

Islam: Religion of peace or religion of pieces?

At this point in time, Barack Obama works feverishly to inject as many Muslims into America to seed our country with that religion. It likes to call itself "The religion of peace." However, it's continued onslaught of Western countries shows it to be the "The religion of pieces." Muslim martyrs blow themselves to pieces while they blow us all to pieces, i.e., 9/11, Paris, France; Charlie Hebdo massacre; Brussels, Belgium, Fort Hood; Boston Marathon bombers; Times Square bomber; beheadings on the streets of London, England and honor killings of daughters and wives at 10,000 annually. (Source: United Nations, Honor killings annually.)

Safe to say, Islam proves itself violent and a religion of pieces of body parts from detonations worldwide.

You must ask yourself why you continue electing senators and presidents who create wars in Korea, Vietnam, Iraq and Afghanistan. Why do you accept trillions of dollars of your tax money to pay for them or go into debt for them? Why did you allow \$19 for our national debt by electing people who created that debt? Why do you accept 15-year wars in barbaric countries like Afghanistan?

To give you a down to earth idea of what actually occurs in Afghanistan, here is an interview by a U.S. Recon Marine who asked that his name be kept private. He speaks from what he calls, "The Sandpit."

"It's freezing here," he said. "I'm sitting on hard cold dirt between rocks and shrubs at the base of the Hindu Kush Mountains, along the Dar'yoï Pamir River, watching a hole that leads to a tunnel that leads to a cave. Stake out, my friend, and no pizza delivery for thousands of miles.

“I also glance at the area around my ass every ten to fifteen seconds to avoid another scorpion sting. I’ve actually given up battling the chiggers and sand fleas, but the scorpions give a jolt like a cattle prod. Hurts like a bastard. The antidote tastes like transmission fluid, but God bless the Marine Corps for the five vials of it in my pack. The one truth the Taliban cannot escape is that, believe it or not, they are human beings, which means they have to eat food and drink water. That requires couriers and that’s where an old bounty hunter like me comes in handy.

“I track the couriers, locate the tunnel entrances and storage facilities, type the info into the hand held, and shoot the coordinates up to the satellite link that tells the air commanders where to drop the hardware. We bash some heads for a while, and then I track and record the new movement. It’s all about intelligence. We haven’t even brought in the snipers yet. These scurrying rats have no idea what they’re in for. We are but days away from cutting off supply lines and allowing the eradication to begin. But you know me; I’m a romantic. I’ve said it before and I’ll say it again: This country blows, man. It’s not even a country. There are no roads, there’s no infrastructure, there’s no government.

“This is an inhospitable, rock-pit shit-hole ruled by 7th century warring tribes. There are no jobs here like we know jobs. Afghanistan offers only two ways for a man to support his family, join the opium trade or join the army. That’s it. Those are your options. Oh, I forgot, you can also live in a refugee camp and eat plum-sweetened, crushed beetle paste and squirt mud like a goose with stomach flu, if that’s your idea of a party. But the smell alone of those ‘tent cities of the walking dead’ is enough to hurl you into the poppy fields to cheerfully scrape bulbs for eighteen hours a day.

“I’ve been living with these Tajiks and Uzbeks, and Turkmen and even a couple of Pashtu’s, for over a month-and-a-half now, and this much I can say for sure: These guys, are Huns,

actual, living Huns. They LIVE to fight. It's what they do. It's ALL they do. They have no respect for anything; not for themselves, their families, or for each other. They claw at one another as a way of life. They play polo with dead calves and force their five-year-old sons into human cockfights to defend the family honor. Just Huns, roaming packs of savage, heartless beasts that feed on each other's barbarism. Cavemen with AK-47's. Then again, maybe I'm just a cranky young bastard.

"I'm freezing my ass off on this stupid hill because my lap warmer is running out of juice, and I can't recharge it until the sun comes up in a few hours. Oh yeah! You like to write letters, right? Do me a favor, Bizarre. Write a letter to CNN and tell Wolf and Anderson and that awful, sneering, pompous Aaron Brown to stop calling the Taliban "smart". They are not smart. I suggest CNN invest in a dictionary because the word they are looking for is "cunning". The Taliban are cunning, like jackals, hyenas, and wolverines. They are sneaky and ruthless, and when confronted, they are cowardly. They are hateful, malevolent parasites who create nothing and destroy everything else.

"Smart? Bullshit! Yeah, they're real smart: most can't read, but they've spent their entire lives listening to Imams telling them about only one book (Qur'an and not a very good one, as books go). They consider hygiene and indoor plumbing to be products of the devil. They're still trying to figuring out how to work a Bic lighter. Talking to a Taliban warrior about improving his quality of life is like trying to teach an ape how to hold a pen. Eventually he just gets frustrated and sticks you in the eye with it.

"Snuffle will be up soon, so I have to get back to my hole. Covering my tracks in the snow takes a lot of practice, but I'm good at it.

"Please, I tell you and my fellow Americans to turn off the TV

sets and move on with your lives. The story line you are getting from CNN and other news agencies is utter bullshit and designed not to deliver truth but rather to keep you glued to the screen so you will watch the next commercial. We've got this one under control. The worst thing you guys can do right now is sit around analyzing what we're doing over here. You have no idea what we're doing, and you really don't want to know. We are your military, and we are only doing what you sent us here to do."

"Freedom is not free, but the U.S. Marine Corps is paying most of your share."

As you can see from this Marine's report from the Sandpit, we pay for a 15 year war that accomplishes nothing—except death to our soldiers, horrible trillion dollar debt, PTSD, wasted lives and endless money flow into the big bankers' pockets, the Military Industrial Complex's bank accounts and the munitions makers.

Worse, we continue importing Muslim refugees that will do the same thing, and already bombed us for the past 15 years from 9/11 to San Bernardino.

If you the American citizen votes in Hillary Clinton or Ted Cruz of the corrupt establishment, we will see a continuation of wars for profit, open borders and Muslim terrorism in America. We need to vote for an American president and honest men and women for Congress.

If you don't want a Paris, France or San Bernardino event in your community, it's time to call for a total "Immigration Shutdown Now."

Call your senators and House rep: 1 202 224 3121. Demand a stop to all immigration and stop to any Syrian immigration.

Definition of slogan: "Immigration Shutdown Now means the American people want a total shutdown on all legal and illegal

immigration. That means we want all illegal immigration stopped by arresting, prosecuting and jailing employers of illegal aliens. We deport all illegal aliens by taking their jobs away and as we catch them. We want English mandated as our national language. We demand a cessation of Muslim immigration in order to protect our culture, language and way of life. We can't save the world but we can destroy our civilization. We demand a stable population that allows everyone to live, work and thrive into the 21st century. Especially our children." FHW

That's why you need to take action. Send this series to everyone in your network. Educate them. Urge them to take action by joining these websites to become faxers of prewritten letters and phone callers. We must force Congress into an "Immigration Shutdown Now!
