

LIB-otomy: The Political Procedure Which Removes Rational Thought

By Kat Stansell

April 6, 2024

In today's world, there are thousands of serious cases of walking wounded – those who have listened to so many lies and SO much trash from the Left, that they have lost the reasoning portion of their brain. I call them, the LIB-otomized, where liberal BS has rendered them incapable of thinking rationally.

Stay tuned. This gets deadly serious. Zbigniew predicted it.

This Mad
Bovine Fecal
Disease
(MBFD),
otherwise
knows as
insane BS, is
political in
nature, much
like the

Shortly, the public will be unable to
reason or think for themselves.
They'll only be able to parrot the
information they've been given on

AL QUOTIS

Scamdemic. It is grown in a Luciferian laboratory of the minds of madmen who want to rule the world.

MBFD infests the gray matter via an ear worm, called “talking points”. The more you hear the same garbage, over and over, from the main stream media, the more infected you become.

Eventually, the victim loses all ability to think rationally. Funny that Big Pharma hasn't pumped out a drug for this yet. The Lib-otomized love their products. Maybe...some of the drugs today are to turn the rational, irrational...just a thought.

The most gravely ill actually believe that enemies of the State, like Obama, Biden, Austin, Yellen and the rest, are doing a good job.

The LIB-otomized are easy to spot. They often scream skyward, or dress as the wrong sex. They use infanticide as birth control. They hate the Church.

Today, I read a White House proclamation that Easter has become "Transgender Day of Visibility". Clearly, submitted by Obama and mouthed by his teetering stand-in, Biden, whose last shreds of rational thinking disappeared decades ago. Life, to them, has NO value, and they see NO miracle behind it.

Electing Donald Trump will mean "The end of our democracy", they moan. "Democracy" IS "mob rule". They need THAT to stay. They want mob rule, until they begin to knock off their lemmings who have followed them to the edge of the cliff.

"If he wins, there will never be another election, ever", intones Michael Cohen, a post-"45"purchase of the Left. Don't you love THAT, coming from those who have been 'fixing' elections for decades? Just know, if the Left should be allowed to keep invalidating your political choices, elections won't matter, anyway, and that is their plan. This is the reason behind my years-long focus on returning integrity to our elections.

AH, but Trump is the Evil one who promised a "bloodbath" if elected. He, of course, said something VERY different. Those in full possession of their faculties heard the comment as he spoke it, which referred to the demise of the US auto industry should another term of the climate alarmists be forced up our tailpipes.

Those who can still think for themselves know that Trump is our only answer to retaining our freedom. The high volume of the howls from the Lib-otomized proves it.

“We are Killing Mother Earth” they shriek, with a mentally ill young Swedish woman as their high priestess. “We must bury all CO2!!” – that, which allows life on earth. Those who have not succumbed to a Lib-otomy, know the REAL science to follow, of course. CO2 is a key to the process of photosynthesis by which plants use it with water and sunlight to grow so that they may produce oxygen for all living things. You get the picture. Get rid of CO2, get rid of life.

Ah, but don’t try to look anything up on the internet.

“Fact-checking” is one of the main ways the bogus information is inserted into the human brain.

It has become a huge industry. I call them “Fact-chukkers” because they make sure to discard any real facts. Snopes, Politifact, Media Matters (Soros), and Correct the Record (Hillary) are some of the most partisan. Add to these, the Washington Post, the NY Times, and you can be assured of finding one or more fact-checking sites, which ALWAYS come up first, on any internet search you might make. To them, LIES = FACTS, and, of course, the truth is a lie.

During each search for “controversial topics”, like the truth about something, or someone, I often have to go through 2-3 pages of Chukking, before real facts surface.

Along with the main stream media, fact chukkers spoon feed the pabulum for the LIB-otomized to swallow.

Hint: the quickest way to learn what’s really going down is to believe EXACTLY the OPPOSITE of what the Left says. It works about 99% of the time!

Every once in while, just for the fun of it, I like to choke

back my disgust and dig a little deeper into some of the spew coming from the Left. It lightens my mood, for a second or two...

