

Jan. 6th Judges Should Be Impeached by Congress

By: Devvy

March 13, 2023

“You seem to consider the federal judges as the ultimate arbiters of all constitutional questions, a very dangerous doctrine, indeed, and one which would place us under the despotism of an oligarchy. Our judges are as honest as other men, and not more so. They have with others the same passions for the party, for power and the privilege of the corps.

“Their power is the more dangerous, as they are in office for life and not responsible, as the other functionaries are, to the elective control. The Constitution has erected no such single tribunal, knowing that to whatever hands confided, with the corruptions of time and party, its members would become despots. It has more wisely made all departments co-equal and co-sovereign within themselves.” –Thomas Jefferson, Letter to William Charles Jarvis (1820).

“Power is the great evil with which we are contending. We have divided power between three branches of government and erected checks and balances to prevent abuse of power. However, where is the check on the power of the judiciary? If we fail to check the power of the judiciary, I predict that we will eventually live under judicial tyranny.” –Patrick Henry

Spy balloons and all the screeching and hysteria has faded but a spy balloon belonging to the Chinese Communist Party flying over sensitive targets inside states of the Union is a serious issue. Or, should be. But considering serial adulterer and liar, Billy Clinton, was neck deep in selling our most sensitive military secrets to the Communist Chinese barbarians – [read the COX report](#) – and big corporations, sports “stars” and the American people enriching the Communist Chinese government with their wallets, why is anyone upset?

On the serious side, the first “balloon” was “allowed” to fly over Alaska and instead of determining who the balloon belonged to immediately, it was not shot down until mission accomplished – shoot it down over the ocean so there was little left to recover – or so we’ve been told. Where was NORAD while this balloon was floating over Alaska? Probably too busy fighting climate change. “Climate change is our greatest enemy” propaganda vomited up by buffoon Defense Secretary, Lloyd Austin. What a disgrace to his uniform.

[Illinois Amateur Balloon Club Says Its Balloon Over Alaska Went Missing after US Fighter Jet Shot Down Unidentified Flying Object in Same Area](#), Feb. 18, 2023 – Say it isn’t so! Seymour Hersch for one: [Legendary Journalist Says He Knows What the “Mystery Object” Was the US Military Shot Down Over Alaska](#), Feb. 22, 2023. *Pulitzer Prize-winning Sy Hersh says a source told him the US government took down one of its own aerial devices by mistake.*

“On Saturday US officials announced the military was calling off the search for the balloon objects shot down by fighter jets over Alaska and Lake Huron.” Now, if anyone has great,

legit contacts, it Hersh. Was it one of our own or the commies? Considering the lies that pour out of DC daily, will we ever know the truth?

There's NO doubt in my mind our Navy shot down TWA Flight 800 by mistake. **NO DOUBT and one of the "greatest" (in scope) cover-ups in our history.** My dear friend who went to Heaven in December 2019, Brigadier General (Ret.) Ben Partin ([bio](#)) designed missiles like the one accidentally fired bringing down that commercial air liner. Ben and I had some intense discussions about this as he described what type of missile, a continuous-rod warhead, was used. [TWA 800: A Closer Look](#), Feb. 16, 1998. James Kallstrom was the FBI's front and center investigator who *lied through his teeth up until the day he died.*

Jack Cashill's in-depth investigation on the downing of TWA Flight 800 is top of the list regarding credibility, logic and exposing the lies; he's written extensively about it. If you want the truth, I highly recommend you read his book, TWA Flight 800 – The Crash, the Cover-up and the Conspiracy. I bring up those two 'incidents' in this column regarding the January 6, 2021 disaster in DC because what actually happened that day and what has been sold to the American people for over two years is another monstrous cover-up. All to get President-Elect Trump. The so-called Jan. 6th committee featuring RINO Rep. Adam Kinzinger, a spineless weenie who always looked like he just wet his pants (kicked out of office last year), delusional narcissist Liz Cheney and partisan hack Chair, 75-year-old Bennie Thompson [D-MS] who was elected because of the color of his skin (since 1993), not because he's very intelligent, was not only a massive waste of

Why Kevin McCarthy, who I wouldn’t trust as far as I could throw his corrupt backside, decided it was time to hand over more than 44,000 hours of video regarding that day to Trump hater, Tucker Carlson, remains a mystery to me. [Watch McCarthy wearing a face diaper say very clearly](#) Trump is responsible for what happened on Jan. 6th.

