

Joe Biden Sez Trump Promotes White Supremacy in Code

This explains it all. And it is classic. All the hate filled words Democrats say that Trump said were actually told in code by Trump, this way nobody would know—so burped Joe Biden on CBS TV News today, Wednesday August 7th. I kid you not. This columnist saw that news cast. So President Trump promotes White Supremacy in code that all hearers can instantly translate. The Demwits constantly put other words in Trump's mouth such as hate speech, but it did not really sound like hate speech since it was in code dontcha know.. So who decodes that code? According to Creepy Joe, President Trump is a Code Talker while he, Creepy Joe, is the national code breaker. Now this is getting better and better.

The demoncrats are constantly putting words in President Trump's mouth as they "quote" something he supposedly said, which he didn't. This a good example of residue of a bull. If a democrat would be releasing this story that description would have been more explicit which is compatible with the speech patterns of the Left.

Like most of the nation, this columnist is still reeling from that last Democrat Debate to see who would be the best of the best of the sunburned crop to dethrone President Trump. Ten democrats were on that stage to present their case. Even though each had a time limit to answer a question they all spilled over that time barrier, refusing to honor the time constraints and kept talking as the moderators with rising voices told them that their time was up. It got to the point that everyone on stage were loudly talking and arguing at the same time. The whole thing resembled group therapy more than a political debate. On second thought:

The democrats are in panic trying to portray themselves as

someone they are not. They are sponsored by George Soros and the Communist Party USA. They portray themselves as good people who want only the best for America. Yeah, sure. They want only to have America join the New One World Order, which will be a total communist dictatorship. They are NOT patriotic Americans.

At one time there were insane asylums in every city in America. As a working chaplain I visited some of those. Everyone in captivity tried to make me think they were someone else. I met "movie stars" there, "prominent leader"...you name it. It reminds me of a story I heard. In one asylum, all the inmates broke out. They were finally found, rounded up, and returned to the asylum, standing in line before a desk with a very irritated official behind it.

He spoke to the first in line asking, "What is your name?" "Napoleon" said the man. More irritated than ever the man behind the desk replied, "And who gave you that name?" "God did" the man answered. A man further down the line yelled out, "I DID NOT!"

We have many in society today who honestly do not know who they are, so pretend to be someone else, even someone of a different sex. It makes the world a very confusing place. The Democratic Party in general have no idea who they really are as one could see during that last debate. Even so, Bernie Sanders is an avowed Socialist, being one step from Communism, which supports the entire Democrat Party. One thing for certain, they are NOT patriots as they pretend to be. And they are not civil as shown on stage as they flung darts at opponents trying to disguise it as humor.

However, they ARE liars..President Donald Trump has done more for this country during the time he has spent in office, than all past presidents who went through full terms. Our economy is soaring. unemployment is at an all time low and people in

general are better off than before. And it is a total lie that he is a white supremacist, or is a racist. President Donald Trump has put more black people into executive positions than any other wealthy businessman on earth. He is not even taking a salary for carrying out the vast duties as President of the United States.

It was a MAJORITY of the people, over 68 million, who voted him into the Oval Office. He is who the American people wanted to lead this country. Meanwhile the democrats are using the old formula for destruction...to repeat a lie often enough that the people believe it. Anyone reading this can come up with several such instances like Russia interfering in his election.. NONSENSE! And yes, Mueller DOES look like Frankenstein.

Democrats are crude, rude, immoral, dishonest and hate America. They are of their father, the devil. John 8:44.
