

Kamala: If Elected, I Wouldn't do Anything Differently

Pre-November 5th, while interviewing on the crackpot TV program, “The View”, candidate Kamala Harris found herself with the best question ever asked during her run for the presidency.

“If you had the last four years to do over, what would you do differently?” asked one of the hosts.

Kamala answered, “Nothing comes to mind.” THAT response became one of the biggest reasons the American people voted Trump into the White House. It showed that privileged people in high places could care less about what happens to ordinary Americans.

Yesterday, the iconic trial of illegal alien Jose’ Ibarra, who brutally murdered, raped and disfigured nursing student Laken Riley at the University of Georgia—came to a dramatic finish. That monster received two life sentences without parole for killing Laken Riley.

Joe Biden and Kamala Harris wouldn’t change a thing over the past four years. While Joe Biden doesn’t know what day of the week it is, or what year it is, or where he is—Kamala was the last person in the room during each decision that got countless Americans raped, killed or robbed. She’s guilty of

high crimes and neglect for her roles in those deaths. Both of them stand responsible for Laken Riley's death. Both of them stand responsible for the 13 military personnel killed during the withdrawal out of Afghanistan. Both of them stand guilty of 250,000 American deaths for from drug overdoses that Joe Biden and Kamala caused because of open borders.

Worse, they KNEW they were inviting international criminals, drug cartels, terrorists and worse into our country. They knew that hundreds of thousands of children would be trafficked into America. They KNEW terrorists would converge on America to plan and carry out more 9/11 events, big and small.

We watched the final statements of Laken Riley's roommates, friends, and family. Tear-filled, painful recollections of her happy, laughing and runner's life before Ibarra's bludgeoning her to death!

Then, you find out that the Governor of New York, Kathy Hochul, and Mayor Adams of New York City--let Ibarra back onto the streets after he attacked another girl. That governor and mayor stand by their lawless support of "Sanctuary City and State" to allow criminals to roam free to kill, rob and distribute drugs. Hochul and Adams should be locked up for their part in Laken Riley's death.

But then, you travel to Chicago, one of the deadliest cities in America to live in and die from gun shots, and the governor of the state, Pritzker vows to prevent Trump from deporting 50,000 of Pritzker's illegal aliens out of his "Sanctuary State." Who cares how many of those illegal aliens will kill endless numbers of Americans.

In other words, we have leaders like Joe Biden, Kamala Harris, AOC, Ilhan Omar, Rashida Tlaib, Maxine Waters, Nancy Pelosi, Charles Schumer and many more House and Senate members who support crime, criminals, drug dealers and terrorists. Those leaders stand against our laws and against the American

people.

You've got WOKE women Congressional critters standing up for a "Transgender" male House member to take a leak in a woman's bathroom, and to shower with women. He's pathetic and the people who support his mental illness are doubly sickening.

We're talking about some really pathetic people voted into office who do not and will not abide by our Constitution. AOC needs to be returned to bartending, or better yet, cleaning toilets. Omar needs to be deported back to Somalia. Rashida Tlaib needs to go back to Palestine. Maxine Waters needs to repeat the sixth grade. House Member Hank Johnson (D-GA) needs to return to the third grade because he didn't pass geography or science. Charles Schumer needs to retire to an assisted living home right next door to Joe Biden's room. Those people prove themselves calcified fossils.

Let's face it; somebody besides Joe Biden has directed this country for the past four years. It sure as hell isn't dementia-ridden Joe Biden. Whomever writes his speeches controls our country. That person, or persons, engineered opening our borders to over 15 million illegal aliens. Their intent remains clear: to destabilize America, to see terrorism manifest, to break our civilization into ethnic enclaves, and to totally bankrupt us. Not to mention, poison our citizens with endless overdose deaths and addictions.

Thus, for Kamala Harris to pretend that she deserves anything more than disdain from Laken Riley's family, and residents from all the cities and towns like Springfield, Ohio, and all the military families who lost loved ones—Kamala should examine herself, find incredible incompetence and escape back to Jamaica or India. We certainly do not want her in America.