[New audio confirms Rep. Kevin McCarthy told House GOP members that he was going to urge Trump to resign following Jan. 6.](#)

So, what does Trump do in May 2022? He invites McCarthy to Mar-A-Lago for a three-hour session between the two. Lie down with dogs, get up with fleas, Donald. *Haven’t you learned, yet?*

So now Carlson gets the goose that’s going to lay the golden eggs in huge ratings: Video footage of Jan. 6, 2021. He’s delighted in bringing you ‘real news’. Carlson hopes only a tiny fraction of his audience will remember this:

[GA Grand Jury: 2024 Selection Election](#), Feb. 20, 2023: “Sidney Powell is lying,” prime-time star Tucker Carlson wrote to his producer about a Trump lawyer who had appeared on Fox and spewed baseless accusations... “Hannity wrote to Carlson and Ingraham on Nov. 12 that the combination “destroyed a brand that took 25 years to build and the damage is incalculable.” “It’s vandalism,” Carlson responded.”

Sean Hannity threw Trump, his best buddy for decades under the bus when he testified in the Dominion v FOX lawsuit: Hannity didn’t believe the election was stolen. Gee, I wonder if Hannity & good friend President Trump, still talk with each other? [Fox News hosts and executives privately mocked pro-](#)

[Trump election conspiracy theories after he lost, internal texts show](#), Feb. 16, 2023. Yes, Carlson considers FOX viewers f*ckers:

“When the network declared on November 5 that Biden won the crucial swing state of Arizona, its viewers rebelled. “Those fuckers are destroying our credibility. It enrages me,” Tucker Carlson wrote in a text message to his producer Alex Pfeiffer. Carlson worried Trump would “destroy” the network.

“What [Trump]’s good at is destroying things,” he told Pfeiffer. “He’s the undisputed world champion of that. He could easily destroy us if we play it wrong.”...

“The messages and deposition testimony obtained through the lawsuit’s discovery process show Fox News brass always thought claims of election fraud were bunk, Dominion argued. Tucker Carlson said Powell was “lying” and called her a “fucking bitch.” Laura Ingraham said in a group text with Carlson and Hannity that Powell was “a bit nuts.” Hannity said he “did not believe it for one second” when he heard Powell’s claims.”...

“When Carlson and Hannity saw a Fox News reporter Jacqui Heinrich fact-checking Trump’s falsehoods about the election on Twitter, they tried to get her fired, messages obtained by Dominion show.

“Please get her fired. Seriously...What the fuck?” Carlson wrote in a text message. “I’m actually shocked...It needs to stop immediately, like tonight. It’s measurably hurting the company. The stock price is down. Not a joke.”

“Yeah, stock price is more important than the truth. But then again, it’s also those big, fat paychecks. Hannity’s contract with FOX as of 2022: \$40 MILLION a year. Poor Tucker Carlson works so hard FOX hauled in \$108 million in commercial ads time on his show last year. Forbes: “Carlson has become the highest paid in the industry with an estimated net worth of \$520 million. The fixed annual salary of Tucker Carlson is

\$41 million dollars. In addition to this, Tucker Carlson is also eligible for an **additional \$3 million in bonus, based on the ratings garnered by his show.** The salary paid to Tucker Carlson by Fox News is for his services as a television host and also for his podcast content.” [He also owns stock in Pfizer.](#)

[Texts Prove Tucker Carlson ‘Passionately’ Hates Trump And His ‘Big Lie’ Despite Reporting Otherwise](#)

“Some of Mr. Carlson’s private remarks about Mr. Trump are difficult to square with the praise he has lavished on the former president publicly. At times, the host and his producers were gleeful about what a news cycle without Mr. Trump would look like. And they cheerfully predicted his waning power as a political force.

“We are very, very close to being able to ignore Trump most nights,” Mr. Carlson wrote to members of his staff on Jan. 4, 2021. “I truly can’t wait.” “One producer replied, “I want nothing more.” Then Mr. Carlson responded, “I hate him passionately.”

Blabber mouth Marjorie Taylor Greene, Tucker Carlson and President-elect Donald Trump in July 2022. Greene’s husband divorced her in Sept. 2022, apparently due to her repeated infidelity. While their settlement is sealed, the Greene’s are considered quite wealthy. MTG purchased \$50,000 worth of shares in Trump’s social media venture, Digital World Acquisition Corp. Always good to leech onto a billionaire. [Marjorie Taylor Greene Complains About Her \\$174,000 Congressional Salary](#), Feb. 3, 2023.

Excuse me while I get out my hanky and weep for her constituents who struggle to make \$40,000 a year: "[Marjorie Taylor Greene](#): "Becoming a member of Congress has made my life miserable. I made a lot more money before I got here. I've lost money since I've gotten here. ...It's not a life that I think is like something that I enjoy because I don't enjoy it." Are you listening out there in Greene's district? Remember her words in the primary next year.

But, for whatever reason – and you can bet McCarthy huddled with handlers about how to snooker conservatives after the mid-terms to "deliver" – I do appreciate that those tens of thousands of hours of video are now available and what we've seen so far clearly shows the truth and I pray it will get all those still jailed out on bail as quickly as can be done.

