

Is Martial Law Coming To Portland Oregon?

HOMOSEXUALITY CONTINUES GAINING ACCEPTANCE

We listen to The Price is Right – the CBS program which airs at 10 a.m. for senior citizens who can sleep in and others too lazy to find a job. On 8/1/2018 the Price is Right welcomed “first married couples.” Their names are called and then they “Come Running Down” to the front to try to win some prizes. I have no way of knowing for sure how these two young ladies were chosen but I know they did end up at the front with three other “just married” normal couples. I suspect the controller of the names saw two females on his sheet and he picked them instead of another normal couple.

THE DANGERS OF PRIDE

Yes, we have become a world with more pride than ever. The month of June is passed but it was proclaimed to be “Pride Month” and is dedicated to the celebration of homosexuality and the LGBTQ (lesbian, Gay , Bisexual, Transgender, and Questioning) movement. We know from Scripture that God does not approve of this lifestyle, nor does He approve of pride. In fact, the Bible warns us time and time again regarding the dangers of pride. Psalm 10:4 tell us, *“The wicked, through pride of his countenance, will not seek after God: God is not in all his thoughts.”* In like manner, Psalm 59:12 warns, *“For the sin of their mouth and the words of their lips let them even be taken in their pride: and for cursing and lying which they speak.”* We are also warned in Proverbs 6:17 that God hates “a proud look.” The New Testament condemns pride as well. James 4:6 informs, *“But he giveth more grace. Whereforth he saith, “God resisteth the proud, but giveth grace unto the humble.”*

Despite these verses, what we saw in the month of June 2018 were thousands gathered for gay pride parades, stores and businesses selling rainbow colored merchandise declaring “pride,” and a new greeting was uttered by a growing number of people who enthusiastically exclaimed, “Happy Pride!”

And what we saw in June has garnered the attention of such businesses as Target and McDonalds. The July Last Trumpet Newsletter reported Target stores set up colorful displays featuring toys, clothing and other merchandise celebrating gay pride. Many of the items for sale were geared toward children including a stuffed rainbow-colored unicorn named “Bliss- The Super Unicorn.” On its website Target made a statement declaring, “Pride month is underway and we’re helping families get ready to celebrate the LGBTQ+ community and Take Pride with a new, exclusive product collection. It’s just one way to show our longstanding commitment to the community.”

A TIME OF GREAT SICKEDNESS AND DESPAIR

While they seem to have concern for “families” in 2003 in Minneapolis Target’s part timers would lose benefits. Under current store policy at that time, employees could work a few hours each week and become eligible for the company’s basic health-care plan. The retail chain employed about 245,000, including workers at Target’s 1,000-plus stores nationwide. Target has one store in Salem, Oregon – Oregon you know, where the protests against ICE in Portland squatted for weeks and then when ordered to move on, left behind a mess similar to what we’ve seen in San Francisco. Of course, Portland, Oregon has a Democrat mayor. In April 2016 at the Salem store a Target spokeswoman was investigating who hung a sign in the women’s restroom: Attention Ladies: Target Corp. has publically announced that MEN may not use the Women’s restroom (and visa versa.) No questions asked. PLEASE BE CAUTIOUS.

In the meantime McDonalds got into the act and from June 9 through June 11, 2018, three McDonald’s locations in the

Washington, D.C. area sold large orders of fries in rainbow colored boxes to celebrate homosexuality. *“The rainbow fry boxes were a fun way to show their support of the LGBTQ community using one of McDonald’s most iconic and recognizable items; however, these fry boxes were ‘small potatoes’ in the grand scheme of their commitment to the community,”* stated Cathy Martin, who is the co-chair of the McDonald’s Pride Network. She further went on to say, *“We are proud to honor and celebrate the LGBTQ community, including our employees, customers and beyond, each and every day.”*

Not to be left out, numerous apparel makers, including Converse, Levi’s, H&M, American Eagle, and Nike, introduced collections of Pride merchandise of which a portion of the proceeds were given to homosexuality advocacy groups and the iconic Walt Disney company introduced a line of rainbow emblazoned merchandise including hats, backpacks, t-shirts, and sunglasses.

