

Joe Biden's Deliberate Invasion of America

By Frosty Wooldridge

January 29, 2024

Gosh darn! After three years of Biden's open borders and 9.6 million illegal aliens now living off our tax dollars, as well as destroying our laws, the House GOP wants to bring impeachment proceedings against the director of the Department of Homeland Security Alejandro Mayorkas. Note that Mayorkas has broken every law on the books. He's aided and abetted all those 9.6 million illegal aliens. He's as guilty as the worst criminals in government in U.S. history. He's aided drug traffickers who have killed over 200,000 Americans as to drug overdoses. He's aided sex traffickers to bring girls and other children into our big cities. He's aided and abetted Islamic terrorist to set up terrorist camps in America. He's caused our cities and schools to go bankrupt. But note that he's doing everything his boss, Joe Biden, wants him to do.

Speaker Johnson KNOWS the impeachment against Mayorkas is dead on arrival in the U.S. Senate because the democrat majority WANTS as much illegal alien migration as possible. Those people are out to destroy our country...and they are doing a bang-up job of it.

I'll bet you can't wait to be the first victim of a Muslim terrorist attack. You know it's coming, and you know some of us are going to die. Or, you'll be the victim of an illegal alien drunk driver. Or, your daughter will be raped by one of them. Or, you'll lose your job to one of them. Or, they will

be perched outside your home ready to rob you when you go on vacation. Or, your schools will be trashed with their kids. Or, your school lunch programs will be overwhelmed by their numbers. Either way or whatever way, we, the American public faces an endless crisis because of Biden's invasion.

Have you ever seen a more useless body of men and women as those 535 scoundrels pretending to serve the American people? Have you ever seen such waste, stupidity and outright incompetence as those elected officials in Washington DC? Give billions to Ukraine's to preserve their borders, but allow our borders to be overrun!

But then, you must look at the governors of those 25 democrat controlled states. They are as useless as the senators from those states. Then, you have to look at the mayors of the big "Sanctuary Cities" that welcome the nightmare of illegal aliens. But once the numbers overwhelm them, they want your tax dollars to pay for all of it. They are fools, idiots and just plain morons to welcome 9.6 million illegal aliens.

The fact is, this illegal immigration nightmare warrants a whole new turn-over of lawmakers. We need Senators and House Members who will actually abide by their oaths of office—to uphold the U.S. Constitution.

Who are the 33 percent of Americans who think that senile, frail and totally incompetent Joe Biden is doing a GREAT job as president? Where and how did they get THAT stupid to think he's just a wonderful president?

Last night on the news, California Governor Gavin Newsome praised Biden's work. At the same time, his state runs a \$60 billion debt. He's got 4 to 5 million illegals in his states. He's got the world's largest illegal underground economy. His prisons are loaded with illegals. His schools are awash in languages, illegal aliens, free lunches and lowered academics to the point that no one graduates with any knowledge or

skills that would make them productive members of our society.

This “thing” won’t end well for any of us. Biden and the democrats are creating an intractable welfare state of foreigners who live off our tax dollars. At some point, we won’t be able to pay the interest on the \$35 trillion national debt. At some point, we won’t be able to hire enough cops to fight the incredible lawlessness going on in our cities. At some point, we won’t be able to deal with the millions of illiterate inner city youth that don’t know an “A” from the letter “M.”

As I’ve said before, we need an educated, moral and ethical citizenry in order for the U.S. Constitution to function. Do you think we’re going to keep it at this rate? Do you think we’ll get hold of the \$100 billion in shoplifting now going on annually across this country? How are we going to maintain our culture when Biden is importing every kind of culture that has failed its citizens from around the globe?

We need to vote out 90 percent of Congress if we hope to survive even to 2030. We’re in serious DEEP you know what!
