

Kaepernick Finances Abortion Clinics

This piece is admittedly published with bias against the subject, Colin Kaepernick. This writer is a veteran who was hit with Mustard Gas during the Korean Conflict which left me with severe lifetime health issues including horrific constant pain that I live under to this day.

So to see millionaire football player Colin Kaepernick literally spitting on the American Flag, the flag I served under, and the flag that gave this black man the opportunity to become a wealthy football star, makes my blood boil.

Kaepernick gave \$25,000 to *the Center for Reproductive Rights*, which carries out the slaughter of pre-born babies. This is the outfit who took part in the Celebration of the 40th Anniversary of Rode Vs. Wade with the tag line: "*Happy 40th Anniversary, Baby.*" This is not only sick, it is depraved. How can anyone hate little babies that much?

Kaepernick gave another 25 grand to the Lower East Side Girl's Club including \$8000 for travel to Detroit to march with with radical pro-abortion women.

Birds of a Feather: Nike who recently announced that their new spokesperson would be Colin Kaepernick, gives matching grants to the nation's biggest abortion chain.

He is able to do these things due to the money fans have given

the ticket office to see him play with the NFL.

Here is what this rich black “persecuted” man has to say about America: **“Radicalized oppression and dehumanization are woven into the fabric of our nation.”** Really!

Oh yes, it has been reported that Kaepernick has a Muslim girlfriend and has himself become a Muslim. Figures.

This bag of trash should be railroaded out of the United States of America without delay.

Woman Pastor Pushes Abortion, What?

Over the centuries, continuous controversy has played out over women being ministers and pastors. One objection is that women are driven by emotions which cloud accurate biblical decisions, such as performing same sex “marriages”. Others point

to the Bible declaring that there is no place in the Bible showing that women should to be ordained.

Alicia Baker, an ordained minister from Indianapolis went to Washington, D.C. on September 7th (last Friday) to testify against the approval of Supreme Court Nominee, Judge Brett Kavanaugh. She bolstered her testimony by stating, now get this, ‘the Bible endorses forcing Christians to fund abortion drugs.’ **How’s that again?** What Bible is she reading??

Baker urged the Senate to oppose Kavanaugh’s confirmation because of his decision to grant religious exemptions to the Obamacare HHS mandate.

Ms. Baker remembers that In 2015, Kavanaugh sided with Priests for Life in its challenge of the Obamacare HHS mandate while serving on the U.S. Circuit Court of Appeals for the District of Columbia. He said the government should not force religious employers to provide drugs and devices that may induce abortions.