I would speculate that at least half the country has no idea what really went on that day or how the 'J6 prisoners' and those already now sentenced were/are being treated. No idea it was a set up by Nancy Pelosi and co-conspirators. Oh, YES IT WAS. Democrats and likely many so-called independent voters also likely have no idea other than the constant screeching it was an insurrection.

There is a world of difference between vandalism and an insurrection.

How many Americans know a majority of those jailed – some now for over two years – were beaten, had teeth knocked out, denied medical treatment and some in solitary confinement for MONTHS? Like so many others, I have repeatedly asked why have most of them guilty of nothing more than misdemeanors been thrown into jail, not charged and left to rot, denied bond? SHAME, SHAME on those who work in the jails where American political prisoners have been treated by THEM; no different than a jail in No. Korea or China. I guess your paycheck outweighs courage and guts to stand up and say, no, this is wrong.

Go ahead and look in the mirror you cowards. I filed a fraud, waste and abuse complaint with the USAF Inspector General against my own job (GS-11). At the time I worked at Peterson AFB, Air Force Space Command NORAD. I became a whistleblower; back then, whistleblowers had little protection. I knew I would lose my job and I did, which financially was painful but I did what I knew was right. An audit was done and the IG determined I was right, but by then the damage was done.

The same as Joe Banister when he told the truth and resigned his \$80,000 a year job as a criminal investigator for the IRS. He could have been found guilty and sent to a federal pen but thank God, the jury saw through the government's lies in a federal court room. Joe Banister paid a very high price just as those Americans who made an error in judgement on Jan. 6th but **who've been treated worse than terrorists down at GITMO**. I am not exaggerating.

Well, now the truth is coming out and Bennie Thompson's BS is just that: [Former J6 Committee Chairman Bennie Thompson Claims He Didn't Have Access to January 6 Footage](#), Jan. 9, 2023. Now that Carlson has released a tiny portion of the tapes, Thompson plays dumb (which he is) *when that committee had subpoena power*. All he or one of his hacks on the committee had to do was call thoroughly corrupt FBI Director, Christopher Wray and tell him point blank: We need ALL videos taken on Jan. 6th now or we'll subpoena them.

Those not on the government's payroll that day made bad decisions – like breaking windows and other vandalism. Misdemeanors who should have been bonded out right away. Yes, it was the Capitol Building but these were just frustrated Americans whom I'm sure would have gladly paid a fine and done community service. Instead, many have gone bankrupt, lost their homes while they rotted in jail and had their lives absolutely ruined. Something Trump had NOHING to do with before or after.

Three days before that fateful day – and proven – Trump repeated several times in meetings: do you need the National Guard or more law enforcement as there had been ‘intel’ thousands were going to storm the capitol? He was told no and was then blamed for Pelosi and her co-conspirators causing the chain of events that became a political cannon for RINO’s and members of the Democrat/Communist Party USA who would sell their own mother to “get Trump”.

Now that drips have been aired, two U.S. Senators, corrupt liars and crooks, went berserk big time: [McConnell Says It Was a “Mistake” For Tucker Carlson to Show January 6 Footage That Government Fought to Keep Hidden](#) (VIDEO): “It was a mistake in my view for Fox News to depict this in a way that’s completely at variance with what our chief law enforcement official here at the Capitol thinks,” McConnell said.”

In your view withholding the truth from the American people, those prisoners and their attorneys is just fine? Schumer is like rancid meat in Texas heat.

Now the truth is finally exposed but will it continue from Carlson? The rumor mill says FOX – and porn king Rupert Murdoch is still the head of the clan – Carlson needs to be reined in and “tone it down”. The federal judges involved for all the J6 protestors should be impeached and I mean it. The one who surprised me is federal judge Royce Lamberth who did not let Bill Clinton off the hook for political reasons when Judicial Watch went after him. Lambreth is a Reagan appointee, age 79 and if he had one ounce of decency, would retire now. [See Julie's tweet on him.](#)

Julie Kelly has been on this from day one. U.S. Constitution: Amendment VI

“In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.”

Counsel for many were federal defense attorneys who cheated their clients by not playing to win. **Due process – completely absent.** No bonds, no bail, just jail them, put the threat of even longer prison time on the table, throw them in solitary confinement, breakdown of their families, bankruptcy. Offer a plea deal and those who simply couldn't take it, took the plea deal. **Exculpatory evidence was deliberately withheld by DOJ.**

The J6 committee of LIARS likely knew there were videos being held by DOJ and said nothing. Get Trump is all that mattered and, in the end, they didn't, but Trump's legal bills exceed \$10 million dollars so far for all the witch-hunts and election fraud. Well, now the whole country knows the tapes exist and everyone wants a set of them – especially J6 Americans now serving time and those still in that hell hole jail in DC.

I can tell you as sure as the sun shines: If I were in the U.S. House, I already would have filed articles of impeachment against all the judges assigned to those J6 individuals who violated their rights.
