"A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed"-2nd Amendment of the Bill of Rights

Over the last 3-4 months, we have been working on a Second Amendment documentary with James Gillette that highlights constitutionally who we are and what our God-given rights entail (Hosea 4:6). This is to confront those who are attempting to drive an un-American narrative by indoctrinating the people in hopes of overthrowing those God-given rights (Micah 6:16).

In other words, it gives an education as to who we are, not who we are not.

After watching this documentary, I believe that you will respond in such a way that I have, and that is by educating others who may not know the difference. Please share.
