

Islamophobia: Why We Need It In America

When France opened its borders to unlimited Muslim immigration in the 1970s, French writer Jean Raspail, penned a prophetic novel, **Camp of the Saints**, describing the consequences of that senseless choice: One of his characters spoke about Muslims, “You don’t know my people—the squalor, superstitions, the fatalistic sloth that they’ve wallowed in for generations. You don’t know what you’re in for if that fleet of brutes ever lands in your lap. Everything will change in this country of yours. They will swallow you up!”

If you look at France and most of Europe in 2023 with over 50 million Muslims, you see dozens of “No-go Zones” where Europeans dare not enter Muslim dominated cities. Muslims do not accept Western Culture or Western Laws as valid in comparison to their Sharia Law. Which in itself proves to be the most brutal, murderous, terroristic and obscene “law” out of the 6th century into the 21st century.

Among some of the recent desecrations in France, the following took place in just February and March:

- Islamic Vandals plundered Notre-Dame des Enfants Church in Nîmes and used human excrement to draw a cross there.
- The Saint-Nicolas Church in Houilles was vandalized on three separate occasions in February; a 19th century statue of the Virgin Mary, regarded as “irreparable,”

said a clergyman; and a hanging cross was thrown to the floor.

- Islamic Vandals smashed statues at Saint-Alain Cathedral in Lavaur, and mangled the arms of a statue of a crucified Christ in a mocking manner. In addition, an altar cloth was burned.
- Arsonists torched the Church of St. Sulpice in Paris soon after midday mass on Sunday, March 17.

Similar reports are coming out of Germany. Four separate churches were vandalized and/or torched in March alone. "In this country," PI-News explained, "there is a creeping war against everything that symbolizes Christianity: attacks on mountain-summit crosses, on sacred statues on churches... and recently also on cemeteries." (Source: European Churches: Vandalized, Defecated On, and Torched "Every Day" by Raymond Ibrahim, [Gatestone Institute](#) April 14, 2019)

Last week in huge European cities, Muslims called for the eradication of Israel.

If you look at rapes, car burnings and squalor, you can look no further than Malmo, Sweden where immigrant Muslims dominate the population. As you witnessed last week in London, England, Muslims marched for the eradication of all Jewish people. They marched for the total eradication of Israel after that country witnessed the worst slaughter of Jews since WWII. Hamas Muslim terrorists massacred 1,400 Jewish women, children and old people on October 7, 2023.

One week ago, in Dearborn, Michigan, dominated by 300,000 Muslim immigrants, Jewish leader Samantha Woll suffered being stabbed by a Muslim outside her home. She was the leader of the last Jewish synagogue in Detroit. In most cities in Europe, Jews run for their lives in the wake of Muslim immigration.

Muslims Do Not Hide Their Intentions For America

“Islam isn’t in America to be equal to any faith, but to become dominant. The Qur’an should be the highest authority in America, and Islam the only accepted religion on Earth.” Omar Ahmed, director of Council on American Islamic Relations.

Last week, while Muslim immigrants demonstrated for the eradication of Jews in America, Canada and Europe, Vice President Kamala Harris announced her latest mandate for Americans: “The National Strategy to Combat Islamophobia in America.” She expects to lead the charge to make certain Americans understand that Islam marches into 21st century America as a religion of peace. What a FARCE! Additionally, in the eyes of Allah, Harris possesses $\frac{1}{2}$ the value of a camel or is it $\frac{1}{2}$ the value of a Muslim man?!

She didn’t mention that Islam and its followers in America carry no affinity toward our U.S. Constitution or our 1st Amendment rights to freedom of religion, which proves that she hasn’t kept up with what Islam’s final intention: to subdue all other religions and governance to Sharia Law of Islam.

Why We Need Islamophobia in America

Harris forgot to tell Americans that Muslims tried to bomb the New York Trade Center in 1993. After failing, they bided their time until September 11, 2001 when they flew airplanes into the twin towers, the Pentagon and tried to level the White House. Only a handful of Americans on that hijacked plane said, “Let’s roll.” They brought the plane down into a field, where they died, but saved countless American lives.