I often read the Orlando Sentinel, a central Florida online paper, and have found some things factually informative. They are not fans of DeSantis. Neither am I, at times, as you know. I've told you my reasons why, and left it up to you to decide.

My favorite thing about the Sentinel is their unfailing bleating about their adversaries aka, conservatives, being, **"unconstitutional"**. They've [hacked away at DeSantis about his "don't Say Gay"](#) mandates, and other dealings. The Sentinel says that DSG was to protect "snowflakes" from hearing things with which they might disagree. (Who are the "snowflakes"?)

OK. Don't gag yet...Their OPENING SALVO in the article states, *"Florida politics has become so routinely ridiculous that you might be prone to tune out a lot of it, figuring it's just typical theatrics. **BUT, you should never ignore politicians who are trying to strip you of your Constitutional rights.**" My stomach turned.*

EXCUSE ME????? WHO IS TAKING AWAY OUR CONSTITUTIONAL RIGHTS!?!?!? It is their own party in our nation's Capitol, the one that is proven to have stolen the election in 2020, just missed in 2016, and openly talks of doing it again. They are the party that wants to take away your freedom to speak your thoughts; to defend yourself and your home; to choose the fuel you use with which to heat and cook and the vehicles you drive; your right to own your own home, or even to make your own health care decisions! WHO IS SHREDDING OUR FOUNDING DOCUMENTS??

While this kind of idiocy is either utterly laughable, or totally nauseating, depending on your mood – **it is a perfect example of LIB-OTOMY in action.** Just keep spewing and soon (they hope) people will believe them, *without thought*. In a

comparison of Conservatives vs. Dem/Globalist/RINO, we all know who is destroying our constitutional bedrock.

The Sentinel is seeming to confuse America-first conservatives with the RINO/Globalists to which their party belongs. I'd expect a responsible media to "get it" by now. But, maybe it's just not in their marching orders.

Remember, this libotomization project is about control. I joke to keep what's left of my sanity. Know that, if a majority of people stop believing the the mainstream lies, they will move on, if we let them. And the next moves are deadly.

[Zbigniew Brzezinski, Sr. Advisor to Barrack Husein Obama, said, in 2008, "It is easier to kill a million people than to](#)

[control them.](#)" In earlier times, he'd opined that it was easier to control a million people than to kill them. He felt that, in 2008 with a Muslim in control of the White House, it was the perfect time to turn this around – to make the millions EASIER TO KILL THAN CONTROL.

"The technotronic era involves the gradual appearance of a more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values. Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the citizen. These files will be subject to instantaneous retrieval by the authorities."

Brzezinski feared that the capacity to actually control the masses had been "at a low" then. Enter Obama, and it was time to switch to the kill mode. The Globalist conquerors needed to

get moving, and the “election” of Obama was the perfect scenario.

This is the underlying modus operandi of everything we see today. Let your mind draw it all together: stolen elections; the border invasion, the coordinated messages from the MSM; Obama’s third term using the dimly-lit Biden as a prop; the unprecedented and astounding lawfare against American patriots; the hundreds of attacks on our food and fuel supplies. This all helped with what **Mika’s** daddy was advocating – killing off the masses.

The technology now exists to render the final blow to us, and it is being brought online as fast as they can: artificial intelligence, digital currencies, WHO control of your health, and so much more.

Zbigniew Brzezinski didn’t get to live to see his dreams come true. He passed away in 2017, after leaving his mark from the LBJ administration to that of Obama’s. I believe we know where is his soul, today.

I pledge to you that I will do everything I can to keep those evil constructs from becoming reality. We who love our freedom MUST work together to make it happen. No one candidate for POTUS can change the trajectory. Local action, once again, is the real power.

The enemy of our liberty is crazy with a deadly purpose. Never underestimate their hatred for us or our amazing Republic – OR FOR US Today’s control is becoming the kill. Brzezinski said that that will be so much easier...

I will be back with how we can turn this around. If we hurry.
