

IRS Whistleblower Hearings: Scabs on Full Display

By: Devvy

July 26, 2023

July 19, 2023 was quite a day. Two IRS whistleblowers testified regarding the Biden crime family's favorite son, Hunter, for the Oversight & Accountability Committee. The cover-up by DOJ & FBI to protect career criminal, Joe Biden. Under oath. Under penalty of perjury. Damning testimony the "legacy" media whores ignored that night on all the fake news channels.

These are some of the same Democrats who spewed a jabberwocky feast during the grotesque impeachment hearings against President Trump; they were pumped for the July 19th hearing. This political theater was no different and just as disgusting.

Rep. Jamie Raskin (D-MD) is a particularly nasty piece of work. He is a legend in his own mind and actually believes he's smarter than everyone else. Raskin never met a mirror he didn't love.

Rep. Summer Lee (D-PA) was a Texas gully-washer about a two-tiered justice system and how we're all racists. Of course, her rant had nothing to do with Joe or Hunter Biden. [Video clip of that crybaby.](#)

Rep. Maxwell Frost (D-FL) as a “Gen Z” freshman drove his own garbage truck and was damn proud. Anyone who voted for Frost was either brain dead or drowning in Victimhood. We know Alexandria Ocasio-Cortez destroyed blonde jokes. Frost topped her. If two sparks between Frost’s ears touched, he’d electrocute himself. [Here’s a video clip](#) of his emesis. Rep. Dan Goldman (D-NY) put his shoe in his mouth and choked. Dumbo asked the wrong question and got roasted. No deer in the headlights for old Dan. He’s too stupid to realize he was eating crow pie on live TV. [Joe Biden hit hard in whistleblower hearing – by Democrat Dan Goldman](#)

Rep. Cori Bush is a racist skank. PERIOD. Ugly inside, harpy outside. A member of the crybaby “empowered women” of America ego-fests. Me, me, me. I am particularly disgusted by Bush as she’s a sterling example of someone of limited intelligence, zero class and has NO idea of her constitutional duties and restraints.

It’s unfortunate these hearings aren’t in ‘prime time’ slots on the boob tube. Then their constituents can watch their U.S. House critter make fools of themselves. The Founding Fathers and those who fought in the Revolutionary War must be looking down from above with tears in their eyes.

For too many Democrats it doesn’t matter. You see, for them it’s all about protecting – not an illegitimate president with stage 1 Alzheimer’s – but the ideology the Democrat/Communist Party is swimming in: [Cultural Marxism](#). That’s what Democrats in Congress and the majority of their voters are protecting – the unconstitutional destructive policies being shoved down our throats.

The big fat lie called climate change, promoting mutilation of children’s bodies, killing the unborn, glorifying sexual

deviants, the degradation of women by promoting “drag queens”, open borders, endless “social justice” causes and programs. **That’s what they’re protecting and it doesn’t matter if it’s Joe Biden or Kamala ‘legs in the air’ Harris at the helm.**

The two whistleblowers are taking enormous flack from “the left” but standing their ground. Committee Chair, Rep. James Comer (R-KY) did a very good job as did the other Republicans who asked important questions of the whistleblowers. What those two men had to say is more than damning, exposing the corrupted Federal Department of InJustice under court jester, Merritt Garland and dirty cop, Christopher Wray.

So, where is Jim Jordan? How about China’s *itch, Mitch McConnell? Sort of like Simon & Garfunkel’s song, The Sound of Silence. Except for Jim Jordan who seems to want to ignore a mountain of EVIDENCE: [Jim Jordan SELLS AMERICA OUT – What He’s Doing To Protect Biden Is SICK](#)

More and more continues to come out and as horrifying as it is, Joe Biden must be impeached and removed from the WH. I know, Ho Harris is just as big an embarrassment as Uncle Joe, but either the guilty are held accountable or we will continue to slide into a dictatorship or banana republic, take your pick. America has weathered some big hurricanes and we can again.

Lest anyone think I’m a die hard Republican, think again. I’ve been registered No Party since 1996 and in fact, was very vocal that George Bush, Sr., should be impeached over “Operation Just Cause” which was a slaughter of innocents. We invaded Panama on Dec. 20, 1989, to overthrow drug lord, Manuel Noriega. *No declaration of war by Congress.* After holding up for 10 days inside the Vatican Embassy in Panama City, Noriega surrendered.

27,684 American troops, 300 aircraft; thousands of civilians were killed along with 23 of our own military. We the People paid to rebuild destroyed neighborhoods and train loads of money to the families of the dead. TRUTH: [Chained Together in Hell: Bush and Noriega](#)

No doubt Noriega was human garbage. Noriega was extradited, spent 20 years in a cage in Miami and then extradited back to Panama where he finally died. The jury (a first in U.S. history to convict a foreign leader on criminal charges) found him guilty of racketeering, drug trafficking and money laundering.

The correct outcome. However, a sitting president has NO authority to simply invade another sovereign country and snatch their head of state (President or Prime Minister). Think about it. Yet, the herds cheered on Bush, Sr., because another dangerous drug lord was finally in captivity. And since Biden stole the election and was installed in the WH, drugs killing Americans has been flowing across the border like a volcanic eruption.

So, no. My loyalty is not to the Republican Party. I'm an equal put the blame where it belongs regardless of party American.

Much more to come. As I write this, Hunter's long-time buddy and business partner, Devin Archer, has ducked appearing before the committee three times. He was supposed to testify

on July 26, 2023, but according to his attorney, [that's been pushed to next week](#). Perhaps Archer is trying to make sure his life insurance and Will are all in order.

This is now all about Joe Biden. The high crimes and misdemeanors happened while he was VP and the cover-up has continued since he was illegally sworn into office. Watergate was a relatively 'minor' break-in for political gain. Former president Richard Nixon resigned because Republicans – his own party – were going to impeach him. Not so with the Democrat/Communist Party USA and Joe Biden. I would also venture to say a number of RINO trash like Mitt Romney, Lisa Murkowski, Susan Collins, Mitch McConnell and a few others would side with Democrats.

The campfire is becoming a bon fire and the next week or so will be quite telling. Nixon fell on his sword proclaiming his purity to the end. Joe Biden has no connection with reality and you can be sure, the puppet masters are busy plotting right now how to remove him that will cause the least hurt to their agenda.

Everyone of the morally and ethically bankrupt Democrats above, including fellow liars like Debbie Wasserman-Schultz, Adam Schiff, Chuck Schumer, Jerry Nadler are best described as scabs lining the butt-crack of hyenas.