Harris forgot to tell the American public that we suffer 23 to 27 “honor killings” in the USA annually as reported by Assistant District Attorney Ed O’Callaghan of the Department of Homeland Security in a White House Press Conference in 2018. (I personally watched that news conference.) He also noted that over 500,000 Muslim girls suffer female genital mutilation in the United States of America. The United Nations

reported that 20,000 Muslim women lose their lives to honor killings annually, here in the 21st century. In other words, a savage 6th century political-religion has established a massive foothold into America. It's on college campuses. It's in our big cities. It's in my small city of Golden, Colorado with a mosque in the middle of our downtown neighborhood. It's growing with chain-migration out of the Middle East.

In Boulder, Colorado, three years ago, a Muslim immigrant shot 13 people to death at King Soopers on Table Mesa. I have shopped at that location for years when I lived there. I could have died in that slaughter by a Muslim terrorist.

This column could report dozens of other Muslim terrorist acts here in America, Canada and Europe. If you visit www.jihadwatch.org with Robert Spencer, you will see weekly reports of Islamic terror around the world. It's simply a "killing-machine religion." What's the worst part about Islam's followers? Answer: they don't mind dying because they go to heaven where they enjoy 72 virgins for their killing efforts.

If you're reading this column, you must know that Muslim religious nuts have crossed over our borders by the hundreds to join terror groups, Islamic training camps, and they are infiltrating into our own governmental bodies such as House Member Rashida Tlaib of Detroit or Ilhan Omar of Minneapolis, and hundreds more. We even elected Muslim Barack Obama to do even more damage.

What can Americans do? We need to deport anyone who follows Islam's tragic/violent/6th century/evil and pathetic religion. We need to vote House Members and Senators who will protect our country instead of inviting those who would destroy our country.

What if we don't? Just look at what's happening to Europe.

They are finished. The head Imam of Sweden recently boasted that Sweden would be, "The first Islamic Caliphate in Europe." His followers are on the verge of conquering Sweden by sheer numbers/birthrates. Guess what? That's happening in London, Paris, Rome, Berlin, Barcelona, and all across Europe. Read the book: **The Strange Death of Europe: Immigration, Identity, Islam** by Douglas Murray. Also, his book, **War on the West** by Douglas Murray. He's written what's happened to Europe and what's coming to America.

As to Vice President Kamala Harris' combatting Islamophobia, I say each American must be on alert for the next Muslim attack. They are going to hit our electrical sub-stations to our big cities. They will start fires to burn our Great Plains down. They will poison our waters in our reservoirs. They will move into our political positions. They are dedicated, zealous and ready to die for Allah and those 72 virgins. We must keep "Islamophobia" at its highest level in order to be prepared.

May God help us to help ourselves by deporting all Muslims out of America. Do you have any other solutions?

As a side note to this column: House Member Rashida Tlaib swore in on a Koran as a new Congresswoman from eastern Michigan. She said it was Jefferson's Koran. It was! However, Jefferson abhorred Islam. He called it a barbaric religion/ way of life and wanted the American people and congress to know what we were up against. Jefferson and Adams met with an Imam in England because right after we became a nation, they started taking our ships, enslaving our sailors and demand booty for their return. We've been at war with Islam since America's beginning. We were paying a huge portion of our budget to the Muslims in Tripoli. The imam said he had the right to do whatever he wished to the infidels and would continue because the Koran gave him that right.

Adams and Jefferson returned, and Jefferson had 200 copies of the Koran made to demonstrate how barbaric and anathema to our

constitution Islam was. As a result, we got our first Navy and Marine corp. It took several years to defeat them but its memory is etched in the marine anthem (Leathernecks and from the shores of Tripoli).

The Koran and Sunna states that Sharia supersedes all nations laws, including our constitution. When she swore in on the Koran, she is saying that the Koran is above our constitution. No true Muslim can swear to defend our constitution from all enemies foreign or domestic because they don't believe it's worth saving, but Sharia Law is. The enemy is within and Tlaib is part of the plan devised by the Muslim Brotherhood to destroy America from within. It's called civilization jihad.
