

Military Dead 108,866, Wealth Looted, Freedoms Denied By Parasitic Rulers

Our enemy is the Parasitic Super Rich Ruling Class (PSRRC), billionaire families and their minions in woke corporations and government.

Many identify the PSRRC as the swamp, deep state, establishment, etc. Not to be confused with their minions in woke corporations and government,

The PSRRC makes its money by initiating wars for profit and in prohibiting tariffs. They Will do anything to protect these objectives.

The PSRRC has promoted 31 wars or incidents for profits in the last 77years (the period after WW2). We suffered 108,866 military dead, 203,005 wounded, millions of innocent civilians murdered and entire countries devastated solely for PSRRC profits.

We lost every war and none had anything to do with the national security of the United States, they were for profit of the PSRRC.

The military industrial complex of the PSRRC counts their blood money, we count our dead, and the decline in our purchasing power required to finance the wars for profit and

care for the disabled. Of course our losses are the PSRRC's gain.

All of these wars were justified by False Flag events, remember "the Bay of Tonkin" that justified the killing of 58,000 Americans and the killing of 2,000,000 Viet Names civilians. There were countless others, "Weapons of Mass Destruction" for Iraq or "911" for Afghanistan, our longest war.

The PSRRC's really ruthless greed, perfidy, duplicity and blood thirsty actions to start a war in Ukraine are unequalled

The Ukraine Nazis attacked the Russians in the breakaway provinces and blamed it on the Russians, another false flag Everything said about Ukraine by government and media is a damn lie. The two faced greedy politicians support the war in Ukraine because their donors want it for the profits.

Make no mistake, Trillions of dollars are at stake and the PSRRC will ruthlessly smear, frame, attack and murder anyone who stands in their way, like President John F Kennedy and his brother. President Donald Trump is getting the same treatment and more that the Nazis gave Jews. The PSRRC financed the arson and looting of their small business competitors in major Democrat cities by Antifa and BLM..

The PSRRC (Donors) can't tolerate President Trump's efforts to (!.) stop wars for profit and (2.) Use tariffs that would return jobs to America. Both actions reduce PSRRC's profits.

Col. Douglas McGreger Phd reported some facts in an interview with Tucker Carlson.:

"400,000 Ukraine Dead, 50,000 Russian Dead.

Our equipment is decades old.

1.4 million have left Ukraine.

It is a no win situation, Russians have 750,000 troops in reserve.

Cost to US is \$1.4 Trillion.

US military has no meaningful advantages in future conflicts.

We are short of material and ammunition and the Russians have capacity to produce and we don't. Our military posts all over the world give us no advantage and can't be defended.

Effectiveness of our military has severely declined.

We now have 43 admirals and generals with four stars which is a massive waste. They are politicians not warriors. Our active duty military is 1.12 million. During WW-2 we had 12.2 million under arms and only 7 flag officers with 4 stars."

Russia is stronger now economically than before the war and the US and Europe are much weaker on the verge of depression

LAWRENCE VANCE SAID "ALL OF THE DEMOCRATS AND MOST OF THE REPUBLICANS ARE WAR MONGERS'

Most are simply whores without any ethics, morals or patriotism; they do what the Donors pay them to do. For the last 100 years, 70% of enacted laws were unconstitutional. Legislators are below contempt.

Our demise as a Constitutional Republic started in 1913 with the income tax and the Federal Reserve Bank, along with failure to use tariffs properly.

These changes allowed government to finance wars and all manner of unconstitutional programs. Of course the income tax replaced tariffs that protected workers and kept factories in the United States. This is when the PSRRC got what it wanted (1.) the ability to finance and profit from wars and (2) the ability to profit from moving factories off shore (lack of tariffs).

Our founders gave us a Republic because they knew that a democracy was mob rule and always failed. They didn't give us

Communism which has taken over our government.

Communism has been accelerated by the rot in schools and the greed of the Parasitic Super Rich Ruling Class (PSRRC) and their Communist minions in woke corporations, government and universities

I have covered only a small part of the story in this paper because I believe that too many words discourages readership and understanding.

History teaches us that our ignorant, apathetic and dependent people will leave action to the few with courage. It has always been so.

God Bless You and The Republic