BAWDY FESTIVITIES IN TEL AVIV

The Last Trumpet Newsletter reports throughout Europe, thousands of people marched in gay pride parades this year. Those events paled in comparison, however, to the bawdry festivities in Tel Aviv, Israel. The coastal city, which borders the Mediterranean Sea, is known as the “most gay friendly city” in the world. Over 250,000 people were on hand for the 20th Annual Pride Parade on June 8, 2018. The event called to mind the words we find in Isaiah 3:9: “The shew of their countenance doth witness against them; and they declare their sin as Sodom, they hide it not. Woe unto their soul! For they have rewarded evil unto themselves.”

As the years have passed in the early 21st century, homosexuality has become normalized and same-sex marriage has been legalized in a growing number of countries. There are now twenty-seven countries where such unions are allowed, many of

which are in Europe. The Netherlands was the first country to legalize same-sex marriage all the way back in the year 2000. Fifteen years later, the United States followed suit, and in 2017 Australia did also as well. Same sex marriage is also legal in the United Kingdom , and in the coming months, Ivar Mountbatten, who is a distant cousin of Queen Elizabeth the II, is set to become the first member of the extended Royal British Family to marry a member of the same gender.

Meanwhile, homosexuality is continuously gaining acceptance in American religious institutions. As such, an event known as the Revoice Conference was scheduled to take place at Memorial Presbyterian Church in St. Louis, Missouri, on July 28, 2018. The stated purpose of this event is *“Supporting, encouraging,, and empowering gay, lesbian, same-sex attracted, and other LGBT Christians so they can flourish while observing the historic Christian doctrine of marriage and sexuality.”*

The catechism of the Catholic Church, based on the Old and New Testament and tradition, has always taught that homosexuality is a moral disorder, a proclivity toward sexual relations that are unnatural and immoral. But recently Pope Francis told a homosexual that “God made you like this and loves you like this and I don’t care. The Pope does love you like this. You have to be happy, with who are” and so far, the Vatican has not denied this. The idea that God is responsible for homosexual orientations, that the Pope and the Catholic Church are fine with men being attracted to one another, and that those so oriented should be happy with it, appears on its face, to be heresy. Up until December 1973, homosexuality itself was listed as a mental disorder by the American Psychiatric Association.

PRESIDENT TRUMP REFUSES TO CELEBRATE “GAY PRIDE MONTH.”

And the liberal media elites lost their minds when President Donald J. Trump refused to celebrate “Gay Pride Month” and instead issued an executive order protecting Religious Liberty

and as Commander and Chief stated that transsexuals are unfit for military duty and, or course another reason for liberals to yell impeachment. After reading what was written above about those supporting sodomy, it isn't hard to imagine the activists claim a majority of Americans have "evolved" and now support same-sex marriage, special rights for homosexuals and promotion of the homosexual lifestyle in schools and are mounting an assault against Congress to abandon Traditional Values and pass their radical agenda, and with Democrats firmly in their pockets, the radical Left is focusing their immense resources on Republicans in Washington to push the perverse homosexual "lifestyle" on every man, woman and child in America and to make matters worse, more and more Republicans in Congress are coming out in favor of the Homosexual agenda.

The resistance to the Homosexual Agenda could collapse completely without the support of pro-family Americans. The Honorable Eugene Delgaudio, public advocate of the United States said passage of the Homosexual Agenda will ignite a firestorm that will rip through families, communities and businesses by enforcing:

SPECIAL JOB RIGHTS FOR HOMOSEXUALS. Businesses may have to adopt hiring quotas to protect themselves from lawsuits. Every homosexual fired or not hired becomes a potential federal civil rights lawsuit. (Affirmative Action all over again).

Radical homosexuals will terrorize daycare centers, hospitals, churches and private schools. Traditional moral values will be shattered by federal law.

EXPLOSION OF LAWSUITS as Christian business owners and even clergy are forced to support homosexual "marriage" ceremonies. You think that won't happen? Just ask Judge Vance Day below.

THE HOMOSEXUAL CLASSROOMS ACT, will push their agenda into our

schools. Your children or grandchildren will be taught homosexuality is moral, natural and good. Girls will be forced to share bathrooms and locker rooms with cross-dressing boys pretending to be so-called “transgendered.” High school children will learn perverted sex acts as part of this “if it feels good, do it” sex-ed curriculum.

