

Lies Of The Left, Part 2

The liberal left has been lying to the American people for decades and the MSM has followed along with their lies supporting the undermining of our country. In a meeting of the Trilateral Commission, an anti-American organization founded by David Rockefeller, he bragged about how the media had kept quiet about the intentions of the Commission to the American people. IN a 1991 meeting of the Trilateral Commission Rockefeller said this: ***“We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the work is now much more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national autodetermination practiced in past centuries.”***

The media's silence on this is treasonous at best. David Rockefeller was even proud of the fact that he and his family were traitors. On page 405 of his autobiography Memoirs he states this: ***“Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as internationalists and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that's the charge, I stand guilty, and I am proud of it.”*** Again, media has remained silent about these acts of treason because they are right in the middle of it.

Even Hollywood has become part of the left-wing attempt to tear America down. Strisand, Baldwin, O'donnell, Cher, Ashley Judd and the list goes on of the members that outright hate

President Trump. They all promised to move to Canada, I guess Mexico wasn't good enough, if Trump was elected and they all lied. None of them can speak the truth about what Trump has accomplished and any time one of these fools opens their mouth the media is there to cover every word they say. MSM has always misrepresented what Trump has said or tweeted. In a tweet about MS-13 gang members MSM removed all mention of MS-13 and said this was a comment about illegal immigrants: *When Trump's comments first made waves, it sparked a wave of [blatantly misleading](#) tweets and stories that omitted the MS-13 context to say Trump made the comments about "immigrants" or "illegal immigrants." The lame and tenuous arguments for that framing are moot this time around. It's just waaay too much of a leap in logic to take comments about illegal immigration generally and MS-13 specifically, and frame them as specifically about a different, sympathetic subset of legal and illegal immigrants.*

You didn't need a photographic memory or an encyclopedic knowledge of Trump quotes to realize the video was a rehash, just to follow politics and remember controversies that dominated headlines. That seems like a low bar, but it was a bar that dozens of major political figures failed to hurdle.

I honestly can't quote or embed every major Democrat or media figure who fell for this tweet, because this piece would go on for several pages. Instead I'll hyperlink and list them out in a run-on sentence: Presidential candidates [Kirsten Gillibrand](#), [Beto O'Rourke](#), and [Pete Buttigieg](#), Representatives [Ilhan Omar](#), [TJ Cox](#), [Crissy Houlahan](#), [Jimmy Gomez](#), [Frank Pallone](#), and [Yvette Clark](#), DNC chairman [Tom Perez](#), Pennsylvania AG [Josh Shapiro](#), the [Delaware Democratic Party](#), The New York Times' [Janelle Bouie](#) and [Glenn Thrush](#), former Obama staffers [Ben Rhodes](#) and [Jake Maccoby](#), CNN's [Christopher Cuomo](#) and [Ana Navarro](#), ThinkProgress' [Josh Marshall](#), gun control activist [David Hogg](#), disgraced journalist [Dan Rather](#), MSNBC's [Joy Reid](#) or maybe her hacker,

and the NAACP's [Sherrilyn Ifill](#). [1]

When the majority of Americans are uninformed, by choice, it is easy to sway them in a direction that favors the liberal agenda. Politics has gotten so bad that people no longer follow what DC is doing because it disgusts them. This is totally the wrong approach. We must be aware of their shenanigans, which is exactly what they are, and we must oppose them. Trump has made us very aware of the 'Fake News' which consists of 95%+ of media. Now even one media source in left-wing land is siding with Trump. ***Blasting Democrats and the American media as fake news is something that's almost an everyday occurrence for President Donald Trump.***

But now, a major U.S. newspaper is jumping on the bus.

The editorial board of the Boston Herald published a [piece](#) on Monday titled "Democrats and toxic media at their worst," revealing how top names in the news business intentionally twist the president's words to mislead and divide the public.

"The left and its compliant media are willfully reporting false news to the American people," the Herald's editors said.

"Whether it is a symptom of mass hysteria that is the genesis for this confirmation bias-style reporting or an intentional maneuver to spread anti-Trump propaganda, its effect is toxic and pernicious." [2]

There was a time when what was reported in the newspaper was proper information, relevant to what was needed to maintain a civilized society but that hasn't been the case for over a hundred and fifty years. It has become a publication for indoctrination into the leftist agenda. Virtually all media has gone down that road. Laws are being presented that will make opinions different from the government approved opinion illegal. There is one state that is beginning a data base on these non-conformists: Michigan Attorney General Dana Nessel – who, for all intents and purposes, [looks suspiciously like a](#)

[transgender](#) – has decided [to launch a full-scale crusade against the First Amendment.](#)

According to reports, Nessel is planning to create a “hate crime unit” as part of Michigan’s government, the purpose of which won’t necessarily be to prosecute “hate crimes” – which aren’t a real thing anyway, by the way – but to actually police the speech *and thoughts* of Michigan residents to make sure they align with official government ideology.

By creating a database of people who think for themselves, Nessel is on record as stating that she plans to keep an all-seeing-eye on people who commit “thought violations” – which aren’t real crimes, according to the United States Constitution.

“It is important to understand that these are not convicted criminals or people who[m] the state has reason to believe have committed or are planning to commit a crime,” writes Jay Lorenz for *FashTheNation.com* about the people Nessel is planning to target with her unconstitutional “hate crime unit.”

“The new database is specifically designed to target law-abiding Americans,” he adds.[3]

When you think about it there is only one reason for this kind of data base and that is to criminalize these people when the left is back in power. If you don’t believe this, you’re asleep.

This is not the America most of us grew up in. This is the beginning of Hitler’s 1930’s Germany. Why is this happening? Because when you don’t teach history, which we don’t, we repeat all the mistakes from the past. Totalitarian governments have always ravaged societies and always will. Those that want that type of government will always keep it quiet. Notice that the Democrats are having the statues of those that supported slavery removed so there is no evidence

of its horrors. They do this because they want to bring it back and if we know how bad it really was, we will resist it. They want no resistance.

Lincoln said that America would not be taken down from an outside force, but it would collapse because of corruption from the inside. It is happening now yet most people don't see it. How long will we last if we no longer are awake?
