

It's Now Our Patrick Henry Time in History

By: Devvy

December 11, 2023

I am compelled to take Americans back to a time in history that so mirrors today – (actually far worse than back then) because *there is no more time to simply hope things are going to get better.* Almost beyond comprehension, the Democrat/Communist Party USA put up a career criminal candidate in 2020 who was already suffering from dementia to run as their choice for president.

The shadow government (aka deep state) took over, put career criminal, Joe Biden in the basement and used the media manufactured COVID-19 hysteria to keep the American people corralled and hog-tied by locking down this country. And to keep Biden's obvious dementia out of the public spot light as much as possible while the prostitute media crucified Trump.

America, formerly the most powerful, free and prosperous country in the history of mankind installs a lying cheat losing his mind as our president. How world leaders must have laughed watching Biden speak to 15 people at a rally vs Trump speaking to 30,000 at a rally. It's not funny for us but it was the plan of those working to destroy America.

Powerful forces went after Donald Trump with a vengeance never seen in the history of this country for a political candidate; in this case, an incumbent president running for a second term. A second term Trump won because **five swing states all**

violated federal election law and a simply ignored a U.S. Supreme Court ruling. Once Trump was removed from the WH, Americans paying attention knew without a doubt the indictments brought against him are to destroy Trump before the election in November 2024. The impeachments didn't work, so we'll go with bogus indictments brought by political hacks like Leticia James and big Fani Willis.

That ploy has backfired big time and has made Trump even more of a hero to millions because fair minded Americans are disgusted over indictments brought to keep a political opponent tied up in court rooms instead of on the campaign trail. Election interference driven by dirty politics.

The Unreachables out there so committed to their morally bankrupt, dirty, filthy corrupt Democrat/Communist Party USA, they don't give a damn. Every time I hear someone (usually talk radio hosts) say 'polls show votes for Biden', I want to scream. What rubbish. Nothing but meaningless noise while real solutions aren't even hinted at by big name talk show hosts and nightly anchors on ABC, CBS, NBC, FOX, MSNBC. Just the same old recycled election year rhetoric.

Even the most uneducated, brainwashed Democrats out there are not voting for Biden who *without any doubt has Alzheimer's disease*. It matters not to the empty-headed crones on The View boob tube show entertaining an equally vacuous audience of dullards who continue to support that empty suit who stole the election. It matters not to millions of registered Democrats and likely many 'independent' voters because **they are not voting for Biden.**

They are voting for the massively destructive policies being shoved down our throats by unelected officials in cabinets and agencies that have ZERO Constitutional authority to exist. Policies implemented by non-elected individuals who hate Christians and constitutionalists. Those policies and endless regulations are simply a resurrection of tyranny by

constitutionally ineligible to run for president, Hussein Obama, who stole two elections via fraud. That lying piece of human garbage who promised to “transform America”. The fools out there believed his sales pitch and here we are today. A nation divided, the herds tamed, hate dominating our culture and institutions of lower learning.

But make no mistake: Hussein Obama and one of his key coconspirators right through today, Valerie Jarrett, ([FBI Files Document Communism in Valerie Jarrett's Family](#)) take their marching orders from higher up and make sure Biden follows through. And right now, they have a huge problem. Medicating Biden into zombie land for any public appearance is no longer working. The shadow government is done with old Uncle Joe.

This latest and very serious indictment of his son, Hunter, is not a minor burp Biden's cheerleaders and official mouthpieces can brush off. There's not going to be any rescue this time around. You can [read the full indictment](#) here. Where does that leave Joe? Mentally he's already gone so he'll follow orders. If he's told by his elder abuser wife, Jill, he has to step down to “give his full support to his son”, that's what Joe will do and probably – although he'd never say it out loud – relived not to have to perform as a sock puppet day in and day out. Just give me my favorite ice cream cone and let me sit on the beach.

After my husband passed away, about a year later I became a part time substitute teacher. The first summer when school was out, I worked part time at the wonderful veteran's home just outside of town. I had 20 hours of formal training on dealing with and caring for vets (men and a few women) suffering from either dementia or Alzheimer's.

I spent many hours that summer around men (mostly in the 70 years old to their mid-90's) who fought in *undeclared* wars and protected our homeland. Too see them no longer able to do

more than play simple board games, BINGO or just wheel them around was pretty heart breaking. Former top shape Marines were frail old men having to suffer the humiliation of a female nurse change their diaper or give them showers. Some would remember me as I did my best to make their day a better one. Others were just confused and at times afraid because they didn't know what was really going on. Some just sat alone on a couch talking to the wall or an imaginary someone.

