

Kamala, Biden & Zelensky to Start a War With Russia Before Election?

As a natural disaster threatens Florida, by the name of Hurricane Helene, a series of man-made disasters are already underway in America as a whole.

Conservative activist David Bossie has released a new film, "[Trump Saves America](#)," but it was in production as Trump almost lost his life – not once but twice.

When Jonathan T. Gilliam, a 20-year U.S. Navy SEAL, said the obvious – that the Democratic Party wants Trump dead – Fox Business host Stuart Varney promptly [censored him](#) by cutting off his microphone and dismissing the claim as a “conspiracy theory.”

As Kelleigh Nelson has noted, in a [column](#) examining the Democratic Party’s rhetoric, what is happening to Trump is the inevitable result of a coordinated campaign to frame Trump as a “threat” to democracy and target him for death. Biden himself put a “bullseye” on Trump before the first assassination attempt.

Another big question in the world as a whole: who will save the world from the approaching apocalypse? We called it the "[final solution](#)" for America and Israel in our book on the *Red Jihad*.

Israel is fighting for its survival but America is barely hanging on.

Don't think that genocide is reserved for the Jews. In one of my recent programs on my new Rumble channel, military veteran Jimmy Pera [described in](#) detail how the Biden/Harris Administration facilitated the Taliban terrorist takeover of the entire country. Pera was involved in the effort to save Americans and Afghans.

Pera was involved in the effort to save Americans and Afghans.

I was forced to find an alternative voice on Rumble when Google's YouTube terminated my account, eliminating almost 500 pro-American videos. [Please follow my new channel and subscribe.](#)

In this regard, a "[Rescue the Republic Rally](#)" is being held in Washington D.C. on September 29th, 2024. A diverse line-up, including Jordan Peterson, Senator Ron Johnson, and RFK Jr., has been announced, designed to protect our First Amendment rights.

As Bossie indicates in his new film, Trump does indeed have a rescue mission. If he can survive, perhaps the country can survive as well. Watch his new film and help those of us who have tried to avoid the censorship by starting our own channels on [outlets](#) like Rumble.

Meanwhile, Trump just announced something we all know is true – that the terrorist regime in Iran has been trying to kill him. However, Trump has now been personally briefed on some of the threats. It seems a little late.

In this regard, we have learned that that an American recruiting foreign mercenaries for Ukraine, Ryan Routh, tried to take him out as well. Then we were faced with the odd spectacle of Ukraine president Zelensky showing up at an American arms factory in Pennsylvania, trying to drum up votes for Kamala Harris.

Based on their treatment of would-be assassin Ryan Routh, who traveled to and from Ukraine, it looks like there may have been complicity by the government of Ukraine in the second assassination attempt.

Routh's son, also an anti-Trump activist, was arrested on child porn charges, a development some suggest may be an effort to keep him quiet about his father's activities.

A New York Times story about how Zelensky is demanding missiles and permissions to strike "deep Into Russia" indicates where we are heading. If a Biden/Harris decision to allow these missile strikes happens before election day, a war between the United States and Russia could break out in a matter of weeks and the November 5 election could be cancelled.

As geopolitical analyst J.R. Nyquist told me on an [ASI TV show](#), America is vulnerable to a nuclear attack from Russia.

Despite the odds against him, on my [new America's Survival TV show](#) on Rumble, Bible prophecy expert Richard Palmer predicts that Trump will return to the White House, and he's been saying this for years, even before the assassination attempts.

I am a journalist, not a Bible prophecy expert, but Palmer's publication, The Trumpet, has been right on target with many of its reports, including the book, "[America Under Attack](#)," about our current circumstances.

We are faced not with incompetence but a deliberate design, in which global forces are determined to eliminate Trump from the

political scene and reduce America and Israel to rubble.

Meanwhile, the Financial Times, a globalist publication, has announced that, during his address to the United Nations, Joe Biden made a “plea for democracy.” This is the guy who put a bullseye on Trump’s head before the first assassination attempt.

As wars continue in Europe and the Middle East, Hezbollah has fired a missile at Tel Aviv in the deepest strike yet in the war to the north of the Jewish state involving Lebanon. The Hezbollah strike was designed to destroy the Mossad HQ in central Israel.

All of this is occurring as the United Nations crafts a “Pact for the Future” that envisions a world government financed by global taxes. I wrote about that in [my 1997 book](#) on the U.N.

In this context, another United Nations “peacekeeping operation” in the Middle East known as UNIFIL has been exposed as a fraud. It was “created by the Security Council in March 1978 to confirm Israeli withdrawal from Lebanon, restore international peace and security and assist the Lebanese Government in restoring its effective authority in the area?” That is from the [official](#) United Nations language.

In fact, the country is dominated by Hezbollah.

Coincidentally, I received an email from the Washington Post advertising a new article titled, “How to bring more joy into your life,” echoing the campaign of “joy” being waged by Kamala as she is showered by endorsements from the likes of Taylor Swift and Oprah.

The Post is a despicable publication, much like the Financial Times, which conceals the true nature and state of world events. It earned Pulitzer Prizes for fake Russia-gate stories.

If you want joy, as I have learned through four decades of work exposing liberal media bias, you must ignore the Big Media and seek alternatives, like I have done with Rumble.