Currently in Oregon two gay men are seen on a T.V. ad criticizing our transgender Democrat Governor Kate Brown for the lack of attention she gives to children in Foster Care where they are foster parents.

JUDGE VANCE DAY- SALEM, OREGON

After the June 26, 2015 Supreme Court “Same Sex Marriage,” decision, Marion County Circuit Court Judge Vance Day, a Christian, immediately decided not to perform any more marriages to avoid marrying same-sex folks and was removed from the bench without a salary for “ethics violation.” Vance and his family decided to fight the injustice, hired attorneys and sold their home to pay for attorney fees and court costs and begin trying to raise money. With the loss of their home, they live in a trailer. Vance and I were once active in the Marion County GOP. He was chairman.

In July his wife said, “Out of the frying pan and into the fire” as she wrote they were granted a small victory because the judge presiding over the hearing took their side and agreed it wasn’t possible to have a fair trial in Marion County because of the negative press, but in a cruel turn of events, and at the very last minute, SHE chose to move the case to an even worse county- Multnomah – a way to punish Vance for demanding a fair trial! Yes, [there are evil spirits in high places.](#)

In addition to “ethics violations” for refusing to marry same-couples, he was later falsely charged with allowing a felon – a veteran who he was trying to help – to handle a gun. All

this nonsense is reminiscent of what we see going on in Washington, D.C. with the Deep State judicial system trying to get rid of Trump.

Vance's expected three-week trial will start on October 22 in Multnomah County (Sanctuary City- Portland, Oregon) where all the [biased and hateful anti-Trump protesters](#) on June 25 forced the shut down of Immigration and Customs Enforcement (ICE) , a temporary holding facility for illegal immigrants. In a shocking display of anarchy and lawlessness, Portland ICE agents, stuck inside their offices by violent protesters, called 911 requesting local police assistance only to find Democrat Portland Mayor Ted Wheeler, who has voiced his support for the demonstrations and protesters, told police to stand down. Later, Federal authorities ordered the "biohazard" tent city be vacated. They left behind a mess similar to what we see in the news about San Francisco and taxpayers will have to absorb the costs. And while all this is going on in Portland, many fires are burning east of the city in the Columbia River Gorge – hundreds having to vacate their homes

MARTIAL LAW COMING TO PORTLAND OREGON?

The national news covered the mess but as this article goes to press, it is being rumored that evil communist 87 year old billionaire George Soros and his foundations that financially support rogue organizations such as ANTIFA plan for MOB RULE on August 4th. Could Mob Rule in Portland be a set up for Martial Law? [[Many activists are full of bunk](#)]

Vance has also made the official decision to take a stand against this unconstitutional suspension and has instructed his team to prepare an appeal of his suspension to the United States Supreme Court. Looking at who is sitting on the bench, there is a very good chance they both will take the case and rule in our favor, enforcing the liberty of conscience rights endowed by our Creator and engrained in the Constitution.

Public servants should not be forced to make a decision contrary to their God-given liberty of conscience so we pray and try to raise more money.

DVD AVAILABLE FOR A CONTRIBUTION

His wife writes that currently a DVD Documentary about Vance's plight is being produced by an independent film maker to get the word out about the injustice Vance is facing and a raw footage clip is available for a contribution where Vance and other experts speak about the case. THERE AIN'T NO JUSTICE IN THIS HERE LAND

Suffolk County District Judge Robert Cicale, who decides the fate of innocent people, was removed from the bench and facing up to 15 years prison. The 49-year old judge admits he's broken into the home to snatch panties of a 23 year old Islip, N.Y. woman who he knew from when she worked as an intern at the Islip Town Attorney's Office. He was ordered held on \$50,000 and temporarily relieved of his judicial duties and is facing up to 15 years in prison and \$50,000 and Mental Health treatment.

While this story sounds laughable, Vance Day, appointed by a Democrat governor, was initially suspended without pay for "misconduct"-the longest suspension in history, for not wanting to marry same sex couples. All this reminds me of a plaque I saw in a Cowboy apparel store many years ago which I still remember. It went like this: There ain't no justice in this here land, the judge gave the kids to my old man but he's

going to be in a real tizzy when he finds out those kids ain't hizzy.

So, where do we go from here? Compromise? Capitulate? Hell no! Resist! Fight www.newswithviews.com/Ewart/ron257.htm