My late mother had dementia for about six years before she passed away and was inching towards Alzheimer's. When you really stop and think about it, it's simply unbelievable the people of this country would tolerate a president (this one who cheated his way into the WH) who has been in mental decline for many years. *A very dangerous situation.* Biden has been a huge embarrassment at every public function since he became the Democrat/Communist Party USA nominee.

Some say Biden was okay in 2020 but has "lost some steps" since then. BS. His handlers kept him out of the public eye as much as possible and no doubt in my mind, meds kept him somewhat coherent until the Nov. 2020 steal. Not anymore. That habitual liar stumbling around in full view of the world has become a real liability for the shadow government.

The dilemma for the destroyers is next in line, "Legs in the air", Kamala Ho Harris. Another absolute embarrassment to this country. No one wanted her when she ran against Biden and the last nearly three years have shown Harris to be a cackling, brainless nitwit. So, what will the destroyers do as the clock ticks and those upcoming primaries loom? They know damn well Trump would reduce Biden to a crybaby if the two debated. [Biden's campaign will not commit yet to participating in general election debates in 2024](#), Dec. 6, 2023

I know millions of Americans who know the truth on so many of the major issues feel defeated because despite all the

congressional hearings, not a single person has gone to jail. **None of the liars and crooks have been held accountable.** Remember how Trump very vocally promised to have Hillary Clinton investigated for using a private e-mail server, among her other crimes? The shouting which brought down the roof at rallies: Lock her up! Lock her up!

[June 2, 2016](#) – “Trump called for Clinton to be jailed during a campaign rally in San Jose, Calif., calling her “guilty as hell.” “Hillary Clinton has to go to jail. She has to go to jail. I said that.” Nov. 22, 2016 – “I don’t want to hurt the Clintons, I really don’t. She went through a lot and suffered greatly in many different ways,” Trump told The New York Times.

“My inclination would be for whatever power I have on the matter is to say let’s go forward. This has been looked at for so long, ad nauseam,” he continued. “Trump quickly faced backlash from his supporters, most notably the conservative media site Breitbart.com, which ran a headline blasting Trump’s “broken promise” to his base.”

Hildebeast suffered in many ways? What about our dead in Benghazi? **If you haven’t watched 13 Hours: The Secret Soldiers of Benghazi, you need to.** When testifying in front of Congress about Benghazi, Hildebeast famously growled, “What Difference, At This Point, Does it Make?’ [\(Video clip\)](#) The witch.

[Intel expert: New docs confirm Hillary gun-running op](#), Oct. 21, 2015. “At long last, some of the details about Secretary Clinton’s Department of State gun-running operation to the al-Qaida-and-Muslim-Brotherhood-dominated Libyan rebels are beginning to emerge,” said Clare Lopez, a member of the Citizens’ Commission who served as a career operations officer with the CIA and is currently vice president for research at the Washington-based Center for Security Policy.

“It’s long been known that under President Obama and Secretary of State Clinton, the U.S. switched sides in the global war on terror, but the White House successfully concealed much about its agenda to replace secular North African leaders with Muslim Brotherhood regimes – until now,” she said.”

How could ANY veteran vote for Joe Biden after the worst military disaster in our history: Cut and run from Afghanistan. 13 dead soldiers and thousands of Americans left stranded while Joe puddled around the WH or off to his multi-million-dollar Delaware beach front vacation home. Not to mention \$80 BILLION dollars of *our* military hardware and equipment left behind. How obscene.

Patrick Henry. His speech to the Second Virginia Revolutionary Convention meeting at St. John’s Church, Richmond, on March 23, 1775, was a turning point in our history. This is a small portion but the state of our nation in 2023 is in even worse dire straits than back then. **What the Crown in Great Britain under King George was doing to the people who inhabited this new land pales in comparison to where we are today.**

[Read his words](#). They go deep into the soul. Patrick Henry knew what was going to happen down the road. He also knew cowards would turn their backs and side with the British Crown. Except for about 3% of the population at that time who were committed to busting the yoke of servitude and tyranny.

“This is no time for ceremony. The questing before the House is one of awful moment to this country. For my own part, I consider it as nothing less than a question of freedom or slavery; and in proportion to the magnitude of the subject ought to be the freedom of the debate. It is only in this way that we can hope to arrive at truth, and fulfill the great responsibility which we hold to God and our country. Should I keep back my opinions at such a time, through fear of giving offense, I should consider myself as guilty of treason towards

my country, and of an act of disloyalty toward the Majesty of Heaven, which I revere above all earthly kings.

