

Islam at war with us – when will Americans get it?

In the 21st century, terrorists and terrorism visit the United States like never in the history of our country. Previous to 9/11, we enjoyed tens of thousands of miles separating us from vagaries of the communist and Islamic worlds. While we fought wars in Korea and Vietnam, we never met an enemy that would “bring war” to us. That changed on September 9, 2001.

In this ongoing series with former U.S. Army officer, 1st Calvary, George A. Phelps, you may garner an up close and realistic view from a commander in the field.

Today, most Americans feel totally vulnerable to terrorist attacks. Congress and our last five presidents refused to secure our borders. Governors allow illegal aliens to gain driver’s licenses, as was the case with Mohammed Atta and his cronies as they flew planes into the World Trade Towers.

In this exclusive interview, Mr. Phelps gives you an idea of what we face:

“We have had several ‘wake up’ calls that seem to have been forgotten or ignored,” said Phelps. “We were attacked by Muslims on September 11, 2001 and the World Trade Center was demolished killing some 2997 individuals and wounding several hundred more including NYPD and NYFD responders. That number includes the Pentagon and Pennsylvania casualties as well as the airline passengers and crew of the Airliners that hit the two buildings. A Muslim ‘doctor/psychiatrist’ killed 13 soldiers at Fort Hood plus wounding some 30 others. In 1993, Muslims bombed the World Trade Center killing six and wounding many others. In 2013 Muslim bombers killed several people during the Boston Marathon wounding several others. Many of the victims of this terrorism have been crippled for life.

“We have been at war in the Middle East for many years now, fighting off Muslim terrorists who were wreaking havoc in Iraq and Afghanistan. Thousands of young Americans have been killed and severely wounded during these wars. We also sent troops in to drive Iraq army soldiers out of Kuwait/the Gulf War and then cleaned up the damage done to the oil fields by Iraq.

“Does any of this smell like war? The answer is YES! On January 7th, 2015 Muslims killed 12 French citizens at a Magazine’s office building in Paris. The next day 1 female officer was shot and killed and her partner wounded, again in France. At this time the Muslim perpetrators have not yet been caught although one has surrendered [there were 3 perpetrators]. *2 days ago, November 13, 2015, ISIL terrorists attacked 2 venues in Paris, one a concert and the other was a soccer game. 127 were killed and 393 were severely injured, at last count. The French President shut down the borders to prevent the entry of more of these terrorists who enter with immigrants running from the warfare going on in the Middle Eastern countries, primarily Syria.

“Australia has been attacked by Muslims who were immigrants in their country. And we have many Muslims living in this country, the estimates range from almost 3 million to ~7 million at last count. The 7 million figure comes from one of the prominent Muslim organizations in this county. There are 2,100 Mosques in this country and more are being built. My opinion is that they may very well be safe houses for radical Muslims and the ammunition and other supplies needed to eventually attack pre-selected targets within our country].

“The writing is on the wall and our government is ignoring it. And the American citizens remain unaware, uninformed and passive as to this threat.

“We had better wake up. The guy in the White house has Muslim advisers on his White House staff, including a couple who are his national security advisors!

“Our Constitution and our own mental attitudes allow freedom of religion and welcome the diversity of religions into this country. However, when any group, including religious groups, threaten our security, culture and liberty they lose any rights they may have under the Constitution which by the way IS the law of our land! This leads me to say that we are at war with Islam and they should be treated as the enemy of our country. The following is a quote from a politician and philosopher of the 19th century.”

“That the only purpose for which power can be rightfully exercised over any member of a civilized community, against his will, is to prevent harm to others.” John Stuart Mill, On Liberty (1859).

“And the Muslims intend harm to us, our freedom, liberty, and our nation,” said Phelps. “Therefore, they must be removed from our country and our Government, to assure our safety, freedom, liberty and rights as citizens are maintained.

“The sitting President of the United States has appointed Muslims to his staff and I believe he is a Muslim. He is the enemy within.

They are our Trojan Horse.

“Islam is NOT a religion, rather; it is a THEOCRACY, i.e., a complete Life’s System, meaning a total mixture of religion, economic system and politics, with 100% divine authority over ALL. (Author unknown.)

“Political correctness is killing us. We must be vigilant and unafraid to identify those who are acting and looking suspicious. If our government won’t protect this country, we citizens must!

“And lastly, a small city in Illinois has just elected 4 Muslims to their city council. The council has 6 members 4 of which are Muslims! I believe it’s part of their invasion

plan!”

If you don't want a Paris, France or San Bernardino event in your community, it's time to call for a total “Immigration Shutdown Now.”

Call your senators and House rep: 1 202 224 3121. Demand a stop to all immigration and stop to any Syrian immigration.

Definition of slogan: “Immigration Shutdown Now means the American people want a total shutdown on all legal and illegal immigration. That means we want all illegal immigration stopped by arresting, prosecuting and jailing employers of illegal aliens. We deport all illegal aliens by taking their jobs away and as we catch them. We want English mandated as our national language. We demand a cessation of Muslim immigration in order to protect our culture, language and way of life. We can't save the world but we can destroy our civilization. We demand a stable population that allows everyone to live, work and thrive into the 21st century. Especially our children.” FHW

That's why you need to take action. Send this series to everyone in your network. Educate them. Urge them to take action by joining these websites to become faxers of prewritten letters and phone callers. We must force Congress into an “Immigration Shutdown Now!
