the country, urging that the United States recognize the Deity on United States coins. From Treasury Department records, it appears that the first such appeal came in a letter dated November 13, 1861. It was written to Secretary Chase by Rev. M.R. Watkinson, Minister of the Gospel from Ridleyville, Pennsylvania. . . .

As a result, Secretary Chase instructed James Pollock, Director of the Mint at Philadelphia, to prepare a motto, in a letter dated November 20, 1861.” [SOURCE: As reaffirmed by the 112th Congress](#)

That’s how and when the United States national motto came to appear on all U.S. Currency. But the sentiment was first recorded in 1776 in the Declaration of Independence.

“to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature’s God entitle them;” and... “We hold these truths to be self-evident, that all men [mankind] are created equal, that they are endowed by their Creator with certain [inalienable Rights](#), that among these are Life, Liberty and the pursuit of Happiness.

–that to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed;”

To put a fine point on the matter, from both then and now, **IN GOD WE TRUST** because all mankind is fundamentally unworthy of such trust! This means that all powers assumed by government which are not in accordance with the consent of the governed, are “[unjust](#)” powers, “unconstitutional.”

When it comes to the matter of rulers over mankind, throughout human history, rulers over societies have in every case, proven to be the greatest threat to those societies, always in the end, abusing their power and turning on the very people they are sworn to protect. In fact, throughout human history, there has never been a government worthy of its people’s trust.

For those who claim to be atheists, or nonbelievers in a higher power today, the motto isn’t an effort to force you to believe in a God, but rather to acknowledge that your [inalienable Rights](#), the same as that of believers, is protected by the fact that no human ruler can or does hold unbridled ultimate authority over you or anyone else.

IN GOD WE TRUST... because in these things, we cannot!

- Power-hungry and power-drunk politicians
- Corrupt courts and a despotic judiciary
- Fake news media, ABC, CBS, NBC, CNN, Fox News, MSNBC, PBS, NPR, Reuters, Associated Press
- Propaganda print newspapers, especially the TIMES organization and some POST papers
- Mass partisan manipulated search engines and internet
- False prophets at the pulpit
- Partisan agenda groups
- International corporations
- Science and Medicine

- Experts, Scholars, Professors, Teachers
- Partisan Censored Social Media platforms

The simple fact is, there is nothing on earth that mankind cannot or will not corrupt to his own favor. Contrary to modern misinterpretations, money is not the root of all evil. However, "the love of money" is... When people make decisions strictly on the basis of monetary gain, they will be led like a blind man into all kinds of evil in pursuit of those gains.

No matter what you think you believe in today, it's largely the result of a blanket of purposeful lies we have all lived under for almost two centuries now. Still, that which has been given by God, our Creator, no man has any authority to take away.

Rights and privileges that are granted by man, can also be taken away by man. *"A government big enough to do everything for you, is powerful enough to do anything to you!"*

While the 24/7 propaganda machine has everyone focused on which human being can do the most for you, the government gains power until it can get away with doing anything it wants to you, as very visible today for those paying any attention. If you think what our government has done to Donald Trump since 2015 is bad, just imagine what that same government can do to you at will, the minute they decide you are the problem...[which by the way, they have already decided!](#)

As most of us learn pretty early in life, often in early grade school years, human beings are not inherently trustworthy. How you might be affected by their agenda is most often irrelevant to those seeking to advance their own agendas, no matter the cost.

IN GOD WE TRUST... because people in general are not nearly as trustworthy as we'd like to think. And when it comes to the most untrustworthy people on earth, it always has been and always will be, those who seek power over others.

In pre-World War Germany, Adolf Hitler was elected by his own people, in a vote for a transfer of power wherein Hitler received 90 percent support from the public, mostly due to intimidation and fearmongering by Hitler's regime. And then...Hitler turned on his own people.

The same is true of Stalin, Lenin, Mao and many other global tyrants throughout history. The same was true of King George of Britain, who caused our original separation from British Rule in 1776, only to be governed by [British Common Law](#) again by the early 1800s, a result of Marbury v. Madison.

"British Common Law is a legal system that originated in England and has been adopted by many countries, including the United States, Canada, Australia, and others. It is a system of law based on precedents established by previous court decisions, custom, and legal principles developed over time."

Those who seek ultimate power over the citizenry use British Common Law to undermine, erode and eliminate Constitutionally Protected "[inalienable Rights](#)" of American citizens to this day, which is why we are witnessing what is now called "lawfare" to eliminate political opponents.

If you want to know who destroyed Constitutional Law in the USA, look no further than the "law experts" who did it and continue to do it now.

If you want to know who destroyed the U.S. Economy and drove American taxpayers to more than \$35 trillion in debt, look no further than the "economic experts" who did it.

If you want to know who divided the USA electorate into impotent voting factions all pitted against one another, American against American, look no further than the "social justice experts" who did it.

If you want to know who dumbed American generations down to a 3rd world level, look no further than the "education experts"

who did it.

In closing, **IN GOD WE TRUST** because when national sovereignty and security, freedom, liberty, and justice hang in the balance, no one else is worthy of our trust!

In a nation where over 84% of the people claim faith in one religion or another, one deity or another, you would think this is an easy foundational concept that over 84% of society would understand, practice daily, protect and preserve, no matter their personal beliefs. But that requires the people to live their beliefs, their faith, especially at election time.

IN GOD WE TRUST because there is no one else we can trust with our lives, and the future of all posterity.

So it was in the beginning, and so it shall forever be, or no people on earth will ever live free. It doesn't get any simpler than this.

"Faith without works, is dead." And so is our nation!

While you are busy being divided, pitted against one another by your government, for the political, financial and power gains of those who seek power over you, keep these facts in mind..

- Christians make up 30% of the World Population, and 70.6% of the USA population.
- Muslims make up 23.75% of the World Population, and 0.9% of the USA population.
- Jews make up 0.188% of the World Population, and 1.1% of the USA population.
- Atheists account for 16.1% of the USA population.
- Agnostics account for 3.1% of the USA population.

No matter your personal faith beliefs, including none at all, your "[inalienable Rights](#)" are entirely dependent upon "**IN GOD WE TRUST...**" TO PROTECT THE [INALIEANABLE RIGHTS](#) OF ALL CITIZENS!

The cold hard truth is this... if every American who is in the 70.6% who claim the Christian faith, acted on their faith foundations in every election, global Marxists and abortionists couldn't win a single election anywhere in the country. So, why do they allow the Biden Administration to label them "potential domestic terrorists" instead of unifying to fight the destruction of our Republic, together, on faith alone?

If 16% who claim to be atheists understood that their fundamental inalienable Rights are just as protected by **IN GOD WE TRUST** as any citizen of faith, they too would join in the protection of their own rights. In the end, the bottom line is...

IN GOD WE TRUST...OR BY MAN, WE WILL BE RULED!