“Mr. President, it is natural to man to indulge in the illusions of hope. We are apt to shut our eyes against a painful truth, and listen to the song of that siren till she transforms us into beasts. Is this the part of wise men, engaged in a great and arduous struggle for liberty? Are we disposed to be of the number of those who, having eyes, see not, and, having ears, hear not, the things which so nearly concern their temporal salvation? For my part, whatever anguish of spirit it may cost, I am willing to know the whole truth; to know the worst, and to provide for it. I have but one lamp by which my feet are guided, and that is the lamp of experience.

“I know of no way of judging the future but by the past. And judging by the past, I wish to know what there has been in the conduct of the British ministry for the last ten years to justify those hopes with which gentlemen have been pleased to solace themselves and the House. Is it that insidious smile with which our petition has been lately received? Trust it not, sir; it will prove a snare to your feet.

“Suffer not yourselves to be betrayed with a kiss. Ask yourselves how this gracious reception of our petition comports with those warlike preparations which cover our waters and darken our land. Are fleets and armies necessary to a work of love and reconciliation? Have we shown ourselves so unwilling to be reconciled that force must be called in to win back our love? Let us not deceive ourselves, sir. These are the implements of war and subjugation; the last arguments to which kings resort. I ask gentlemen, sir, what means this martial array, if its purpose be not to force us to submission?”

This is not a ‘call to arms’ but it most certainly is our Patrick Henry moment in history where Americans need to stop

being distracted by flashy headlines or trivial pursuits. While I do a lot of serious research, I do glance at some headlines here and there to keep up with trends and last week was a doozy. A singer named Taylor Swift was given front cover and named Person of the Year by the joke called Time Magazine. [Taylor Swift Is Forbes' 5th Most Powerful Woman in the World](#)

WHAT? If I have it straight, Ms. Taylor has already hauled in a billion dollars from her current world tour with more expected. B for billion. That is a ton of moola. A woman (as woke as they come) who apparently doesn't have such good luck in the love department and after the endless and predictable break-ups, writes songs for her albums chronicling her pain. Boohoo.

God save us from the "influencers". Tik Tok as well as other platforms *have exploded* with videos of mostly women called influencers. Get a better body, better make-up – you name it, there's an influencer out there to tell you how to think or do for a thousand different things. Oh, and they're making BIG money doing it – especially the ones half-dressed with big breasts. God only gives us so much time on this earth. I should waste mine watching some 'influencer'? *How in the world did America get along for hundreds of years without all these nobodies trying to direct you to some way of thinking?*

Those are just a couple of quick examples while the shadow government's minions never stop working towards implementing their plans to destroy us. NGO's (non-governmental agencies) are some of the worst aiding and abetting those working towards a world government as well as non-profits like The Rockefeller Foundation. I covered the congressional hearings on those evil doers soon after [my web site](#) went on-line, July 4, 1998.

Come January, patriotic Americans need to get on the same page as far as top priority issues: Election fraud and the massive

invasion at our southern border. We have come to the point where it's either the Constitution or submission. Yes, our elections have been stolen from We the People since the late 1960's. Yes, partisan judges should be removed from the bench. Can we beat them at their own game on those issues? Yes, we can. **No more Band Aid bills that don't cure the problems made by Congresses and state legislatures over the decades.** Right at the top is the privately owned "Federal" Reserve and manipulation of our currency.

The upcoming primaries are absolutely critical. I know I sound like a broken record but if you don't oust an incumbent, come November we end up with the shadow government's choice, R or D. Re-hire the same incumbent responsible for where we are today.

But, how do we do this? There are literally thousands of groups and organizations fighting for our very existence as a constitutional republic. Really hard-working dedicated Americans. I know because I've been in the trenches full time for 31 years and I do a hell of a lot of research. Unfortunately, too many get infiltrated by RINO's pretending to be for American values, real freedom and liberty while stablign us in the back. Too many don't really know the genesis of when and how the problem started so they accept scraps from Congress and state capitols.

Unlike the years leading up to the American Revolution and the war of independence, we have tools they didn't have which enables us to reach tens of millions of Americans. But **we need Americans to make that commitment to America first; past times, hobbies and leisure time has to be put on the back burner.** People say they're fighting for their children and their future and we are but still, too many sit on the side lines expecting someone else to do the work. Others are waiting for 'the rapture', Jesus will come and save us all. No, it's up to us.
